PRACTISE DYNAMISM AND RECEPTIVITY

EDUCATION MINISTER'S ADVICE TO STUDENTS

Mysore, 10

"Dynamism and receptivity are the two virtues which both the teacher and the taught should practise; and only then the individuality of both is ensured" said Mr. A.G. Ramachandra Rao, Education Minister, here.

He was inaugurating this morning the 'Education Week' organised under the auspices of the University Extension Services, Teachers' College, Mysore.

The Minister said that the student had got to be dealt with in the school, house and play-ground. It was the cumulative effect that made the student. The teacher was also a student apart from being the teacher. Similarly the student was also a teacher. Teachers also had to learn from the students often times. Every student was a unit by himself learning all the while and teaching sometimes.

Referring to secondary education, the Minister observed that it was being made a thing complete in itself. It was not only a passage to the University but also to life. The multi-purpose school would serve this purpose. The burden of the teachers had become greater. Today, he said, they had to train students for democracy. "Treat your pupils properly to make them good teachers of the future. Future rulers are in your hands, so train them properly" said Mr. A G Ramachandra Rao.

Earlier Prof. A. C. Deve Gowda, Principal and Director of Department of Extension Service welcoming the gathering said that the Education Week was one among the six approved activities undertaken to meet together, pool experiences and discuss their problems.

MINISTER PLEADS IGNORANCE

Mysore, 10

Education Minister Sri A G. Ramachandra Rao was upset and grew wild this morning when the Pressmen approached him while he was coming out after inaugurating the Education Week, as to what course the Government proposed to take to end the strike by the students of the College of Indian Medicine.

The Pressmen told him "in your address You said that Government had provided Rs. 9 lakhs in the Second Plan for upgrading the College. What is the programme for the first year in the plan which has already commenced?"

Minister: 'It has to come from the Centre.'

Pressmen: "Why don't you assure the students about this?"

Minister: "I rather ask the Department to close the Institution than ask the students to call off the strike. Take it from me. Even now I have not been able to know their demands. If the parents had approached the Government, that would have been better."

Pressmen: "Apart from the students their parents have also been representing to the Government that their children are getting a technical training for which practical amenities are essential Their requests have been sadly neglected. Is it right?".

Minister, with a crimsoned face: "This is not the place Come to Bangalore, I will talk to you."

Students' Strike-Symptom Of Indiscipline

Mysore, 10

Mr. A. G. Ramachandra Rao, Education Minister referring to the strike by the students of the Government College of Indian Medicine said today while inaugurating 'Education Week' that the students had struck work forgetting all the while that Rs.9 lakhs had been provided in the Second Plan for upgrading the institution. To copy or to imitate the labour union methods was incomprehensible. The students had called for satyagraha, without knowing the significance or its meaning.

Characterising, this as a symptom of a disease of lack of discipline among the students' the Minister remarked that the teachers and parents were responsible for this as they had failed to give them proper training

In the meanwhile, the students of the College of Indian Medicine commenced a hunger-strike from Sept. 8 in batches. to protest against the Government apathy towards their demands. The third batch of 15 students began the 24-hour hungar-strike this morning, at the college premises. The strike is continuing.

Yesterday, the students made a demonstration before the Rajapramukh, when he came out of the Town Hall premises after inaugurating the Samuhika Sangeeth Seminar. They shouted slogans and made similar demonstrations before the Education Minister also.

Notice has been put by the authorities of the College that the examinations scheduled to be conducted from Sep. 10 have been postponed to a future date due to non-receipt of question papers.

COMMON MAN'S PARTICIPATION IN MUSIC

RAJAPRAMUKH INAUGURATES SAMUHIK SANGEET SEMINAR

Mysore, 10

"The time is now most opportune in India to train the nation's children, while they are at school and college, in Samuhika Sangeetha which will go a long way in fostering among them spirit of kinship and solidarity, of which we are to-day in such great need' observed His Highness the Rajapramukh here yesterday.

The Rajapramukh was inaugurating the Samuhika Sangeetha Seminar at the Town Hall organised by the local Varalakshmi Academies of Fine Arts.

The function was presided over by the Education Minister Sri A. G. Ramachandra Rao.

Commending the activities of the institution, His Highness said that the Institution had been a means of bringing together Indian, Asian and Western scholars on a common platform and helping to create that feeling of oneness which cultural contact so readily tender to foster. The Samuhika Sangeetha programme of this Academy could be a powerful agency in filling that gap, he said.

'It is a common experience of all those who have been to the West, that on great occasion whole masses of people burst forth into the rhythmic chanting of melodies which practically every-one knows how to sing, This upsurge of melody as if from a single throat has been powerful agency in creating an *esprit do corps* among the people.' the Rajapramukh said.

Stressing the need for orientation and refinement of popular taste in music which was urgent and of great national importance, His Highness advised music scholars to develop the taste for wholesome music among the populace by making the common man participate in a form of music as to afford him joy and satisfaction.

Educationally speaking, group music by its gift of universal harmony, added to the sum-total of human happiness. Group singing was helpful in producing sympathy and in subordinating individual desires and attitudes to the aspirations and progress of groups, he remarked.

The Education Minister in his presidential address stressed the need for proper and scientific research in the field of music and pleaded for revival of oriental music.

Earlier after invocation, the President of the Academies Sri M Ramaswamy presented an address to the Rajapramukh and praised the valuable services and encouragement given by the Mysore Rulers to the music art. Sri R. Chandrasekharaiah, of Mysore Brothers and founders read a report of the activities of the Institution.

Prof. P. Sambamurthy the eminent musicologist of Madras speaking on the occasion said that the Seminar was the first of its kind to be held in the country which aimed to make music popular and to devise ways and means of propogating the same. He paid glowing tributes to the development and patronage to music in Mysore State.

FELICITATIONS TO RAJAPRAMUKH

PATTABISHEKAM DAY CELEBRATIONS

Mysore, 11

"Our Rajapramukh is known not only nationally but internationally as the model ruler of one of the most advanced and progressive States of India and it will not be unlikely, if he is called upon to preside over the destinies of the Nation as its President or as the Premier, at some future date", said Mr. J. B. Mallaradhya, Huzur Secretary presiding over the 16th Pattabhishekam Day celebration this morning, at the Jaganmohan Palace.

Kingship, Mr. Mallaradhya continued, has been an old institution in India; and the Mysore Rulers had won international reputation as able administrators and patrons of art and culture.

When other parts of the country were dreaming of democracy, Mysore had stepped into the threshold. This was due to the far-sightedness of her Rulers, he said.

The Maharaja, after the dawn of Independence had exhibited remarkable ability, statemanship and spirit of sacrifice, by adjusting himself to the new set up. His profound scholarship and deep knowledge of men and matters gained for him the esteem of the world at large.

He further added, that this 16th Pattabhishekam Day was an epoch-making event, in the history of Mysore. For, the small State of Mysore was on the eve of becoming 'Greater Mysore' with an extended area and larger population. Mysoreans had now the opportunity of seeing their popular Rajapramukh becoming a Governor of the new State.

Speaking about the observance of Dasara festivities, in future, Mr. Mallaradhya hoped that Kannadigas would continue to celebrate this "Nada Habba", which was a symbol of their culture with more pomp and pageantry, under the patronge of their Governor.

Mr. Mallaradhya conveying the felicitations to the Rajapramukh said whatever position he occupied, whether as Governor, or as Rajapramukh the political changes had only helped in their increased love and affection towards him.

Mr. M. Ramaswamy also spoke on the occasion.

Stitch in Time Saves Nine

It may sound somewhat paradoxical to say that "assurances and action" are so akin and yet so far away from each other as "professions and performances" are. Nevertheless, it is a truism. It is little wonder, therefore, that men occupying responsible positions, whether in the Government or in public life think deep before indulging in high-sounding words; because uttered consciously or unconsciously, they leave behind a moral obligation for fulfilment.

Not long ago, the country resounded with the cry of shortage of food and abnormal rise in food prices, particularly of rice. And down came from the Himalayan heights, like the Angel, Union Deputy Food Minister, who flew from State to State, visited the distressed areas, and made profuse assurances that Government had enough stocks; and would release them for sale and bring down the prices; and that there was no cause for alarm. His words are still green in the public minds. The Ministerial assurances had the magic effect, coming as they did from such high quarters. The hue-and-cry subsided. The consumer heaved a sigh of relief. Stocks did arrive and they were distributed to about half a dozen 'co-op' societies for sale, catering to a few hundreds at the most, in Mysore City.

We ask here did it reach the needy and the poor? Was the stock enough to meet the requirements? Did the price come down at all? The answer is an empatic 'No'.

We cannot help being a little critical of the manner and method in which such a vital question as food is being handled. Mysore City has a population of nearly 3,00,000 Of this, barring about 10,000 comprising the rich and the land owners, the rest depend upon the open market for their food-grains. The average rice stock required per day will be in the neighbourhood of 650 to 750 pallas. Can it be said by any stretch of imagination that half a dozen 'co-op' societies, with their meagre stock satisfy the needs of over 2,50,000people? On the face of it, it is unthinkable. The result is obvious. Rice price is mounting up day by day. The sufferings of the poor consumers are becoming acute. The merchant class is enriching themselves at the cost of of the poor consumer. And we will not be far wrong, if we prophesy that by the Dasara time, rice would come to be sold at one seer per rupee or even less.

The time has now come when the Government Central or State should open more fair price depots, in the heart of the city where the poor live, irrespective of the cost or expenditure that such a course might involve. Immediate and concerted action is called for to avert a crisis now in the offing, as delay is dangerous.

No Assurance From Govt.

STUDENTS' FIRM STAND ON STRIKE

Mysore, 12

"We have not received any letter or assurance from the Government about satisfying our demands; and unless our demands are satisfied, we are not going to call off the strike", declared the President of the Students' Association of the Government College of Indian Medicine, here this morning, at a Press Conference.

Referring to the recent remarks of the Education Minister about the strike, he stated that apart from representing to the Health Minister, the Association had met the same Education Minister five times and presented their demands

The provision in the Second Plan made for upgrading the College was only Rs 7.24 lakhs and not Rs.9 lakhs as stated, by the Minister They had their own doubt whether even this sum would be spent on the purpose, as no work had been undertaken so far, even though the Second Plan had already commenced, pointed out the President.

The students were blamed for resorting to Trade union methods. But it become inevitable, as the Government turned deaf ears to their repeated demands, which were perfectly legal and justifiable. He said that the students were always prepared to co-operate with the Government, for a peaceful settlement of the matter.

Instead of fulfilling the demands, if the Government closed down the institution, the agitation by the students would take a different course, of course most legal and disciplined, he concluded.

Plea to Develop Talents Of Children

Mysore, 12

Teachers should stick not to correction work but at developing the original talents of children observed Sri N. S. Hirannayya, Director of Education, while declaring open the Exhibition in connection with the Education Week organised by the Department of Extension Services of Teachers College here, yesterday.

There was something wonderful latent talent in every child; and it should be helped to develop into flowering potentialities through art and other means. It should be proper that every education institution should have a museum of its own collecting and exhibiting the work of children, which was genuine and original. For this, the Director said, a large amount had been provided in the Second Five Year Plan.

Mr. Hirannayya continued that so often it was found that schools run by trained teachers were not much different from that of schools under un-trained teachers. There were many reasons for this state of affairs. In the present democratic set up, the boys were equal in all respects. They should have equal opportunities as they were supposed to have equal intelligence. Out of these the teacher has to produce youngsters of morrow developing their intelligence and talents for the service of the nation.

Referring to Extension Service, The Director said that without taxing more, proper methods should be evolved to build the future. The programmes arranged at the Week, should become regular feature in all schools and he hoped that each school would be a centre of extension service.

Earlier Mr. Doraiswamy welcomed the distinguished guests.

(It is regrettable to mention here the attitude of some of the members of the staff of the Teachers' College towards the Press. When a few Pressmen went round with the Director of Education to see the Exhibition, some of the organisers, questioned the right of the press to enter the Exhibition premises. One among the staff went even to ask the Pressmen to come with uniform dress and then alone they could be permitted to enter the place. Protesting against this the pressmen had to leave the place.

The organisers who are expected to teach discipline and moral to students should first learn themselves how to behave with invitees and especially with the Press Ed.)

Netaji's Death Certain

INQUIRY COMMITTEE'S REPORT

Prime Minister Nehru told the Lok Sabha yesterday, that Netaji Subhas Chandra Bose died on August 18,1945 as a result of an air-crash at Taihoku airfield in Formosa according to the report submitted by the Special Committee appointed to inquire into the mystery surrounding his death. The report was placed on the table of the House, Mr. Nehru added that the Government felt that the conclusion of the Committee about Netaji's death should be accepted as the evidence adduced in the report was overwhelming.

Referring to the recommendation made in the report that the ashes of Netaji now kept in the Renkoji Temple in Tokio should be brought over to India with due honours and a suitable memorial should be erected to commemorate his memory Mr. Nehru observed that the Government did not propose at this stage any action as it was a matter primarily concerning Netaji's family.

Vol. VII. MYSORE THURSDAY, SEPTEMBER 13 1956 No. 23

Appeal To Call Off Strike

Bangalore, 13

The Government of Mysore have appealed to the students of the Government College of Indian Medicine in Mysore to call off the strike.

In a Press Note issued yesterday the Government had pointed out that a provision of Rs. 22.24 lakhs had been made in the Second Plan for the development and study of Indian Medicine, of which Rs. 7 lakhs were for upgrading the Ayurvedic College It was also peposed to replace the present 4-year Diploma course by 5-year Degree Course. It was further proposed to increase the number of beds and laboratory facilities. The other proposals made were: separate dissection theatre, extension of pharmacy section, equipment of the library with up to date publications, opening a 'Panchakarma ward' and establishment of a Research Station.

The note added that a new Principal for the College and a well qualified person as the Head of the Department would be appointed by advertising the vacancies on an all India basis, and at present temporarily a Principal had been posted.

Regarding the shifting of the College to Bangalore the Note said that it was under the active consideration of the Government and the Mysore City Municipality had urged for its retention in Mysore alone, The L.S.G Minister and the Revenue Minister had studied the problem and an early decision would be taken.

In conclusion, the Note added that it was a wrong procedure to resort to a strike to get their grievences redressed. The Governmeni hoped that the students would resume work immediately.

RANGAVILAS MURDER CASE

Bangalore, 13

Mr. G. Natarajan, Principal District and Sessions Judge, passed orders yesterday disallowing the petition filed by the Defence Counsel in the "Rangavilas" Mass Murder Case, citing the ex-Chief Minister, the Home Minister, the I.G. of Police and the Reporters of the Janavani, Prajavani and Tai Nadu as witnesses. The ground for rejecting the same was stated that the Defence had not made definite as to what these witnesses would speak to.

The Sessions Judge observed in his order that if however the Court felt that such evidence was material to meet the ends of justice, it would summon them

As for the Pressmen cited, the Sessions Judge said that such of the Pressmen who could give material evidence should be cited by name, if necessary.

Two Doctors, a police Jamedar and a crime clerk in the office of the District Superintendent of Police gave evidence yesterday before the District Judge.

Dr. NarasimhaMurthy, Assistant Surgeon, Victoria Hospital, who conducted postmortem examinations on the dead bodies of Lava-Kusa, twin sons of late Belur Srinivasa Iyengar and on the body of Ramalingam, the watchmen was examined for the Prosecution.

Dr. M. C. Devanniah, Pathologist in the Victoria hospital, and Jamedar Siddappa were also examined for the Prosecution.

STUDENTS' STRIKE

PRINCIPAL'S APPEAL TO WITHDRAW

Mysore, 14

The Principal of the College of Indian Medicine has appealed to the students who are now on strike, to call off the same, as the Government were taking concrete steps to upgrade the College.

Mr M A. Mehkri, In-charge Principal at a Press conference yesterday explained in detail the schemes for improving facilities for the students. Among other things, arrangements were being made to provide accommodation in the Exhibition buildings, for holding classes, library and the museum, the present building would be converted into a hospital by increasing the number of beds, three more lecturers each for Ayurveda and Unani would be appointed shortly, schemes for running separate hostels for the ladies and gents were being worked out, he said.

The Principal further stated that a sum of Rs.90,456 had been provided for implementing development schemes, during the first year of the Second Plan out of the Rs. 7 lakhs allotted for the plan period. He also stated that the up-grading scheme could not be implemented as the Dave Committee set up by the Central Government had not yet published its report, in connection with uniform standard of teaching.

When questioned whether he met the students and asked them to call off the strike, the Principal said that the students refused to meet him, and that they were behaving in a indisciplined manner. The students should sit at the feet of their masters and learn, if they had come for that purpose. But at present they did not care for their studies or for the teachers' advice. They seemed more keen on their strike, he remarked.

Referring to some of the students' demands he said that the present standard of the Institution was the best, when compared to others in the country and the existing teaching staff was more than enough to carry on the teaching work.

The Principal revealed that question of affiliation of the College to the Mysore University was under the consideration of the Goverement.

BRITAIN'S THREAT TO EGYPT

Prime Minister Eden announced in the British Parliament that Britain, France and the United States had decided to set up a 'Users Association', to take up the responsibility for traffic, through the Suez Canal.

This Body would collect canal dues, employ pilots and be responsible for coordinating traffic. Egypt would be paid for the use of its facilities The membership of the Association was open for all countries using the Canal.

Sir Anthony warned that if the Egyptian Government interfered or refused to cooperate with the Association, it would be guilty of a breach of the 1888 Convention, which guaranteed free passage through the water-way.

It was stated that Egypt would not bow down to this suggestion and threat. It was further stated India was not also happy over the Anglo-U.S.-French plan, as it would distract from the Egyptian Sovereignty.

This proposal was stated to be nothing but preparing the moral ground for using force to settle the Suez Issue.

MANUAL LABOUR AND SOCIAL SERVICE

Bangalore, 17

Presiding over the Training projects for leaders of Youth Organisations in South East Asia, at Kengeri, yesterday Chief Minister Kadidal Manjappa stressed the importance of the dignity of labour and said in India they had not mobilised the manpower to solve the economic problem.

He continued that the present day educational system was doing great harm to the country and the educated people had become a problem. Manual labour and social service should find a place in the scheme of education, he said.

Speaking about the University education Sri. Manjappa stated personally he felt that University education should not be the responsibility of the Government and it should not be open for all. High standard of education must be maintained.

Time would soon come, he said, when they would be obliged to use some element of compulsion in social service.

Inaugurating the project Dr. K. L. Shrimali, Union Deputy Education Minister stressed that the responsibity of the older generation was to mobilise the potentialities of the youth, for the reconstruction of the society.

He declared that the youth in the South-East Asian countries were now divided, owing allegiance to different and conflicting ideologies. It indicated that they were not on the road to progress. It was, hence their responsibility and duty to mobilise the youth potential and canalise the same for constructive purposes, preventing expolitation for reaction and conservatism.

Representatives from India, Thailand, Japan, Malaya, Indonesia, Burma, Pakistan, United States, Holland, France and Switzerland participated in the camp.

KRISHNA SASTRY HONOURED

Mysore, 17

The State Government and the University have done all that was necessary for introducing Kannada as medium of instruction. And now it is left for the people to come forward and make it a success observed Dr. Puttappa, Vice Chancellor.

Dr. K.V. Puttappa was presiding here yesterday over a function of presenting 'Abhinandane' a Kannda publication to Sri A.R. Krishna Sastry, the Kannada writer.

The Vice-Chancellor stated that there was a very good future for Kannada after the formation of Karnataka. Here he regretted that those who fought for Kannada had gone back now, and there was very little response from students to take up their studies through Kannada medium. Books on several subjects in Kannada had been prepared by the Government and the University and many of them were under print. The parents and students should come forward and work for the development of Kannada, he said.

Earlier Sri G. Hanumantha Rao welcomed the guests.

Sri Krishna Sastry thanked the organisers for the great honour done to him.

★ Dr. G.S.Melkote, Hyderabad, Public Works Minister inaugurated yesterday the Hindi Teachers' Training College at Bangalore under the auspices of the Hindi Sahitya Parishat, to train teachers' for Government Hindi Teachers' Examination.

PLEA FOR DEVELOPING WOMEN'S STATUS

Mysore, 17

In the world, institutions dedicated for the unliftment of women should increase in number with full encouragement from all quarters. If Democracy has to progress, status of women should improve, said Her Highness Srimati Tripurasundarammanni.

Her Highness was presiding over the anniversary of the Mahila Sadan, here in Devaraj Mohalla, yesterday.

Her Highness stated that institutions like the Mahila Samaj could work better and bring about a change in the conditions and knowledge of women. They should be taught contemporary literature, arts, music, and other useful subjects besides political, social and religious matters. She expressed that a study circle and special classes should be held and women should be induced to participate in them.

Earlier, on behalf of the Samaj Smt. K.T.Shantha, President, presented an address to Her Highness, after invocation by Smts. Nagamani and Jaya.

Smt. K. Visalakshamma, Secretary read the report, and Smt. K.Venkatasubbamma proposed a vote of thanks.

A Music concert led by Sri R.M. Doraiswamy and variety entertainments were provided.

Her Highness distributed the prizes.

Students Strike

Mysore, 17

The students of the College of Indian Medicine have decided not to attend classes until they get some clarification on certain points mentioned in the Government Press Note of Sept. 12.

In a statement to the Press, the Association has stated that as a gesure of goodwill and honour they gracefully withdrew measures like 'continuous hunger strike' temporarily pending direct negotiations with the Government and concerned authorities.

The Assosiation however thanked the Government for their active consideration of the students' problems and for their ambitious policy for reorientation of the education in Indigenous Medicine and for measures proposed to raise the standards of teaching and for the future development of the College.

PROPER TRAINING FOR CHILDREN

Mysore, 17

Presiding over the conclusion of the Education Week, organised by the Department of Extension Service, Teachers' College, Mysore, yesterday, Sri. H. M. IMPORT OF FOREIGN EXPERTS HARMFUL

Bangalore, 17

Dr. M.Visvesvaraya, veteran Industrialist stated here that large-scale importation of foreign experts for running the new steel plants in the country was harmful to the country's interests.

Addressing the meeting of the All-India Manufacturers Association, Dr. Visvesvaraya said that it was a pity that more Indian youngmen of intelligence and capacity were not chosen for work on the three steel plants. He quoted the example of Tata Iron and Steel Works and Mysore Iron and Steel Works which were working satisfactorily with Indian personnel.

Speaking about the formation of New State, he said that some undeveloped districts had been added to Mysore. The State had not improved in standards of administration nor did it take a share convenient for administrative purposes. If some of the leaders of the backward districts became Ministers, he was afraid the administration would deteriorate. It was better to keep the ten districts of Karnataka separate from Mysore and not to disturb the integrity of the old Mysore State which had a history of its own, he added.

FOODGRAINS ENOUGH TO MEET EMERGENCY

Bangalore, 18

Union Deputy Food Minister Mr. M.V. Krishnappa gave an assurance in unequivocal terms that the Government of India had enough stocks of food grains which could last for one year to come. They could therefore meet any kind of emergency, he said.

Addressing a public meeting at the Russel Market Square yesterday here Union Deputy Minister further assured that the prices would be brought down within a month's time and asked people to cooperate.

Asserting that the Government were confident of stepping down the food prices, he said that the Government would not reimpose controls. He revealed that one and half million tons of wheat and two million tons of Burmese rice would very soon be unloaded in various South Indian ports. He hoped that with this stock of foodgrains and the very favourable crop conditions in the rice-growing zones of the country, price of rice could be checked, he said.

He also warned the merchants that hoarding of food grains would not be profitable in the long run, and they should not create conditions for the return of trade controls; nor should they try to exploit the situation of the poor and needy for purposes of profiteering, he said.

CANDIADTES FOR ELECTION

The Provincial Congress Committees have been directed by the Central Election Committee to submit the list of candidates for Parliament and State Legislatures by December 15. The lists will be scrutinised by the Central Board by Dec. 25.

MALNAD AREAS TO FORM ONE DIVISION

Bangalore, 18

A delegation comprising of representatives of Malnad areas headed by Mr. H. Lingappa presented a memorandum to the Inter-State Ministers' Committee yesterday and urged that all Malnad areas should be clubbed into one division with Shimoga as its headquarters and integrated into the New Mysore State.

The delegation further favoured the location of the sea-port at Malpi, eighty miles from Shimoga instead of at Bhatkal.

A similar memorandum was presented on behalf of Bellary pleading to make Bellary a Division headquarter. The Committee would take decision on these at its next meeting, it is stated.

PARLIAMENTARY SERVICES

The Conference of the Presiding Officers considered in its meeting yesterday at Madras the integration of services of State Legislative Secretariats affected by the States Reorganisation and the Chairman Sri Ananthasayanam Iyengar observed that no member of the staff of State Legislatures should be retrenched.

The Conference among other things decided to appoint a committee to consider the question of an all-India Parliamentary Service.

Co-operative Dispensary

A Co-operative dispensary,the first of its kind in the country has been opened at Hyderabad.

The aim of the dispensary was to cater to the medical needs of the 30,000 people in the vicinity. Each family can enrol itself as a member of the clinic at a nominal fee of Rs. 2 per month. The members would be treated free of cost.

Seven doctors and two health visitors have been attached to the dispensary which is very well equipped including X-ray apparatus. A palatial building is placed at the disposal of the dispensary.

The hospital was opened on Saturday last, by the Union Deputy Health Minister Smt. Maragatham Chandrasekhar. She described the dispensary as a unique enterprise for medical care of middle class families.

P.S.P.-RED ALLIANCE SUGGESTED

Mr. Jaya Prakash Narayan, Praja Socialist Leader has suggested to his Party to reach an electoral understanding with the opposition parties including Communists, to put an end to the near "one-party rule", in the country.

In a letter addressed to the National Executive meeting in Bombay he said that, an effective opposition was of the essence of Parliamentary democracy and it was in this essential aspect that our democracy was seriously lacking. There is practically no Parliamentary opposition today.

Threat-Move To Neutrals

NASSER READY TO MEET AGGRESSION

Prime Minister Nehru has received replies from U. S. President Eisenhower on the latest developments over the Suez Issue. Mr. Nehru had suggested U. S. intervention for amicable settlement of the issue. Mr. Nehru had also received communication from Mr. Eden, Britain's Premier.

Mr. V. K. Krishna Menon had two meetings with President Nasser, to acquaint himself with the Egyptian viewpoint on the latest developments. He is expected to fly to London in a day or two.

U. S. Secretary of State John Foster Dulles is also flying to London for the second meeting on the Suez.

More than ten countries who had accepted the invitation for the Suez Canal Users' Association had expressed their opposition to the British proposals.

Prime Minister Eden summoned an urgent meeting of his Cabinet and considered the latest developments. It is stated that Britain was now prepared to recognise Egypt's legitimate rights over the Suez Canal as forming part of the Egyptian territory.

Mr. C.Rajagopalachari former Governer-General of India declared that the whole British policy to take over by force the Suez Canal was aggression pure and simple. This threat he said was not only against Egypt but against all neutral nations of the world.

President Nasser declared that Egypt would not allow the West-sponsored Canal Users' Association to function through Suez Canal. Egyptians would run smoothly and efficiently the Canal service and if in spite of this Canal Users' Association forced its way through the Canal, then it would mean aggression and would be treated as such.

Egypt was fully prepared to meet the aggression, from whichever quarter it might come,'said President Nasser.

* Under the Indo-U.S. agreement signed in August last, Indian Government have been given an authorisation for the purchase of 300 million dollars worth of U.s agricultural commodities like wheat or wheat flour.

Task Before Communists

Mysore, 20

Mr. P. Rama Murthy Member of Polit Bureau of CPI and Leader of the Opposition in Madras Assembly addressing a Press conference here yesterday opined that the Congress in Mysore State was full of communal virus. The majority groups like Vokkaligas, and the Lingayats were fighting inside the group for power. The Congress, he said, shouted much but did nothing. Through their communal bickerings and quarrels, the Congress was killing democracy in India, he observed.

The task now before the Communists was how to wean the people away from the clutches of this communal politics. They wanted to fight the next elections on a higher plane.

When questioned about Sri J. P. Narayan's recent statement, on 'election alliance', Mr. Rama Murthy stated that the Communist Party stood for a broad democratic united front. But, for the progress of democracy and to create a strong opposition to the Congress, and to avoid a triangular contest in the elections the Communists were ready to come to an electoral alliance with other democratic parties, like the P. S. P. Here he characterised the parties like the Hindu Maha Sabha, the R.S.S., the Akali Dal, the Bharatiya Jan Sangh and the DravidaMunnetraKazhagam as purely communal and thatCommunists considered them to be undemocratic. The Communists were never for political alliance with these, parties he stressed.

Speaking about the Communists' concept of democracy, Mr. Rama Murthy observed that it was to do away with feudalism, monopolistic power and curtailment of bureaucratic power.

Opening Of Fair Price Depots

Mysore, 22

The Deputy Commissioner, Mysore District has requested the City Municipal Council to open fair price depots in Mysore city, to sell Government rice at 2 seers per rupee as was being done by the Corporation in Bangalore.

In a letter addressed to the Municipal President, the Deputy Commissioner has stated that there was at present a stock of 4000 bags of rice, Rice was being sold now to the consumers through co-operative societies and registered associations. On account of the limitation of funds these organisations were not catering to all the people. Even though the stocks were increased, there would not be additional benefit to consumers unless the number of distribution centres was increased.

It has been pointed out that a large floating population was expected for the Dasara and it was quite necessary to open a good number of fair price depots.

The Deputy Commissioner has further pointed out that the fair price depots could be run without any extra cost, as there would be a good margin between the purchasing and selling rates.

The Executive of the City Branch of the P.S.P. which met yesterday evening M. R. Srinivasa Iyengar presiding unanimously adopted a resolution, urging upon the City Municipal Council to take measures to open 'fair price depots' in each Division of the city, to sell rice to people at cheap prices.

BILL TO CHECK ROAD ACCIDENTS

Bangalore, 22

Piloting the Traffic Control Bill, in the State Legislative Council, yesterday Home and Finance Minister Mr. H.Siddaveerappa pointed out that with the increase of vehicular traffic in recent years, there was a corresponding increase in accidents also. This indicated that both vehicular and pedstrains traffic were not-observing the traffic rules.

It had become therefore necessary to have a Bill vesting greater powers in the authorities concerned to effectively check road accidents.

The Bill was passed without much opposition.

HOUSING SCHEME

Bangalore, 22

The Government of Mysore had under consideration a comprehensive scheme for the construction of houses for the benefit of the Depressed classes. This was disclosed in the State Assembly yesterday by the Minister for Agriculture Mr. H. M. Channabasappa. Under the scheme, it was proposed to convert all huts occupied by the Depressed class people into tiled houses.

The Minister also revealed that loans totalling Rs. 1,09,68,000 were granted to the Depressed class people during 1953-54 for improving agriculture, poultry farming, and dairying.

Minister On B. T. C. Nationalisation

(From our correspondent)

Bangalore, 22

The Bangalore Transport Corporation Bill was discussed by the State Legislative Assembly for about three hours this morning, Initiating discussion, Home and Finance Minister Sri Siddaveerappa stated that the object of nationalisation was to give cheap and efficient well organised sevice to the public, He said that about 1100 buses would come within the proposed Corporation. He also stated that the compensation of Rs.14,18,000 fixed was just. The Minister revealed that a Committee would be appointed to remove traffic bottlenecks.

Several members including Messrs Mohammed Imam, Mariyappa, Mulka Govinda Reddy K. Pattabhiraman, S. Srinivasa Iyengar and P. R. Ramaiya supported the Bill. Sri Imam suggested that the proposed Corporation should be a pucca commercial concern. Sri Mulka Govinda Reddy felt that the compensation was very high. Sri Pattabhiraman congratulated Homa Minister Sri Siddaveerappa for the step taken to nationalise the service. Sri Srinivasa Iyengar wanted reduction in bus rates.

During question hour the Government informed the House that the report of the Madhava Rao Finance Committee would perhaps be considered by the expanded Legislature after the formation of Greater Mysore.

Change In Social Outlook

Mysore, 24

Inaugurating the Political Science Association of the Maharajah's College, here, yesterday Chief Minister Kadidal Manjappa said that students had a great responsibility and they had to work unitedly for building up future of the country. He deprecated indiscipline amongst the students in certain parts of the country.

If unemployment should be solved, the Chief Minister observed, society should change its outlook. What the students learnt in the colleges was very little. They had much to learn, after entering public life. He also stated that reverence, humility and good behaviour were the hall-mark of education and culture, which could not be learnt just in the University alone; but could be developed only in social life.

The Chief Minister said that India was an ancient country and they should not merely imitate other countries but adopt measures suited to the country's needs and genius.

Dr. K. V. Puttappa Vice-Chancellor presided.

Earlier Prof. K.B Y. Thottappa welcomed the guests.

MEASURES TO CHECK COMMUNAL HATRED

Prime Minister Nehru said at Delhi that he proposed to the Home Minister to examine to possibility of taking suitable action against News Papers spreading communal hatred in the country. He said that time had now come for Goverement to take legal measures to prevent News Papers from spoiling the atmosphere by spreading communal violence, hatred and enmity between communities.

C. M's Advice To Medicoes

Mysore, 24

"It has become a common feature of the day for the workers, students and even wives at home to go on strike, to achieve their aims," observed Chief Minister Kadidal Manjappa, yesterday, here presiding over the annual Socials of the Medical College Association. He pointed out that 'strike' was a powerful weapon and it was used to a sacred cause like achieving independence. It should be used only in extreme situations.

This reference was made, in respect of the strike by the students of the College of Indian Medicine, here.

Advising the 'Medicoes', the Chief Minister stated that doctors imagined that they were the saviours of mankind. But in reality, they were aiding nature; and not creating anything new. However efficient doctors might be the question of life and death did not lie in their hands. He asked doctors to be extremely cautious in diagnosing diseases and prescribing medicines.

Adverting to the remark of the Principal, on the systems of medicine, Mr. Kadidal Manjappa pointed out that though the science of medicine all over the world had but one aim of curing, its approaches were different.

Earlier, Dr. Appaji, Principal of the College, welcoming the Chief Minister stated that there was nothing like Indian medicine and Western medicine. This distinction maintained here was not correct. There was only one system and that was the scientific system.

He said that he failed to understand why there should be a College for Indian Medicine, without any scientific background of study.

Dr. K. V. Puttappa, Vice-Chancellor distributed the prizes to winners in various sports events.

Loyalty Pledge By Congressmen

Congressmen in the country have been asked to give pledge in writing that such of those who were not ultimately selected to contest the next elections would not stand against the official candidates, but to support them whole-heartedly.

The Congress High Command in a circular stated that unity and discipline among Congressmen were of prime importance at this juncture and it had to be enforced to strengthen the fortunes of the Party at the next elections.

The Congress, the circular emphasised, would prefer to have a small number of active members in the organisation than waverers who had neither faith in themselves nor in the Congress. All PCC representatives have been suggested to make this point clear to every Congressman.

This pledge has to be signed by every district and city candidate.

Unanimous Election Of Leader

Mysore, 25

"We are in a democracy and whoever wins the majority will be the Chief Minister of New Mysore State. But we will try our best to elect unanimously our new leader," declared Mr. S. Channiah, M.P.C.C President yesterday inaugurating the History Association of the Maharaja's College.

Referring to the future of Congress in the country, he said that it was a sacred organisation having a sound foundation laid by Gandhiji and no one need say anything about its future.

Though there might be slight differences of opinion among Congressmen, yet, they were all united and they were not for power.

While the Kannada speaking people from other parts of Karnataka were joining hands with Mysore, it was the duty of every one to forget the past and welcome all, with brotherly feelings, he said.

Advising the students Mr. Channiah asked them to develop sense of discipline and restraint. When the students prepared themselves to shoulder the responsibility of the State, the present leaders would make room for their leadership he observed. Mr. Channiah concluding stated that communalism was slowly going down and the present-day students should strive to remove it completely.

Dr. M.V. KrishnaRao presided. Mr. A. C. Srikantiah welcomed.

★Under the auspices of the local Praja Socialist Party, a public meeting will be held at 7 p.m. tomorrow at the Masadivan Khan square in Mandi Mohalla. Mr. Muhammad Sait, Municipal Councillor will preside

Interim Relief To N.G.Os

Bangalore, 25

Certain proposals for affording interim relief to non-gazetted officers of Mysore have been sent to the Central Government for their approval and hoped that they would be effected before the integration of the State. This was disclosed by the Law Minister Mr. A. G. Ramachandra Rao, in the Legislative Council, yesterday

With regard to the common scales of pay demanded by them, the Minister stated that this question would be placed before the Finance Commission set up by the Centre.

More Stock Of Textile Goods Banned

The Textile Mills in the country have been prohibited from stocking more than one month's average production of goods.

In a communique issued yesterday by Union Government, the wholesale dealers have also been prohibited from holding more than three months' stock based on their average during the last six months.

MUNICIPALITY TO OPEN FAIR PRICE DEPOTS

Mysore, 25

The City Municipal Council at a Special meeting held yesterday decided to open fair price depots in all the 40 divisions of the city provided the Government supplied fine rice.

The special meeting was convened to consider the letter from the Deputy Commissioner in this behalf, requesting the Council to open fair price depots to check the soaring prices of rice; and also as Dasara was fast approaching.

Mr. A Krishnamurthy Rao, President said that the Chief Minister had a talk with him four days ago regarding the food position.

He also pointed out that for the successful working of the depots, they required additional staff and sufficient finance.

The Commissioner stated that the establishment charges for running 18 depots for three months would be about Rs. 25,000.

Several Councillors including Messrs B.G.Das, NarayanaRao, emphasised that unless the Government supplied good quality rice, the Municipality should not take up the responsibility for running the depots. All of them complained that the present rice issued through societies was not good and unfit for human consumption and the people were not buying the same. They placed before the Council samples brought by them.

Mr. Noor Hussain said that Government were taking only half-hearted measures. Even after societies undertook sale or rice, prices did not come down due to bad quality of rice If the Government wanted to take measures to bring the hidden rice to the market, they could have done so through legislation and also by stopping bank advances for merchants for hoarding rice he said.

Importance of Gardening

Mysore, 26

Even as food was indispensable for the physical growth of man so was beauty for the development of the soul and mind. From this aspect at least, man should foster plant life, pleaded His Highness the Rajapramukh, presiding over theFlower Show organised by the Mysore Horticultural Society, here yesterday.

The Rajapramukh stated that the relation between mankind and plant life was so intimate that man depended upon the latter for his sustenance and growth. In the interest of his own development, it was inevitable that man should nurture plants. From the point of view of conserving rain water and preservation of soil fertility it was the duty of man to protect plant life. Besides, gardening was a means of good health and developed godliness in man. It also helped man to realise the verity that "Truth was beauty and beauty was truth", he observed.

His Highness then distributed the prizes for the winners in the various competitions.

Earlier Mr. T. Venkataramaniah Vice-President of the Society welcomed the guests.

His Highness the Rajapramukh's Gold prize was won by Smt. Leelavathi Anjanappa, who topped the prize list. She also got the rolling trophy for three years in succession.

An unpleasant incident occured before the function when the Pressmen who were present on invitation were treated somewhat badly by the organisers.

MUSICIAN HONOURED

Mysore, 26

Sri R Chandrasekhariah of Mysore Brothers, founder of Sree Varalakshmi Academies of Fine Arts was felicitated yesterday, here when an address was presented to him, for his services to music.

Sri. S. Channiah, M. P. C. C. President presiding said that in olden days fine arts were chiefly patronised by Rulers. But now, in a democratic country, it was the duty of the people to do it. The Govern- of India and the State Governments, he said, were doing their best for the propagation and development of fine arts like music. Mysore Government would shortly open a music college and he hoped that it would serve the good cause.

On behalf of the Reception Committee, Mr A. Krishna Murthy Rao, Municipal President presented the address.

Mr. R. Chandrasekhariah thanked the organisers for the honour done to him.

Earlier Mr. S. Channiah presented a gold necklace to Sri Chandrasekhariah on behalf of the Committee.

JUVENILES PUNISHED

Mysore, 26

Abdul Majid and another were fined Rs. 5 each by the City Magistrate yesterday for smoking under the Prevention of Juvenile Smoking Act.

NOVEMBER-I INAUSPICIOUS

The day fixed for inauguration of New States-November 1 is said to be a very inauspicious day, by some astrologers. Hence the new Cabinet for the Bilingual State of Bombay, it is learnt, would take the oath of office on the night of October 31 alone.

MORE FUNDS FOR RELIEF WORKS

M.P.s APPEAL TO STATE GOVERNMENT

Mysore, 26

Sri M. S. Gurupadaswamy, M.P. urged the State Government to sanction immediately further grant of Rs. 10 lakhs to complete the works taken up in the distressed areas of the Mysore District.

Sri Gurupadaswamy who recently toured in these areas, said in a Press Conference this morning here, that famine and semi-famine conditions were prevailing in some parts of Gundlupet, Chamarajnagar and Nanjangud taluks. Though there seemed to be some improvement in the position, yet the relief works started were incomplete for lack of funds. He alleged that distribution of funds was very unsatisfactory and there was no proper machinery to check or inspect and that there had been corruption, in all sections.

Referring to the food crisis in the country, Sri Gurupadaswamy pointed out that both unemployment and price crisis were caused by the monetary crisis due to inflation. Here he remarked the Government of India were pumping in new money which was going to unproductive channels. The taxation programme had failed to provide a 'shock absorber', He warned that if this state of affairs continued, there would be a 'Currency Chaos' in the country. He strongly pleaded for accepting and implementing Prof. Calder's report immediately to prevent the price crisis.

Explaining the P.S.P.'s stand in the next general elections, he stated that the Party wished to contest all the seats in Mysore District, in co-operation with other groups to oppose the Congress. The general elections would be fought on the level of strategy and not on ideology. He wanted only electoral understanding and not alliance with other parties to avoid fatal splitting of votes. He hoped that they would form a formidable opposition to the Congress.

Vidhana Saudha Cost Rs 125 Lakhs

(From our correspondent)

Bangalore, 26

During question time in the Legislative Assembly today Chief Minister Sri Kadidal Manjappa stated that the question of transfer of Ayurvedic College from Mysore to Bangalore would be settled shortly.

Replying to questions on the Vidhana Saudha, Public Works Minister Sri A.G. Ramachandra Rao said that a sum of Rs. 1,25,19,178 had been spent over the construction till July 19, 1956 and the cost of the central dome, 197 feet high, would cost about Rs. 7,21,880. The Minister stated that the Vidhana Saudha Enquiry Committee was investigating the general expenditure of the construction on the building. For a question by Sri B. Narayanaswamy whether the workers of the Vidhana Saudha were refused an interview, by the Committee, the Minister replied he had no knowledge of it. When Sri Narasimha Reddy asked whether the Committee should work 'in camera', the Minister said that it was left to the discretion of the Committee.

Agriculture Minister Sri H.M.Channabasappa in a statement said that the food position in the State was improving and with the help of the Centre, rice would be made available to the public at 2 and 2½ seers per rupee.

Legislature Proceedings

COLLEGE FOR KOLAR GOLD FIELDS

Bangalore, 27

The Government of Mysore are considering the question of starting a College in Kolar Gold Mines. This was disclosed by the Education Minister Sri A.G. Ramachandra Rao in the Legislative Assembly yesterday.

The Industries Minister told the House that a committee had been appointed by the Government to examine and report on facilities that existed in the Kolar Gold Fields for starting an industry.

FOOD POSITION

Food Minister Sri Siddaveerappa announced in the Assembly that though the Goverment had no desire to revert to the system of stringent control on food, it might become unavoidable for them to adopt some stringent measures if the prices of essential food-grains did not drop down within a short period of time. He pointed on that action under Essential Supplies Act and the Hoarding and Profiteering Order might be taken. He appealed to the merchant class to release their stocks and hoped that they would not allow Government to take stringent measures.

MAXIMUM SALARY Rs. 1500

Chief Minister Sri Kadidal Manjappa expressed in the Assembly that he felt that there was no need for anybody to receive a salary more than Rs. 1500 and said that there should not be much disparity in salary among Government servants. He foresaw the appointment of a Pay Commission to go into the pay structure in the country.

The Assembly yesterday passed the Mysore HouseRent and Accommodation Control Bill seeking the extension of the enactment for a further period of two years.

The House also passed the Mysore Legislature Bill which provide holders of office of profit under an insurer shall not be disqualified for being chosen or being members of a State Legislature.

ABOLITION OF INAMS

Bangalore, 28

The Act providing for the abolition of Inams in the State would come into effect on October 2. The three districts to be covered first by the legislation are Mysore, Mandya and Tumkur Districts.

Out of 1347 inam villages in the State, 450 had been surveyed and notified that they would be taken over by the Government. In respect of other villages survey work was continuing, it was officially announced in the State Assembly terday.

POWER-RATES TO BE RE-EXAMINED

Minister for Electricity Sri H.M. Channabasappa told the Legislative Assembly that the Government would re-examine the question of rationalising the power rate structure, so as to afford relief to small scale industries.

He also informed that the present rate would continue till November 1. and the question would thoroughly be gone into thereafter.

GOVT. TAKES OVER SILK FACTORIES

The six silk factories now located in T. Narsipur, Chamarajanagar, Kuderu, Mysore, Santhemarahalli and Mamballi had been taken over by State Government for working them efficiently, so that Mysore's reputation as the producer of good quality silk might be maintained. This was revealed by the Finance Minister Sri. H. Siddaveerappa.

RANGAVILAS MURDER CASE

Bangalore, 28

Prasanna, 12 year old daughter of the late B-lur Srinivasa Iyengar gave evidence yesterday in the 'Rangavilas' Murder Case, in the court of the Principal Dt. and Sessions Judge before Mr. G. Natarajan

Examined by the Prosecution she described the scene of murder in the house on June 5-6 and the theft of jewels. She also identified some of the jewels seized from all the three accused in the case, Krishna, Muniswamy and Govinda Reddy.

Ratna whose examination in chief concluded on the previous day was recalled yesterday and was examined further.

She revealed during her examination that they had two dogs in the house, one blakie and the other a grey one. The black one was doped and the grey dog was still missing. They had also a motor driver named Das who was in service till June 6 and then left the service.

She also narrated how cook Alamelamma left their house the morning of the fateful day and also how servant Srinivasa had temporarily remained with them and gone away.

After the examination of Prasanna the Court adjourned.

P.S.P. WINS IN ML. BY-ELECTION

CONGRESS DEFEATED BY 6 VOTES

Mysore, 28

The Praja-Socialist Party candidate Sri Giriyappa won in the Municipal By-election held here yesterday for the 30th Division. He secured 503 votes by defeating the Congress candidate Sri Chikka-Yellaiah who got 497 votes, by a narrow majority of 6 votes. Of 2744 voters in the Division 1000 exercised their franchise and there were no invalid votes.

National Savings Scheme

Bangalore, 28

The small savings programme would play an outstanding role in financing the Second Five Year Plan. Out of Rs. 4,800 crores in the public sector Rs. 500 crores was expected to be raised through small savings. It should not be difficult for the country to reach the target Rs. 100 crores every year, said Chief Minister Sri Kadidal Manjappa, speaking at the conference of the National Savings Scheme Officers, here yesterday.

He assured full co-operation of the State Government in this behalf. He stressed the need for enlisting the co-operation of village-level workers in the Community Projects, so as to reach every family in the country, particularly the small agriculturists in rural areas, who should be induced to set apart some of their earnings for the future.

Mr. H. Siddaveerappa, Finance Minister, inaugurating the conference announced that from November 1, there would be no Savings Bank Fixed Deposits but there would be only the Savings Bank Current Deposit Scheme.

Mr. A. C Guha, Union Minister for Revenue and Defence Expenditure speaking on the occasion said that the scheme provided unique opportunities for people to become partners in the great adventure of nation-building. He appealed to people to save more and invest more.

BACKWARD CLASSES REPORT SHELVED

The Union Government have shelved considerotion of the report of the Backward Classes Commission, for further examination of the issue.

This is due to the failure of the Commission to indicate proper and adequate answers for tackling the issue effectively.

The report, it was stated contained two glaring flaws namely that it categorised nearly two-thirds of the population as backward and secondly some of its recommendations militated against the secular character of the Indian Constitution

It is proposed to undertake a survey afresh and a new list of backward communities would be prepared, it is said.

Walk-Out In Municipal Council

Mysore, 29

The Opposition in the City Municipal Council staged a walk-out today in the meeting recording their dissatisfaction over the President's ruling, upholding a point of order.

Mr. Giriyappa, the newly elected member from the 30th ward arrived at the meeting when it was in session and took his seat.

Mr. S Linganna, Leader of Congress Party rose to a point of order that Mr. Giriyappa could not exercise his right as a Councillor and attend meetings until his election was notified in the Official Gazette. Sri T. Narasimha Iyengar supported the point of order

Sri B. K Ramakrishnaiah, Leader of Opposition objecting to the point of order stated that Sri Giriyappa had a right to attend the meeting as he had been declared as a member by the Returning Officer and the other things were mere formalities.

There was a heated discussion over the subject.

The President observed that he had not officially received anything about Sri Giriyappa's election and he could not take him as a Councillor and upheld the ruling.

Mr. Giriyappa was asked to leave the House.

Earlier during question hour Dr. B.G. Das wanted that races should be banned during the Dasara season as it would add to the present food scarcity.

Mr. C. N. Narayana Rao said that proper arrangements should be made for the supply of rice to the people during the Dasara.

The President replying said that a committee could be formed in connection with the opening of rice depots from October.

Regarding the banning of races the President asked Mr, Das to bring it in the form of a resolution.

The meeting was adjourned to Oct. 3.

'Atoms For Peace' Exhibits

UNIQUE FEATURE OF DASARA EXHIBITION

Mysore, 1

The Mysore Dasara Exhibition commencing from October 5 promises to be highly educative and interesting.

The unique feature of this year's exhibition will be the participation of the United States Information Service, displaying 'Atoms for Peace' exhibition.

For the first time, the Medical College Association will organise a Medical-cum-Health exhibition, at the College premises, attached to the Dasara Exhibition. The main purpose of this was not only to make it educative but also to form a nucleus for a Mobile Rural Health Unit Scheme.

The Hindusthan Machine Tools, Cables, ship yard, Sindhri Fertilisers of the Ministry of Production and the All India Handloom Board, Coir Board of the Ministry of Industries and Commerce will participate. The Ministry of Information and Broadcasting will exhibit the development schemes under the Second Five Year plan.

The Union Ministry of Defence and Ministry of Transport will also take part.

The West Bengal, Madhya Bharat, Assam and Coorg States Governments will put on show their special articles of manufacture.

Another feature of the Exhibition will be the participation of the International Labour Organisation.

As usual the Industries, Commerce, public Works, Electrical, Education and other Departments of Mysore State are arranging attractive displays.

Mr M.Veerappa, who recently visited Japan will exhibit the attractive toys and other articles made of bamboo.

Mr. K. Padmanabha Menon of the National Pictorials will exhibit Gandhi's life in pictures.

Free accommodation and aid have been given to the local organisation for publicising the 'Bhoodan' Yagnya and Sarvodhaya Movements.

Explaining these at a Press Conference this morning, Mr. P. Gopalakrishna Setty, Vice-President and Mr. V.S. Krishna Aiyar General Secretary said that as many as 500 stalls had been provided in exhibition this year. On account of heavy demand, nearly 200 applicants had to be denied stalls.

Mr. P. Gopalakrishna Setty stated the financial aspect of this year's exhibition was hoped to be stable. Here he disclosed that last year, they had nett savings of Rs. 26,000.

Mr. Krishna Aiyar, General Secretary detailing the arrangements said that entertainment and amusements by way of music, dance, and drama would form an important feature. To encourage amateur artistes, competitions in music, drama, dance, fancy dress, would be held. Floodlight tournaments both for gents and ladies and competitions for 'Mr. Mysore' were being arranged. Folk Arts and many items of amusements like circus merry-go-round etc., would be provided at the 'Jeevana rayanakatte', he said.

'Preview'

RAMBHA'S LOVE

A preview of the Picture "Rambha's Love" was held at the Rajkamal Talkies, yesterday. Mr. M. S. Gurupadaswami M. P. was present.

As the title itself connotes it depicts a mythological story of romance between Rambha, the Angelic Court dancer of Indra and a mortal. It has all the appeals to the common film goer music, dance, humour, provided by popular stars Bhanumathi, Tangavelu and Baliah.

The picture promises to be a good box-office hit.

"BHAGYODAYA"

The Management of the New Opera Talkies and the Producers of Udava Pictures held a Press show of their Kannada picture "Bhagyodhava" yesterday.

The picture deals with the social affairs of a family of two sons and their wives, one ultra modern and the other a typical Hindu woman of the orthodox type. The clash of ideologies of the two ultimately results in success to the latter.

DEVTA

'Devta' of Narayan and Company was released yesterday at the Woodland Talkies in the City.

This is the Hindi version of the concern's Tamil offering 'Kanavane Kankanda Deivam' and has for its plot an engrossing story of love and adventure.

Lavishly produced with gorgeous settings, beautiful Geva color sequences and attractive dances it provides pleasing entertainment.

Anjali Devi as princess Nalini, Gemini Ganesban as Vijay have done well. An outstanding performance comes from Vyjayanthimala.

Gandhi Jayanthi

Gandhi Jayanthi is being observed all over the country for one week from today. In this connection, several new schemes have been launched for the improvement of the Nation's economic prosperity.

Early this morning thousands of people including President Rajendra Prasad visited Rajghat at Delhi and placed flowers on the Samadhi of the Father of the Nation-Mahatma Gandhi and laterpartook in mass spinning.

President Rajendra Prasad has called upon the people to imbibe the high ideals of Gandhiji and to live up to those ideals

In a message on this auspicious occasion, the President stated that the emphasis of Gandhi's message was more on doing than on saying. It was his belief that whatever man did after imbibing the spirit of Ahimsa and truth, was good and moral. During the last half a century innumerable people had sought inspiration from Gandhiji's personality and teachings not only in politics but also in other walks of life. Those who claimed to be Gandhiji's followers by living up to those ideals could lend significance to the Jayanthi celebrations.

RICE PRICE SOARING

PROMPT MEASURES NEEDED

Mysore, 4

Union Deputy Food Minister who made a personal study of the food situation in the State last month, particularly the soaring price of rice made prompt arrangements and supplied ample quantity of rice from the Central godowns, for being made available to the public at 2 seers per rupee. But the benefit of this timely supply was denied to the public as no practical steps were taken for the sale of the Government rice on a wide scale throughout the city, by the local officers.

Union Deputy Minister not only promised but also arranged for immediate despatch of rice stocks to the city and even posted a Special staff of the Union Food Ministry, to attend to the work. Only a few co-operative societies took advantage of the offer made by the Government and were selling rice to the public. But under this arrangement not even one per cent of the population is benefitted. The quantity taken by these Societies in the aggregate did not exceed 50 bags a day.

All the arrivals of supply were being stocked without being issued to the public. It is learnt that the Central Godown had requested Madras to stop further despatches for want of accommodation for storing them.

Though the City Municipality had decided to open fair-price depots in all the Divisions, the work had not yet been taken up for some reason or other. Already hundreds of people have arrived for the Dasara Festivities which begin here from tomorrow. There seemed to be lack of co-operation and vigor on the part of the local officers to arrange for proper sales of the rice which has been stocked here and make it available to the public. In the market the price of rice had already gone up and it may even be sold at one seer per rupee or even less.

The Deputy Commissioner and the Food department should immediately take concrete action in the matter and see that proper arrangements are made. They should immediately ask all the hotels to buy rice only from the Central Godown, as is being done at Bangalore and also provide rice for retail merchants to sell them in their shops throughout the City. If nothing is done in a day or two there is even every possibility of rice disappearing in the market and people will have to starve

★The Union President has given to assent Bangalore Road Transport Nationalisation Bill, as passed by the State Legislature. It came into effect from Oct. 1.

FAIR PRICE DEPOTS

Mysore, 4

The adjourned meeting of the City Municipal Council was held yesterday, Mr. A. Krishnamurthy Rao presiding: and formed a Committee with Messrs S. Linganna, B K. Ramakrishniah, Sanjiviah, and B. K Puttiah. in connection with the opening of fair price depots in the city and other allied food problems

The Council rejected the resolution tabled by Mr. M. N. Thimmiah, which sought for constituting a committee to examine the working of Municipal markets, as they were not functioning properly, and to submit a report thereon.

Mr Thimmiah pointed out that the revenue from the markets was Rs. 2,43,000 and a sum of Rs 46,784 was out standing in January this year. This showed that the collection work was not satisfactory. There were many cases of subletting of shops also. With a view to go into this, the sub-Committee was necessary, he said.

Earlier in reply to interpreilation, the House was informed that Rs.2,568 was due since 1945-56 from various persons on the Sewage Farm accounts.

Several members criticised the executive for allowing dues to remain un-collected since 10 to 12 years. Later the Council adjourned to meet today.

FRUIT JUICE POWDER

Mysore, 5

A new process for the production of fruit juice powders from mangoes and papayas has been developed at the Central Food Technological Research Institute, Mysore.

Fruit juice powders are not manufactured in India at present.

The powders are becoming increasingly popular particularly for feeding infants and children. They are palatable and constitute a rich source of vitamins. They can be reconstituted into juices having almost the same nutritive value as juices prepared from fresh fruits. It is also more convenient to transport the powder.

FRUIT PULP SHEETS AND SLABS

A process to obtain a fruit pulp of uniform and smooth texture has also been worked at the Institute. The pulp produced under the new process has bright colour and appearance and has good taste and flavour. A soft fruit beverage is also obtained as a by-product.

The pulp of fruits like mango and jack fruit at present is usually sun-dried or dehydrated by other artificial means in many parts of the country.

DEVELOPMENT OF SILK INDUSTRY

REGULATED MARKET FOR COCOONS

Mysore, 6

Sri. H. Siddaveerappa, Minister for Finance and Home inaugurating the Government Silk Filatures, yesterday at T. Narsipur, revealed that the Government of India had sanctioned Rs.10 lakhs for opening Regulated Market in the State for securing fair price to the producer of cocoons and to ensure a stabilised market for silk products. The Silk Filatures were nationalised on Oct. 1.

Though the Filatures were working since thirty years yet the quality of the products had not improved and the growers experienced many difficulties. This was not due to the weakness of Government; but to causes beyond their control like competition from artificial silk and also from the import of silk from foreign countries, he said.

Mr. Siddaveerappa stated that only 12 per cent of the produce was coming from filatures and the remaining from looms. Our silk was still in the 'D' or 'E' grade as compared with those coming from outside.

The aim of the Government in nationalising was to remove the various difficulties and to improve the position of the growers, he said.

The Minister continued that after Nov. 1, Mysore would be a leading silk growing State in the whole country and the help and active cooperation from workers, and growers were called for. The Central Silk Board was very anxious to improve the Silk Industry and were prepared to extend any amount of financial assistance for the purpose, he added.

The Minister urged the need for a planned programme for this industry appealing to the labourers the Minister wanted them to realise that the industry was feeding six lakhs of people, of the area and they should cooperate with the Government in stabilising the Sericulture industry, he concluded.

Earlier Sri P.K.Krishnamurthy, Director of Sericulture and Sri. Srinivasa Iyengar, M.L.A, presented address to the Minister.

DATAR ON VALUE OF EXHIBITION

MEANS TO IMPROVE ECONOMIC PROSPERITY OF THE COUNTRY

Mysore, 6

Declaring open the Dasara Exhibition, here, yesterday before large and distinguished gathering Sri. B. N Datar, Union Minister for Home affairs stressed the importance and value of exhibitions like the one he was just inaugurating, not only as a stock-taking of the country's achievements in the varied fields of industry, agriculture, and others but also as a means of exploring fresh ways of improving them for the greater economic prosperity of the country. He said, that the agriculturists should be induced to witness the exhibition more and more and to benefit thereby.

The Union Minister paid tributes to the Rulers of Mysore for their benevolent administration which had been a model for other States and also facilitated in the formation of a United Karnataka.

Mr. Datar said that it was the long-cherished dream of more than 20 million Kannadigas coming true and complimented Mysore for the noble part it played in this great task. He pointed out that with the formation of new Mysore, the responsibility on the part of the people of Mysore was greater.

They should all join hands and see to it that the administration was rendered smooth and good. With the advent of a 'Peoples' Government, he said, their responsibility towards formulating socialist policies, for the betterment of the common man had increased. He assured that the private sector would never be ignored or neglected so long as they did not work to the detriment of the larger interests.

BASIC EDUCATION

A careful and thorough study of basic education in all its aspects for a correct understanding and appreciation of what Gandhiji had in his mind when he propounded the theory of basic education, was urged by Mr. C. Rajagopalachari, yesterday at Gandhigram Conference of Basic Teachers.

Basic education should not be measured by mere productivity or getting a lot of knowledge but by the cultural values imbibed by boys and girls. Basic education should prove that boys and girls trained under it were superior to boys and girls under the other system of education.

Mr. Sriman Narayan General Secretary of the Congress confessed that basic education had not made progress in the country on account of teachers and the general public being reluctant to change over to the new system.

C. R. ON LANGUAGE PROBLEM

Addressing a very large gathering of students of all the Colleges yesterday at Madurai, Mr. C. Rajagopalachari, former Governor-General of India declared that the language prevailing in a State should be the language of that State. He also stated categorically that English should continue to be the language both for inter-State communication and also between a State and the Centre; and English should not be replaced by Hindi.

Mr. Rajagopalachari, added that there was no sense in imposing a language which would at once consign disadvantageous position on a large body of people. They should know what democracy meant.

Mr. Rajagopalachari claimed that the mother tongue could be effectively used as the medium of instruction in colleges. There was nothing worng in adopting the technical and scientific terms in English that were in use.

He opined that it would be an act of grave injustice, if the people of Tamil Nad were ordered to manage their business in Hindi, which they did not know and that when English was understood both in the Centre and other States.

OPPOSITION TO CONGRESS

If the Congress should function efficiently on sound democratic lines, an affective and strong opposition was imperative declared Mr. C. Rajagopalachari, yesterday at Mudurai.

He pointed out that such an opposition could only come from within the Congress and it should remain loyal to the basic ideals of the Congress, uninfluenced by the glamour for power and position, and offering healthy and fearless criticisms, wherever they were called for.

Unprecedented Dasara In Mysore

Mysore, 11

This year's Dasara festivities are bound to break all previous records in respect of visiting crowds, whatever be the cause for this.

According to reliable sources more than 3 lakhs of people from different parts of the country have already arrived here. Yesterday six special trains, apart from the usual additional trains, were put into service from Bangalore to Mysore.

Two special trains from Chamarajanagar and Arsikere also brought their full compliment of sight seears for the season. The total number of arrivals yesterday alone by train was more than 14000.

The Government Transport Service is also pouring people into the city. Yesterday not less than 58 buses were run from Bangalore to Mysore.

Even the buses including those of Government are unable to cope up with the heavy traffic. Even the 50-seater Government Bus is carrying more than a hundred at a time. Especially for places like K R Sagara, Nanjangud, Seringapatam and Chamundi Hills the buses are making a number of trips, people being hudled like sheep.

This bumber season is a perfect harvest for hotels and proprietors who without any qualm of conscience are demanding exhorbitant charges for boarding and lodging, rates unheard of in the history of Mysore.

During the last six days, the number of visitors to the Dasara Exhibition was nearly 58,000. The total collections had already reached Rs. 10,828.

MOVEMENT OF FOOD

The Government of India are carefully studying the trends of prices of foodgrains in the country. Knowledgable sources close to the Food and Agricultural Ministry reveal that the Government of India have not yet decided on any ready-made scheme for imposing once again controls on the movement of foodgrains in the country, it is stated. Government are however awaiting the arrival of the new harvest, to study its reaction on the local price situation.

OPEN-AIR PRISON

An open-air prison for well-behaved prisoners is proposed to be opened by the Travencore-Cochin Government, this year. It will be established at Mulankunnathukavu, near Trichur at a cost of Rs. one lakh. It will house 50 prisoners and will have a dairy farm, a sheep-breeding station and an agricultural farm for providing work for the prisoners.

Ch. NAGAR-SATYAMANGALAM LINE NEXT YEAR

Mysore, 15

Union Railway Minister Sri Lal Bahadur Shastri announced here this morning that the construction of Satyamangalam-Chamarajnagar Railway line connecting Mysore with Coimbatore was under the active consideration of the Central Government and might be taken up during the next financial year.

Mr. Shastri stated that this question was old and at the same time important.

It could not be taken up earlier for paucity of funds. But now the Planning Commission was tapping other resources to finance the scheme, he added.

The Railway Minister was replying to a Civic address presented at the Town Hall by the City Municipal Council.

After invocation by Smt. Girijamma and flute by Dr. Shamachar, the Municipal President Sri A. Krishnamurthy Rao presented the address to the Minister enclosed in a sandal wood-casket.

Mr.Krishnamurthy Rao strongly pleaded for the construction of Mysore-Mangalore and Mysore-Coimbatore Railway lines, conversion of Mysore-Bangalore metre-guage into Broad guage and up-grading the Railway Workshop in Mysore City and eventually converting it into a wagon building factory. He also requested the Minister to have Mysore as the headquarters for one of the railway divisions.

Mr. Shastri stated that there was no question of transfer of the headquarters of the division from Mysore.

Speaking about railway link between Mysore and Mangalore the Railway Minister said that the survey work of the proposed Hassan—Mangalore line had already been completed and now it was engaging the attention of the Railway Board.

Paying tributes to the City Municipality for its efficient administration,he said that the city should be developed to attract people not only from all parts of India but also from abroad,

The function was attended among others by chief Minister Sri Kadidal Manjappa and Ministers Messrs, A G. Ramachandra Rao, Siddaveerappa, Dr. Nagan Gowda, West Bengal Minister Mr, Jallam, Coorg Chief Minister Mr Poonacha M.P.C.C. Chief Mr S Channiah and Messrs. S. Nijalingappa, H. C. Dasappa and Gurupadaswamy M.Ps,

Earlier, the Railway Minister paid a visit to the Railway Workshop and addressed the workers.

Relief To N.G.Os. EFFECTIVE FROM AUG. 1

Bangalore, 15

The Government of Mysore have decided to sanction interim relief to Non-Gazetted Government servants in Mysore State, drawing a pay not exceeding Rs. 300. The relief will be in the form of a personal allowance of 10 per cent of the pay subject to a minimum of Rs. 5 per month and a maximum of Rs. 20 p.m. with effect from August 1956. This personal allowance is absorbable when the officers and officials are allocated in the common pay scales to be evolved in the new State.

Disclosing this at a Press Conference, yesterday here, Chief Minister Sri Kadidal Manjappa stated that the question of nationalising the pay structure of the Services in the State had been engaging the attention of the Government for some time past In pursuance to assurance given during the budget session of the State Assembly, in 1955, a Committee with Shri VM Mascarenhas as Chairman was appointed to examine the pay structure and the Committee's report was received in January, this year. Orders were not passed thereon since the question of reorganisation of State came to the forefront.

The interim relief would benefit 99 per cent of Government servants numbering about one lakh of persons. It would cost the Government an additional expenditure of about Rs. 6½ lakhs.

★ The Government of India have sanctioned a grant of Rs. 40 lakhs to the Punjab Government towards the construction of the State Capital at Chandigarh, it is stated.

UNPRECEDENTED CROWDS WITNESS PROCESSION

Mysore 15

The State Procession, popularly known here as the 'Jamboo Sawari' which highlighted the Dasara Festivities and the culmination of the season took place yesterday, attended by an unprecedented crowd, which was un-officially estimated at more than five lakhs. A rumour that gained currency that this year's 'Dasara' was last of the celebrations,of course baseless as it was, was mainly responsible for attracting such a mammoth crowd, which ever was the greatest witnessed during the Dasara in living memory.

As usual, the prceession consisting of the Royal pharapharnalia of elephants, camels, the Sardars, Durbaris, military, scouts, NCC State and Palace officials and citizens with all the insignias preceded the Royal elephant with the Golden Howdah, in which sat His Highness the Rajapramukh clad in Royal robes. When the Rajapramukh took his seat on the State elephant, it was heralded by a salute of 21 guns fired from the Fort battery. The entire procession route of three miles was gaily decorated with welcome arches, flags and with placards praying for the long life of the Maharaja. People in their tens of thousands lined the three mile route,while in some places it was said to be about fifteen deep. All motor vehicles and other conveyance were stopped at long distances to enable pedestrians to freely move about.

Despite rains which proved quite unfavourable bursting out in fits and starts causing untold inconveniences, the crowd occupied the positions of vantage on the procession route early in the day to catch glimpse of the Rajapramukh People were seen even in their multi-colour dress like butterflies clustering on the branches and tops of trees.

As the Rajapramukh was sighted, he was cheered by the multitude and he responded with folded hands.

The Procession reached the Banni Mantap, at about 6-30 p. m. after exactly two hours's from, starting. Here, a torch-light parade was held and the Rajapramukh took the salute at the Marchpast. After the religious ceremony was over, there was a heavy downpour which lasted for more than four hours. The return procession was therefore cancelled and His Highness the Rajapramukh drove to Palace in car. This was a great disappointment to a large crowd.

Earlier in the day His Highness the Rajapramukh entertained a large gathering of officers and special invitees at a party, which was attended among others by Sri Lal Bahadur Shastri, Union Railway Minister and Sri S R Das, Chief Justice of India.

MULTI-PARTY SYSTEM

Delivering the Baroda University Convocation address yesterday Dr. John Mathai, Vice-Chancellor of the Bombay University made a strong plea for the small group of national leaders in power today to withdraw from party politics, making room for divergences of opinions within the ruling (Congress) party to crystalise itself into new party divisions.

Dr. John Mathai said that leadership was not made to order, but it was born out of circumstances from human material which was capable and sensitive.

VARSITY FOR FINE ARTS

The first Music University of the country, known as the Indira Kala Sangit Viswavidyalaya was inaugurated at Khairigarh in U. P. by Mrs. Indira Gandhi, yesterday. The University which cost about Rs. 20 lakhs would have the faculties of fine arts, music and dance and such other faculties as might be introduced in course of time, under Statues. Dr.Pattabhi Sitaramiah, Governer of Uttar Pradesh exhorted people to take to study of fine arts which had an integrating force.

RAJAPRAMUKH AS GOVERNOR OF NEW MYSORE

Mysore, 16

Union President Dr. Rajendra Prasad has appointed His Highness the Rajapramukh as the first Governor of the new Mysore to come into existence on November 1, and that he has accepted the offer made by the President.

Mr. S.Channiah, MPCC President made this disclosure here yesterday while replying to an address presented to him by the citizens of Mysore, at the Crawford Hall

Mr. Channiah referred to the people's responsibility, now that the bigger State was about to be ushered into being and asked them to work unitedly for the successful administration of the new State, so that people might be assured of every happiness and prosperity under the new aegis.

Mr. Kadidal Manjappa, Chief Minister who was also honoured by the committee of hosts said that Democracy could function well only when there were healthy and constructive criticisms. But there was a limit both for criticisms and for flattery, Excess in either of these was not good. He as the Chief Minister of the State was perfectly conscious that the administration could not provide adequate relief that the ryots demanded. He wanted people to realise the difficulties in fulfilling all their aspirations and ambitions.

He wanted to take this opportunity to extend a warm welcome to all the Kannadigas in other parts of the different States, about to join them in the bigger Mysore.

Concluding Mr. Kadidal said that if there was 'party rivalry within the State, it would create difficult situation to the leader The result would be that the administration would suffer. He appealed to every one to cooperate with the new administration to make it efficient and progressive.

After invocation, Mr. M. B. Basaviah, Chairman of the Reception Committee welcomed the guests. Mr. Puttuswamy presented the address to the Chief Minister and the M. P. C. C. President. Mr. B. Narayanaswamy, M. L. A. proposed a vote of thanks

RANGAVILAS MURDER CASE

Bangalore, 17

In the Rangavilas Murder case Mr. Prema, Finger Print Expert gave evidence for the Prosecution before the Principal District and Sessions Judge Mr. Nataraja.

In his evidence, he described in detail how he took the finger prints on the 3 silver vessels, on the implements, window bars and on the knife and other articles found in the scene of murder.

At the suggestion of the Judge, the Expert gave a demonstration of taking finger impressions, before the Court.

Earlier, the Sessions Judge passed an order on the petition filed by the Special Public Prosecutor praying for permission to examine Daffedar Nanjundiah and Sub-Inspector Krishnamurthy who had taken finger prints, allowing the petition.

In his order, the Sessions Judge observed that the examination of these witnesses had become necessary by reason of the refusal of the accused to give their finger prints before the Court and as the witnesses would speak to their having taken the finger prints of the accused while they were in custody.

Rain Havoc In Bangalore

Bangalore, 19

Nearly 500 houses and tenements collapsed due to heavy and unexpected rains on Tuesday last, resulting over a lakh of people being rendered homeless, in Bangalore City.

But luckily there had been no casualities. The worst affected area was between the Raja Mills and the City Station where the condition of about 20 middle-class families living in basement portions of bungalow-site houses was disastsous. On the fateful night storm water rushed into the houses 4½ feet deep and destroyed all foodstuffs and other belongings. It was really a miracle how all the inmates who were fast asleep escaped the disaster.

The other seriously affected places were the low-lying areas in Seshadripuram, Lal Bagh, Kempambudhi Tank, Raghavendra Colony and Subhasnagar.

The total loss suffered in the whole city was estimated between Rs. 7 and 8 lakhs.

The City Corporation and the Government are taking adequate relief measures.

NO CAUSE FOR ALARM

Bangalore, 22

Union Deputy Food Minister Mr. M.V. Krishnappa categorically stated here on Saturday last that no case had been made out for the reintroduction of physical controls in the country like rationing and procurement. He was speaking to Pressmen when he stated that though the recent rise in foodgrains price gave them some cause for anxiety, there was none for alarm. He however pointed out that the food price-rise which persisted for sometime past and the magnitude of rise being more than what was warranted by the seasonal conditions, did call for a careful watching over price situation. The Government should not be hustled into taking panicky measures which would only create more problems than they could solve.

That was why Government of India were thinking of stategic or zonal controls over movement of foodgrains.

Mr. Krishnappa added that any overall deficit in South would be met by imported stocks which Government had in programme and this was arriving in full swing. The deficit in South including Madras and TC State would generally come to about 6 to 8 lakhs tons and the surplus rice produced in Andhra would be more than 6 lakhs tons The deficit would be met be Government of India who have programmed to have always nearly 5 lakh tons of rice in stock in the South Zone.

BEST SECTION OF EXHIBITION

Mysore, 22

Vice Chancellor Dr. K. V. Puttappa suggested a campaign for the eradication of diseases on the village level and that medical men should closely co-operate in the movement.

Dr Puttappa declared the the medical section of Dasara Exhibition closed yesterday evening.

The Vice-Chancellor expressing his appreciation of the work of the section stated that it wag highly educative and a matter of great pride to the University. He said that it would have been of immense use if the work of this section had been screened to the village folk. Speaking about social service by University students, he stated that in the University Bill, provision was there for social service but not by compulsion.

He expressed the opinion that the "Atoms for peace" and the 'Medical Sections' were the best in this year's Dasara Exhibition.

Earlier, after invocation, by Smt. Shri Devi, a student of the Medical College, Dr Appaji Principal read a brief report. He stated that about 65,000 people had visited this section. 6,300 persons underwent medical check-up and 1,500 were X-ray screened. He stated that the collections made out of this would be utilised for getting up a Mobile Unit and hoped that some more amount would be received as grants from the Government.

RAPID INDUSTRIALISATION URGED

Bangalore, 22

Delivering the inaugural address of the Students' Association of the Sri Krishnarajendra Technological Institute, here, on Friday last ChiefMinister Kadidal Manjappa said that the only salvation to an agricultural country like India lay in industrialising the country and that too at a rapid pace.

Mr. Kadidal wanted people to get industrial-minded and to have mastery over machinery to achieve the objective of industrialisation.

Dr M. Visvesvaraya who was present at the function said that every student before he was 20 should choose an occupation and work at it wholeheartedly. He wanted Indian students to develop discipline and build up charecter just as theydid in Japan and modernise the customs and habits. They should also develop traits of self-reliance, collective and team spirit and initiative work he said.

RAJAPRAMUKH'S ADVICE TO DOCTORS

Mandya, 22

Doctors are the builders and custodians of the health of the nation. No plan of national development can ever forge ahead without the basic requirement of good health of the people observed His Highness the Rajapramukh, here yesterday.

The Rajapramukh inaugurated the 25th Conference of the Mysore Medical Association.

His Highness said that the Science of Medicine had no fixed horizon: it was limitless in its possibilities of healing and, indeed, in the reconstruction of the human being. A Conference of this kind was of immense value to those participating in it, so wonderful was the stimulus of minds which owned the same allegiance, he said.

Detailing the phenomenal increase in the scope of medical aid in the State, the Rajapramukh said that the expenditure incurred by the Government in the Medical Department which in 1928 was Rs. 13 lakhs had today reached the amazing figure of Rs. 105 lakhs. The number of medical institutions which was 242 in 1928 had now risen to 510 and of these 49 were General Hospitals for Women and Children We had in the State today one medical institution for an area of about 55 square miles and for 18,000 of the population, he said.

Commending the work of the Association, His Highness hoped that the deliberations of the Conference would result in promoting useful knowledge and in enabling doctors to play an even more worthy part through the practice of the profession, and that all members would live up to the highest traditions of the great and noble profession.

D.S.P. EXAMINED IN RANGAVILAS MURDER CASE

Bangalore, 24

In the Rangavilas Murder Case Mr. B. P. Revanna, District Superintendent of Police, Bangalore, was examined yesterday for the prosecution.

Giving evidence before the Principal District and Sessions Judge, here, Mr. Revanna deposed that on receipt of telephonic communication from Inspector Shivachara Singh about the murders in Rangavilas on June 6, he proceeded to the spot where already a large crowd had gathered and panchayatdars had been assembled. The premises was under police guard. On his arrival at the scene of occurrence, he was informed by the Police Inspector that the Fingerprint Expert and the police photographer had been sent for. The Deputy Inspector-General of Police arrived half an hour later at 7 30 a.m. The Inspector General of Police was not in the Station.

Witness then explained how the Fingerprint Expert scrutinised the flooring, walls window, door nobs, doors and silver articles for finger impressions and that the latter was allowed to take 19 silver articles for detailed examination. He also said that the police photographer took a number of photographs. The witness said he later sent the dead to the mortuary in the Victoria hospital. He also stated that he sent wireless messages to the District Superintendents of Police in the State to watch for the suspects and also the D.S.Ps in the neighbouring districts. Informants were also sent to collect information about the crimes, he said.

The District and Sessions Judge passed orders yesterday on the petition of Defence Counsel Mr. M C. Sri. A Ramanna, President, local Government Silk Factory Workers Union has pleaded for extending the benefits of the interim relief, now given to all Government employees getting less than Rs. 300 per month, to the workers in the Government Silk Factory also.

RE-ORGANISATION OF SECRETARIAT

Bangalore, 25

With a view to cope up with the expected increase in the work due to the enlarged area of the Greater Mysore, from Nov. 1, the Government have decided to reorganise the Secretariat, creating new posts of Deputy Secretaries, which has become inevitable.

There will be under the reorganisation nine Deputy Secretaries, one for each Chief Secretariat: and departments of Finance, Revenue, Commerce and Industries, Planning and Development, P. W. D. and electrical, L .S. G and Public Health, Home and Law.

Besides the present 21 Under and Assistant Secretaries 22 more would be added and assigned to several departments.

Accordingly there will be 61 office Superintendents instead of the present 34 and the number of First division clerks will also be increased from 212 to 327. Altogether, there will be 33 departments of the Government. Their functions have been re-allocated.

There will be three Chief Engineers in the Public Works Department; one Chief Engineer with headquarters at Bangalore and two Special Chief Engineers, one for the North and the other for the South.

In the Education Department in addition to the three existing Regional divisions, there will be two more regional divisions with headquarters at Dharwar and Raichur. There will be a Joint Director of Technical Education, and another Deputy Director to assist the D.P.I. The Karnataka University will deal directly with the Education Department.

INTERIM RELIEF TO MUNICIPAL SERVANTS

Mysore, 25

The Secretary of the Mysore City Municipal Labour Union in a statement has expressed regret over the discrimination, in the matter of giving interim relief to N. G. Os and denying the same to the employees and menial staff of the Municipality. He pointed out that the employees and other staff in the Municipalities were the lowest paid and hence they deserved the relief more than any other category of employees.

If the concerned authorities failed to rectify the same and grant interim relief to the municipal employees, they would be constrained to resort to other measures.

DISTRIBUTION OF BHOODAN LANDS

The Central Committee of the Bhoodan Yagnya Samiti has circularised all the subordinate committees laying down specific principles to be observed as the basis for the distribution of Bhoodan lands. The circular has stressed that the lands acquired in a particular area should be distributed among the landless in that area alone and in no case should it be given to those who did not depend entirely on cultivation.

The circular also laid down that one third of the lands so acquired should be reserved for the scheduled castes.

The circular further warned the recipients of lands not to sell or otherwise alienate the lands given to them, or even to keep it fallow for more than two years at a stretch.

Discrimination In Recruitment Of Rly. Staff

Mysore, 27

A crisis has already started in the Southern Railways, with the formation of the Mysore Division in the matter of filling up vacancies in the division, it is learnt. It is stated that the staff of Ex-Mysore State Railway who were promised time and again that they would not be moved out of Mysore State, are now being replaced by men from the South. The people from the Karnataka working in the Railways are forced to go and work in uncongenial places like Guntakal, thereby causing great obstruction for the education of their children.

It is believed in the Railway circles that the policy of recruitment followed by the Railway Public Service Commission, in recruiting all South Indians, excluding the people of Karnataka has lent much weight and support to the opinion prevailing among the workers, that the day is not far off, when there might not be Karnataka people at all in the Railways.

Mysore Railway workers apprehend that the formation of the Southern Railway and the consequent injustices rendered to the Ex-Mysore Railway men were not in the best interests of smooth working. Being hemmed in between two big Railways like the Ex-S. I. R. and the Ex-M.S.M. Railways, the Mysore Railway men are being squeezed out of the Southern Railways or are being made to occupy inferior positions.

Karnataka people working in the Southern Railways are said to be making common cause with the Mysore Railway workers, to bring pressure to bear upon the Railway Public Service Commission to block the vacancies in the Southern Railways for the next ten years only for the people of Karnataka, which alone could undo the injustice done to those, who have been suffering for over thirty years, by the discriminatory policy in recruitment, it is learnt.

Plea For Food Fairs In Exhibition

Mysore, 29

Presiding over the Prize distribution, at the Dasara Exhibition which concluded here, yesterday, Mr. M. V. Krishnappa, Union Deputy Food Minister advised the Exhibition authorities to organise 'food fairs' in the Dasara Exhibition, to educate people on the preparation of balanced diet and said that the Union Government would be prepared to help them in such organisation.

Mr. Krishnappa said that the Dasara in Mysore had become so popular that if people here did not want them, people from outside would come here and would not allow it to be forgotton. The Exhibition and the Brindavan Gardens were the 'two eyes' of the Dasara festivities' he said The exhibition was the oldest institution and the Mysore Rulers were the first to encourage it by awarding prizes to the agriculturists and artists, participating in it.

The Minister distributed 400 prizes to the exhibitors, and winners in various competitions.

It was revealed from the Secretary's report that this year the gate collection was a record one of Rs. 1,07,000 as against Rs. 78,700 of the previous year.

The Union Minister announced the donation of 10 lbs ghee and 10 lbs. of milk powder to each baby that participated in the "Baby Show" held in the Exhibition; 100 lbs of ghee and 100 lbs. of milk powder to Mr. Arokiaswamy who displayed Gadhiji's different poses and also 100 lbs. of ghee and 100 lbs. of milk powder to Mr. Farmer, who won the title of "Mr. Mysore" in the Body Beautiful competition of the Dasara Exhibition.

SELECTION OF CANDIDATES BY DECEMBER

Bangalore, 29

The General Secretary of the A.I.C.C. Mr. Sriman Narayan revealed here yesterday that the Central Election Committee would finalise the names of candidates to contest in the ensuing general elections by the end of December 1956.

Mr. Narayan pointed out that the primary qualification in the selection of the candidates would be their social and economic outlook. so that only those who believed in the objective of a socialist society would be sent up to the legislature. This qualification test was of utmost importance and necessary, so that there might not be any difficulty in enacting progressive legislations, he said.

The second qualification was the actual constructive work done by the candidates, in their constituencies.

AMBAR CHARKHA PROGRAMME

Under the Ambar Charkha programme 28 Vidyalayas (Training institutions) have started functioning against the target of 300 for the current financial year. Of the total of 300 Parishramalayas (training-cum-production centres) proposed to be set up under the scheme, already 152 have been set up.

CLEAN MUNICIPAL ADMINISTRATION URGED

Bangalore, 29

Inaugurating the Mysore State Municipal Seminar on Saturday last here, Chief Minister Sri Kadidal M. Jeppa declared that it would be far better for people to keep away from municipalities than for entering them through purchased votes, which was a slur on democracy.

Sri Kadidal continued that local self-government was the corner-stone of democracy. It behove the municipal councillors to strive for clean and unselfish municipal administration, which was indispensable for building up democratic India.

Referring to elections to municipalities the Chief Minister regretted that most Municipal Elections were marked by undemocratic methods resorted to by candidates who used corrupt means to get votes. He asked municipalities to give as much attection to their responsibilities and duties as to their rights.

Mr. T. Channiah, Minister for Local Self-Government in his address stressed the need for examining the working of local self-governing bodies in the context of the formation of new State, for ensuring better civic administration.

Delegates from 80 municipalities attended. Mr. M. K. Appajappa, Commissioner for Local Self-Government welcomed them.

Revealing this at a Press conference on Saturday last, the Agriculture Minister Sri H.M. Channabasappa said that the awards have been made to political sufferers without any special reference to the political party to which they belonged.

So far 666 political sufferers had been granted lands by the Government.

UNITY IN DIVERSITY

'I am of opinion that whatever one's views on life and one's beliefs and faith, no one can deny the hold that music has on human beings, for its highest graces from the feelings of the heart. The stresses and strains of modern life, make it incumbent on man to look for a unifying factor like music', said Dr. Rajendra Prasad, Union President, inaugurating the Radio Sangeet Sammelan, at Delhi on Saturday last.

Dr. Prasad pointed out that if in this country they had evolved a pattern of unity, in spite of so many diversities and a succession of vicissitudes and upheavals, they owed it to the common culturalties of which the Indian music formed an important part.

RANGAVILAS MURDER CASE

Bangalore, 30

Mr. M. C. Guru, Defence Counsel for the first and second accused Krishna and Muniswamy respectively in the Rangavilas Murder Case, advanced arguments on behalf of the accused before Mr G. Natarajan Principal District and Sessions Judge, yesterday.

In his arguments, Mr. Guru submitted to the Court pleading for a correct and proper appreciation and interpretation of the evidence, since the Prosecution had built up its case purely on circumstantial evidence. There was neither any eye-witness nor direct evidence and the Court must depend only on the circumstantial evidence. He said that the Prosecution had not established beyond any reasonable doubt the motive against the accused. He added that the prosecution had not also proved that the accused were in possession of the stolen properties.

Mr. B.T.Sundararajan, Counsel for the third accused Govinda Reddy arguing stated that the evidence of Jayamma on which the Prosecution relied, was untrue, unreal, artificial and should be viewed with great caution. His arguments were not concluded, when the Court rose for the day.

Governor of Mysore

His Highness Maharaja Sri Jayachamarajwadiyar

Governor Assumes Office

Bangalore, 1

The New Governor of Mysore State His Highness Maharaja Sri Jayachamaraja Wadiyar assumed office of the New Governor of the State here this morning at 9-40. The oath of office was administered by the Chief Justice Sri R. Venkataramaiah, at the Bangalore Palace.

Later Sri Nijalingappa and his collegues were administered oath by the Governor.

The newly appointed Chief Justice Sri R. Venkataramiah and other two Justices Sri. Nittoor Srinivasa Rao and Sri Hombe Gowda also took the oath of office, before the Governor.

Union President Dr Rajendra Prasad inaugurated the new State of Mysore at the Central College Cricket stadium here at 3-5 p.m. today.

Tody's six-page issue includes the Greater Mysore Inaugural Number also.

PRESIDENT'S MESSAGE

"On this historic occasion, of the inauguration of the new States of Bombay, Madhya Pradesh, Punjab, Rajasthan, Andhra Pradesh, Kerala and Mysore, I send my congratulations to these States. The present reorganisation is the natural outcome of the process of integration and consolidation. It brings about a change in the internal map of India in many ways, but there will be greater uniformity in our internal political structure. The formation of these new States is an event of great national importance.

"I earnestly hope that the people and their representatives would spare no pains in energetically tackling the problems of their new States, in a spirit of co-operation, goodwill and public service. On their dedicated service will depend the welfare and the economic prosperity of the country as a whole. I have no doubt that this will be forthcoming in an abundant measure. This day indeed is a day of rejoicing to everyone of us. I send to the people of these new States my greetings and best wishes."

SAMACHAR
MYSORE
Thursday, Nov. 1, 1956

Greater Mysore

India has made history again in the short span after her independence. She has accomplished what many feared to be almost impossible of achievement, without a heavy price. The reorganisation of the States on the basis of language was certainly one, over which, she might well be proud. An overall picture of the creation of the new States, barring the very minor incidents engineered by the protagonists of regional language, was almost a smooth-sailing affair.

It is no small joy for us to extend on this occasion our hearty welcome to these new States and their peoples and wishing them good luck in their endeavours towards a Welfare State.

We doubly feel happy to offer our greetings to the first Governor of New Mysore, and we congratulate the Government of India aud the Parliament in conferring this high distinction on the Rajapramukh of Mysore, to preside over the destinies of nearly 19 millions of people, in the Greater Mysore. We assure that no better choise could have been made. Having had a good administrative training under one of the most democratic Princes late Krishnaraj Wadiyar IV, and as the scion of a succession of noble rulers, Sri Jayachamarajendra Wadiyar with his hlgh culture and broad outlook is pre-eminently fitted to occupy this responsible office.

Now that the greatest of hurdles is got over it is for the Nation to put its shoulder to the wheel and work with single-mindedness in creating the Welfare State, not nearly in its concept but in its practical purpose.

The hall-mark of a good government is not the number of legislations put on the Statute Book, nor the colossal sums spent on its various projects and plans; but it is the fulfilment of the four fundamentals for human existence namely freedom from want, freedom from fear and aggression, equality of rights and opportunities and justice to all. If half of the nation is on the border line of starvation and semi-naked, if justice is delayed or denied we will be hardly justified in our claim for a 'Welfare State'.

The re-distribution of the country on linguistic basis has been done by the Government, not to perpetuate communal, or regional or any other kind of parochial interests but to pull together like a team, for the commonweal of the country as a whole. We will not be false prophets, if we prophesy that it augurs well for a glorious future; as the country has turned the corner and is fairly on the march towards prosprerity and plenty.

NEW STATE OF MYSORE

Mysore, 1

The new State of Mysore which came into being from today, has an area of 74326 square miles with a population of about 19 million. ANGLO-FRENCH ATTACK ON EGYPT

British and French bombers, it is stated began air and naval attacks against military targets in Egypt. Many towns like Cairo, Alexandria, and several airbases in Suez canal area including Port Said were bombed.

This action of Britain and France was strongly condemned in British Parliament yesterday by the leaders of Opposition.

Several countries of the World including U. S. A. have also condemned the action. India has characterised the action as violation of U. N. Charter.

U. S. President Eisenhower in his press conference yesterday stated that America would not be involved in this attack and the action of the U. K. and France was not acceptable to U.S.A.

Earlier in the Security Council Britain and France vetoed the resolution of America calling on all Nations to refrain form using force or threat of force in Egypt.

An official spokesman of White House is reported to have said that the United States stood by its intention of going to the aid of any victim of aggression in the Middle East. The victim at present was Egypt.

Bangalore, 1

Judgment will be pronounced on Nov. 7, in the Rangavilas Murder Case, in which Mr. Belur Srinivasa Iveegar and six others fell victims to a brutal murder on the night of June 5, in his residence, here.

The prosecution concluded its arguments yesterday.

Mr. G.Shankara Chetty, Special Public Prosecutor in his arguments for the Prosecution said that the evidence was complete about the complicity of all the three accused in the crimes that took place on June 5 in the house of late Belur Srinivasa Iyengar. The prosecution evidence was not based on conjectures. If all the circumstances were teken into consideration, it would show beyond doubt that the accused were not only burglars but they were murderers, he said

NEW ADMINISTRATIVE SETUP OF INDIA

14 STATES AND 6 TERRITORIES

With the re-organisation scheme coming into force today the Indian Union now consists of fourteen States and six territories. The States are Andhra Pradesh, Bombay, Kerala, Madhya Pradesh, Madras, Mysore, Punjab, West Bengal, Bihar, Rajasthan, Assam, Orissa, Uttar Pradesh and Jammu and Kashmir.

The most significant gain in setting up big States which the reorganisation has brought about is that they lend themselves to better coordination and more efficient execution of plans for economic development and welfare activity. They also contribute to the disappearance of excessive emphasis on particular regional interests and the discouragement of narrow loyalties relatable to other than national considerations.

An outstanding improvement in the administrative structure of the Indian Union achieved through the scheme of Reorganisation is the disappearance of Part C States and the elimination of the distinction between Part A and Part B States. Reorganisation has further aided in the abolition of the institution of hereditary Rajapramukhs which did not fit in well with the democratic set up in New India.

Reorganisation is no longer an end, but a means to an end, that end being the efficient execution of the great ordered plan for the economic, cultural and moral progress on which India has embarked.

According to new dispensation more than 98 per cent of the total population of the country will be covered by the new States and less than 2 per cent will be left in the territories.

The scheme effects no territorial change in the case of Assam, Orissa, Uttar Pradesh and Jammu and Kashmir. The one entirely new State is Kerala, though it represents mainly the old State of Travancore-Cochin. The enlarged Andhra State assumes the name of Andhra Pradesh.

MYSORE STATE

The new Mysore State which brings together the Kannada speaking people previously distributed in five States consists of the territorties of the old States of Mysore and Coorg, the Bijapur, Canara and Dharwar districts and the major portion of the Belgaum district in Bombay, the major portions of Gulberga, Raichur and Bidar districts in Hyderabad and South Canara district, except for the Kasergod taluk and the Kollegal taluk of the Coimbatore district of Madras.

The State of Mysore consists largely of an elevated tableland. With the inclusion of the hilly Malnad tracts in the new State, the solution to the problem of development of that area which is about half a century old is expected to be helped very considerably. The largely wooded Malnad area grows commercial crops like the coffee, tea, betelnut, cardomom and others. In the new set up Mysore will have an outlet to the sea for the first time.

The areas which newly joined the State are estimated to be financially deficit but the deficit is attributable to the irrigation, power, and other projects which are being taken up under the First Five Year Plan and subsequently. These projects when completed will considerably add to the agricultural wealth of the State.

The State is rich in hydro-electric power particularly in and around Shimoga district.

ANDHRA PRADESH

Next to Hindi, Telugu is the mother-tongue of the largest group of people in the country numbering about 33 million. Vast majority of these Telugu speaking people has been brought together in the new State which has been formed by the transfer to the old Andhra State of the Telangana area of the Hyderabad State and some other adjoining places. The area and population of the Andhra Pradesh are 1,05,963 sq. miles and 31 26 million of population.

BOMBAY

The new Bombay State has been formed by merging the States of Kutch and Sourashtra and the Mahrathi-speaking areas of Hyderabad and Madhya Pradesh in the old State of Bombay, after the transfer from that State of the Kannada-speaking areas to Mysore.

The new State is bi-lingual and brings together about 25 million Mahrathi-speaking and about 16 million Gujarati speaking people. It emerges as the largest State in respect of area -190,919 sq. miles and is financially most powerful. Its population is about 48 million.

KERALA

The new State of Kerala consists of the territories of the previous State of Travancore-Cochin except for four taluks of the Trivandrum district and a part of the Shencotta taluk of the Quilon district. It takes over the Malbar district and the Kasergod taluk of the South Canara from the Madras State. Kerala's area is 15035 sq miles and the population is 13.55 millions. It brings the vast majority of the Malayalam-speaking people together.

MADHYA PRADESH

This State will now consist of the territories of the previous State of that name (except a few districts), the former States of Madhya Bharat, Bhopal and Vindhya Pradesh. It has an area 171,201 sq. miles and a population of 26 millions.

MADRAS

The exchange of territories with the State of Kerala and transfer of some areas to the new Mysore State will make Madras to have an area of 50,110 sq. miles and a population of 30 millions.

PUNJAB

This new State is the result of the amalgamation of the territories of the two States of the Punjab and Pepsu and will cover an area of 47,456 sq. miles with a population of about 16 millions.

WEST BENGAL

With the transfer of some adjoining places from Bihar, West Bengal State will have an area of 33.805 sq. miles with a population of 26.25 millions.

BIHAR

After the transfer of some places to West Bengal, Bihar will have an area of 67,300 sq. miles with a population of 38.82 millions.

RAJASTHAN

With an addition of few taluks from the adjoining districts Rajasthan has an area of 132,078 sq. miles and population of 15. 97 millions. The significant addition to the territories of the old Rajasthan State is that of Ajmer.

UNIQUE EVENT

This redrawing of the political map of India is an event which is unique and unparalleled in the history of the world ever since governments came to base their authority on the consent of the governed. No other country of comparable dimensions and with a form of policy similar to our own has so far embarked on a similar enterprise.

"Solar Salute" For Gandhiji

The Gandhi Smarak Mandir at Cape Comorin has been so constructed that a solar salute becomes possible every year on Oct. 2-Gandhiji's birthhday.

The Mandir constructed by the Travancore-Cochin Government at a cost of Rs. 3 lakhs was opened by the Advisor to Rajapramukh on Tuesday last.

The monument is dominated by an 80-foot tower in the centre and two small ones on either side symbalising truth, ahimsa and peace. Architecturally it is a combination of pure geometrical forms and adoption of Indian temple style. The Mandir's longitudinal axis is so fixed, on Oct.2 sun's rays will fall on a pedestall through two slits provided on the mediation hall and the flat canopy over it.

MAKE MYSORE CULTURAL CAPITAL

DR. K. V. PUTTAPPA'S PLEA

Mysore, 2

Dr. K. V. Puttappa, Vice-Chancellor presiding at the public meeting held at the Town Hall yesterday in connection with the inauguration of new Mysore pleaded for making the city of Mysore the cultural capital of Karnataka, while Bangalore was the political capital of the new State.

The cultural unity of the country was in existence from the beginning of history. And today the politics could never break asunder the cultural unity inherited from ages.

Dr. Puttappa said that Kannada language had a history of thousand years behind it. Even before the English language saw the light of the day, Kannada was flourishing.

The Vice-Chancellor continued "politically let us call the new State as the enlarged Mysore. But culturally, let us call it 'Karnataka'.

"Today is a historic da. Kingship has given way to full-fledged democracy. "Here our new Governor has shown by his conduct how great it was to leave the kingship than to own it" he said

Concluding Dr. Puttappa said that though there were different languages, colour and mode of dress yet they were all bound by a common cultural tie, and that unity and oneness should be preserved.

STRENGTHEN UNITY OF THE COUNTRY

Union Home Minister Sri G. B. Pant inaugurated the new State of Rajasthan yesterday. The Home Minister called upon the people to strengthen the unity of the country and work for the development and progress.

Mysore, 2

Dr. Ram Manohar Lohia, Chairman Socialist Party of India has programmed a 12-day tour in the State. He arrived at Bangalore yesterday. He will be coming to Mysore today. The local Municipal Council have arranged 'Tea' in his honour tomorrow at 8-30 a.m.

HEARTY 'DRINK' FROM AMERICAN GIFT

Mysore, 2

The Sweepers of the Mysore City had a hearty 'drink' on last Monday from the American free gift of Butter oil and Milk powder.

Under instructions from the Union Deputy Food Minister Sri M. V. Krishnappa, the City Municipal authorities distributed free one packed tinful of oil weighing about 5½ pounds and one tinful of Milk powder to the sweepers numbering about 800 with strict instructions to use them only for their personal consumption.

But to the surprise, the artificial-ghee manufacturers and hotel men, waiting outside to transfer their profits to their homes, purchased the whole quantity. The sweepers just got Annas eight per tin and were jubilant for their unexpected earning and made their way straight to the liquor shops to quench their thirst for 'Drink'.

NEW MYSORE INAUGURATED

Bangalore, 2

Inaugurating the new State of Greater Mysore, here yesterday in a simple but impressive ceremony, Dr, Rajendra Prasad, Union President congratulated the people of Karnataka as a whole for having achieved the unification of all Kannada speaking people into one unit, without any unpleasantness.

The President observed that India had always the tradition of unity amidst diversity, but always subject to the cultural unity of country. But today they had advanced far by having political unity also, through a system of Government,run on one single Constitution.

Sri Jayachamaraja Wadiyar, Governor of New Mysore tracing the history of Mysore since the days of the Ganges hailed the dawn of Karnataka as the home-coming under one roof of the members of a family so very long separated. It marked the fulfilment of long-cherished dream and it was indeed a historic occasion, said the Governor.

The President on this occasion honoured Sri H. Narayana Rao, the composer of 'Udhayavagide Namma Cheluva Kannada Nadu" and Sri. Kalinga Rao, the singer with a purse of Rs 1000 and Rs. 500 respectively.

Udyan Pandit

The Government of India have decided to institute prizes for the production of class fruits and confer the title of 'Udyan Pandits' on the recipients like 'Krishi Pandit. The recipient of this honour will also receive a cash award of Rs. 5000.

DEVELOPMENT OF HORTICULTURE

The Union Government have allotted Rs. 9 crores for the development of Horticulture in the country during the Second Plan period. 50 malis in each State would be trained in scientific method of gardening.

EMPLOYMENT EXCHANGES

The Government of India have transferred from yesterday the administrative control over training centres and Employment Exchanges to the States concerned. according to a Press Note from the Director Ganeral of Resettlement and Employment.

PORTFOLIOS NOT YET DECIDED

Bangalore, 2

Chief Minister Sri. Nijalingappa stated here that he would take a couple of days to decide the allocation of the portfolios among the ministers.

He also indicated that he should be left alone to think over the addition of two more ministers to join the cabinet shortly.

Black-Out In City

During the past one week almost every night, there was complete black-out in many parts of the city.

Particularly during the Deepavali week which is proverbially known as the 'festival of lights' there were no lights at all.

People in Mysore City are accustomed to such happenings during the rainy season, when there will be rains accompanied by thunder and lightning. But strangely enough during the past nights without either rains or lightning, lights were going out, plunging the city into complete darkness.

The situation grew worse because there was not even the natural light as it was the dark fortnight. Pedestrians particularly were very much perplexed on their way back to their homes, when the glaring headlights of motor vehicles in their full blast dimmed their vision.

We hope the authorities concerned will take necessary steps to see that this 'Black-out' does not become a chronic malaise.

State Of War In Egypt

Egypt has declared to be in state of war against Britain and France, yesterday and had sent a communication to the United Nations to that effect.

As the Anglo-French bomber squadrons continued their offensive against Egyptian military targets for the second day yesterday, the British and French naval forces approached the Suez Canal both in the north and on the Mediterranean side.

Prime Minister Nehru characterised yesterday the Anglo-French action against Egypt as "clear and naked aggression." He added that self-respecting independent nations of Asia and Africa would not tolerate this and any attempt at suppressing nations that had recently achieved Independence and to set up puppet governments would not be allowed.

Prime Minister Nehru has called upon the United Nations to take strong steps to prevent the world 'plunging into war' and to demand the withdrawal of all foreign troops including Britain and France from Egypt, in a letter to the Secretary-General. Mr. Nehru has said that Britain and France themselves were invading Egyptian territory instead of trying to stop the Israeli aggression.

The Secretary-General of United Nations Mr. Dag Hammerskjeold has stated that he might resign his office if the member-nations did not honour their pledges to observe all Articles of the U. N. Charter.

Disappearance Of Princely State

Prime Minister Sri Nehru inaugurating the New State of Andhra Pradesh at Hyderabad said that in one sense the most significant of the changes under States reorganisation in the country was in Hyderabad where a Princely State was disappearing. The change was not only political but psychological, he said.

Mr. Nehru said that Princes might have performed their duties in the past. The people still respect them as individuals, but as a class they had no place in modern India. If a prince was selected for any post it was not because he was a prince but because he had the ability to discharge the duties.

Addressing a joint meeting of Congress Legislatures and workers, he appealed to the people not to be narrow minded as it could not make the nation big.

V.C'S APPEAL TO CITIZENS

Mysore, 5

Dr. K. V Puttappa, Vice-Chancellor said here yesterday that it lay in the hands of the citizens of Mysore in making Mysore City a prominent and important centre in the New State.

He was speaking at the function held at the Town Hall, last evening, in connection with the inauguration of the New State.

After the inauguration of the new State, Dr. Puttappa stated the importance of Kannada had increased. The administration and the education should be carried on through the mother tongue. People should work for the development of the same by cooperating with the University.

The Vice-Chancellor further pointed out that mere knowledge of foreign language did not make one intelligent. There were many persons who had become great just by the mastery of their mother tongue.

He deprecated the feeling of inferiority on the part of those who knew Kannada, and wanted them to shed off such an attitude.

Sri Agaram Rangiah and Sri K. V. Raghavachar also spoke on the occasion.

Sri. A. Ramanna proposed a vote of thanks.

TEACHING OF DISCIPLINE

Bangalore, 5

Under the National Discipline Scheme, about 400 teachers, both men and women will be recruited to be appointed in the educational institutions of the country, for inculcating the spirit of discipline among the pupils, besides educating them on India's rich cultural heritage.

This was revealed by Mr. J. K. Bhonsle, Union Deputy Rehabilitation Minister, on Friday last.

PRESENTATION OF ADDRESSES TO GO

Bangalore, 5

Presiding over the Kannada 'Nada Habba' organised by the 15 Youth Associations in the city, yesterday, Minister Bheemappa Naik deprecated the practice of presenting addresses to Ministers, and said that the Government would ban in the future such a practice as it smacked of 'bribery'. He also indicated that the custom of carrying the Silver Mace announcing the arrival of the Ministers would also be given up and that cut would be effected in the daily 'batta' of the Ministers

LOHIA CONDEMNS ATTACK ON EGYPT

Mysore, 5

Dr.RamManohar Lohia chairman of the Socialist party who arrived here on lastFriday condemned the aggression by Britain andFrance onEgypt and said that as a protest against this India should come out of the Commonwealth.

Speaking at a meeting at the Town Hall and Anjuman Ithihad-e-Islam Mr. Lohia severely criticised the foreign policy of India and said that socalled peace policy of Mr Nehru led the country not to peace, but to actual war.

A resolution urging all Indians to boycott the British and French goods in the country was passed.

Mr. Noor Hussain, Municipal Councillor welcomed Dr. Lohia.

Dr. Lohia was felicitated by the City Muicipal Council on Saturday morning at the Council Hall.

Dr Lohia pleaded here for more powers for local bodies and a thorough change in the administration.

Further he stated that the posts of Collectors and Commissioners were out moded and barbatic relics of imperialism and they should be abolished and their power vested in the Municipalities.

Mr Lohia said that the maintenance of the PoliceForce should be under the control of Municipalities. And 25 per cent of the revenues of the State should be given to Municipalities, for which a Constitutional provision was necessary.

EarlierMr. A. Krishnamurthy Rao welcomed.

ATTACK ON EGYPT & HUNGARY
An Outrage On Human Dignity

Addressing the ninth Session of UNESCO yesterday at Delhi, Prime Minister Nehru characterised the Anglo-French attack on Egypt and the Soviet Union on Hungary as an outrage on human dignity and freedom and represented a revival of colonialism and a violation of the "Panchashila".

Mr. Nehru said that at present it would appear that great countries thought that only reality was force and violence; and that fine phrases were merely the apparatus of diplomacy. They claimed the right of deciding problems by superior force.

Mr. Nehru called upon the delegates to pay heed to this collapse of conscience and good morals that was seen around them and warned them that unless they did so, all the fine ideals of UNESCO and the good work that it had done during the last ten years would be shattered into nothingness.

Mr.Nehru remiading the delegates of the preamble to the Constitution of UNESCO said that widediffusion of culture and education of humanity for justice, liberty and peace were indispensable to the dignity of man, and that peace must be founded upon the intellectual and moral solidarity of mankind.

He said that this was the basic approach of the UNESCO and the way it should travel, if it was to obtain the objectives of international peace and common welfare of mankind.

Welcoming the delegates to the General Conference of the UNESCO Maulana Abul Kalam Azad, Union Edcation Minister stated that it was inconceivable that Britain and France who were amongst the founders of the United Nations Organisation should have attacked Egypt, flouting the opinion of the U. N. C.

The first duty of the UNESCO was to seek a solution for the ideological clash which divided the modern world and which today threatened not only the peace of the world but the very survival of man, he said.

PANDEMONIUM IN MUNICIPAL COUNCIL

CONGRESS MEMBER VOTES FOR OPPOSITION MOTION

Mysore, 7

There was an unprecedented event in the City Municipal Council, yesterday when a member of the Congress Party voted in favour of an opposition motion against party discipline and three more Congress councillors abstained from voting.

While recording the proceedings of the Managing Committee, Mr. B. K. Ramakrishniah, Opposition Leader brought a motion stating that the Committee had gone beyond its powers, allowing the pandal erected by a fruit merchant in front of his (merchant) stall near Devaraja market, more than the time specified in the temporary license issued to him.

There was much confusion and pandemonium and heated debate over the question, between the Congress and the Opposition.

Mr. M. N. Thimmiah pointed out that allowing the pandal to continue after the time-limit, amounted to a disregard of the Council's decision. He believed that when the Municipal officials proceeded to the spot in this connection, they were said to have been threatened.

When the motion was put to vote, several members complained that they did not follow the proceedings on account of confusion. The resolution was re-read and votes were taken. The motion was defeated. Mr. Dodda Thammiah, (Cong.) voted in favour of the motion and Messrs. Kempe Gowda, Srinivasiah and Amiruddin Qureshi (Cong.) did not vote.

The opposition as a protest walked out of the Council Hall and re-entered.

Immediately, Mr. B.K. Ramakrishniah questioned how the next item on the agenda, was declared passed, when they were not present.

Mr. S. Linganna, Congress Leader said that the Opposition had taken 'mean' attitude.

Mr. Aziz Sait asked for the withdrawal of the word mean as it was unparliamentary.

Mr. S.Linganna said that the House was wasting its time on un-necessary discussion.

The President remarked, he never anticipated the Council would come down to this level.

Several members brought to the notice of the President that though many fair-price depots were opened, yet people were not gaetting their rice requirements and the price had not come down. They requested that suitable action be taken in this direction.

A resolution of Mr. B. G. Das requesting the Government to observe the 'Dasara' as a National festival, with the Centre's permission and to preserve the impartance of Mysore was accepted.

DEATH SENTENCE FOR ALL ACCUSED

BELUR MURDER CASE JUDGEMENT

(From our correspondent)

Bangalore, 7

Krishna, Muniswamy and Govinda Reddy, the three accused in the Rangavilas Mass Murder case were sentenced to death, today by the Principal District and Sessions Judge, Mr. G. Natarajan.

In a 140-page judgement the longest so far, he declared 15 charges against the 3 accused of murder, theft, using deadly weapons conspiracy to commit murder and theft, conspiring with the pre-meditated intention to commit the offences charged.

In the course of the judgement, the Sessions Judge remarked that the accused had committed the murders in a most brutal manner, without the least pity towards even children, and an old man of Mr. BelurSrinivasa Iyengar's age.

On two other charges, all the three accused were awarded 10 years rigorous imprisonment on each count, sentences to run concurrently.

Immediately after the judgement was pronounced, Defence Counsel Mr M.C. Guru applied for a copy of the judgement.

Demonstration Before Ml. Council

Mysore, 7

The students of the Government College of Indian Medicine staged a demonstration yesterday in front of the Municipal Offices while the Council was holding its meeting. The students were shouting slogans asking the Council to support their cause.

Mr.B.G Das and Mr.Narayana Rao, Councillors came out of the meeting and addressed the students condemning the Government's attitude in not fulfilling their demands and said that there was a resolution before the Municipal Council on this subject; to be discussed shortly. The students then dispersed.

Later, the Council accepted unanimously a resolution of Mr. M. N. Thimmiah requesting the Government to take immediate steps to end the strike by the students of the College of Indian Medicine by granting their requests and putting aside the question of shifting the college to Bangalore.

President Dwight Eisenhower was re-elected President of the United States of America, for the second time in succession, defeating the Democratic candidate Mr. Adlai Stevenson by a very big majority of votes. He will hold office as President for another four years.

JUDGEMENT IN RANGAVILAS MASS MURDER CASE

Bangalore, 8

Mr. G. Natarajan, Principal District and Sessions Judge, Bangalore, who awarded death sentences yesterday to the three accused Krishna, Muniswamy and Govinda Reddy in Belur Srinivasa Iyengar's Murder Case, in the course of the judgement said that the murders were pre-planned and carried out with great deliberation.

He further remarked that there was nothing to be said in favour of the accused and stated that it was proved beyond doubt that the first accused Krishna had conspired with the accused 2 and 3 to murder the inmates of the family of Belur Srinivasa Iyengar and to bring away all valuables. The only conclusion they arrived at was that Krishna must have taken part in the committing of murders of Belur Srinivasa Iyengar, Vengadamma, Lava, Kusa, Singamma and Ramalingam.

The evidence against the second accused had established the identity of his finger marks with those on the silver tray found in the store room, and that he must have been present and taken part in committing the murders. Evidence had also proved that the jewels recovered from his person and from the oven in his residence at Chinnayapalya all belonged to the house of Belur Srinivasa Iyengar. Hence he was also guilty of murder and theft and other offences.

The evidence against the third accused was clear about his complicity in the murder and theft of jewels and hence he was also guilty of the offences, the judgement stated.

CO-OPERATION TRAINING COURSE

Mysore, 8

Chief Minister Mr S. Nijalingappa will inaugurate the fourth regional training course on co-operation, to be conducted by the International Labour Organisation under its expanded programme of technical assistance. The course will be held in the Akasha Vani Buildings here from Nov. 12.

The main object of the training course is to examine the co-operative problems from the Asian point of view and to find out ways and means of tackling them successfully.

As many as 26 officials connected with the development of co-operation and small-scale and cottage industries from nine Asian countries will take part.

HEALTH IN MYSORE CITY

ADVICE TO YOUNG AGRICULTURISTS

Chief Minister Mr. S. Nijalingappa, presiding over the Young Farmers' Conference held in Shimoga; yesterday, called upon the youth to take keen interest in agriculture and work hard for the country's progress.

He added that higher food production would be achieved through improvements in techniques and propagation of intensive cultivation.

Dr. Punjabrao Deshmuk, Union Agriculture Minister who inaugurated the conference said that the Government of India had proposed to assist the farmers in the country to the tune of Rs. 220 crores. He advised young farmers to bring about an understanding between the old farmers tied down to traditional methods and young farmers who had imbibed the spirit of modern science to induce old agriculturists to take profitable methods of cultivation.

Rly. Bridge Breached

Mysore, 8

Dislocation of traffic on the Mysore-Arsikere section of the Southern Railway due to the breach of a small culvert bridge last night between Sagarkatte and Krishnarajnagar stations, on account of heavy rains, is reported.

Passengers from both Up and Down trains are being transhipped. It is stated that by this evening the bridge would be repaired and normal traffic restored.

BOYCOTT BRITISH GOODS

Mysore, 8

The City Socialist party held a meeting of the students in front of the Maharaja's College this afternoon, in conection with the observance of "Egypt Day".

Resolutions urging the Union Government to withdraw from the Commonwealth and to prohibit the loading and unloading of British ships in Indian ports as also the use of British goods by the people were passed.

Messrs Mir Noor Hussain, T.V, Srinivasa Rao, and others spoke criticising the act of aggression on Egypt by Britain, France and Israel.

SUBJECTS BEFORE A.I.C.C.

The A. I. C. C. scheduled to meet in Calcutta from Nov. 9 to 11 will have a thorough discussion on the Middle-Eastern crisis vis-a-vis its reaction on the implementation of the Second Five Year Plan. Congress President U.N. Dhebar is said to have received a good number of representations from members for a full-dress debate on the subject.

MILITARY ACTION ON EGYPT STOPPED

The Anglo-French troops which attacked Egypt and bombarded the Suez Canal area were ordered to 'cease-fire' on Tuesday midnight. This action on the part of British and French Governments was the result of a stiff warning administered by the Soviet Premier Bulganin to Britain and France of Russian Military intervention, if they did not desist from their attack on Egypt.

The British Premier Sir Anthony Eden informed the Parliament Tuesday that Britain and France had called off the military operations in Egypt, since Egypt and Israel had accepted an unconditional ceasefire and that efforts were being taken to set up an international police force to ensure peace in the area.

RUSSIA'S ULTIMATUM

Marshal Nikolai Bulganin, the Soviet Premier in a message to the British Premier stated "Russia was full of determination to curb aggression and re-establish peace in the Middle East together with other members of the United Nations; and if Britain and France did not heed to this, Russia might use force including rockets against them.

CHILD HEALTH PROGRAMME

The Asian Regional Office of the UNICEF announced yesterday that the child health programmes in Asia from Afghanistan to Japan would get about 2,747,000 United States dollars from the United Nations Children's Fund. The money is expected to be spent on 14 projects of the above countries.

Out of this amount India's B. C. G. mass vaccination scheme will get 2,04,000 dollars for the largest vaccination campaign, the world has seen so far.

"MYSORE RAJYA"

Mysore, 8

The Government of Mysore have done well in bringing out a comprehensive publication on the new Mysore State, entitled "Mysore Rajya" in Kannada, on the eve of the inauguration of the new States on Nov. 1.

The book contains very useful articles by eminent persons like Messrs R. R. Diwakar, Dr. S. Srikanta Sastry, T. T. Sharma, C. K. Venkataramiah, A. N. Krishna Rao and S. M. Desai, dealing with the history, culture, architecture, dance, drama, music and other aspects of Karnataka.

Part two of the book contains statistical information of the New State, which would be a good ready reckoner.

The book is fully illustrated and printed on fine art paper, with a map of the New State and is priced Rs. 2 so as to make it accessible to all.

The first copy of the book was presesented to the Union President on Nov. 1.

The publication of the book in the regional language-Kannada is laudable. However, similar publication in English also would have been of immense use to the non-Kannada knowing people, to know much about the New State.

★Mrs. Sucheta Kripalani member of the National Executive and founder member of the Praja Socialist Party of India has resigned her membership, of the Party to devote her whole time for the social and constructive work among women and for the refugees in the country.

School-Year From May-June

Bangalore, 8

The School Year in the new Mysore State will be May-June with effect from 1957. This is a reversion to the old pattern. Orders in the matter has been issued by the Government.

Hanumanthaiya's Ministry had changed the old pattern and had made the school year to commence from the Sarvodaya Day, i. e., January 30. In view of the States reorganisation, to have an uniform policy throughout the State, this revision has been effected.

According to the new order, the date of reopening of primary schools will be May 22, for high schools, training institutions and other special institutions-June 1, technical institutions July 1.

The primary school examinations will be over by the end of March; examinations in high and training institutions by March 8 and S. S. L. C. Public examination will be held between March 22 and April 7. Technical institutions will have their examinations in April.

During the current session all class examinations in high schools have to be over by January 10 and in primary schools by Jan. 15. S. S. L. C. Public examination will be conducted between Jan. 15 and the end of the month.

As regards terms, there will be two: the first term from the begining of the classes to commencement of Dasara and the other from the re-opening after Dasara to the annual examination. There will be two short vacations-Dasara and Christmas. Dasara vacation will be for three weeks.

Annual vacation in 1957: As the SSLC Examination would be over by the end of January 1957, instead of closing the classes from February to end of May 57, classes will be held for one month in this period. This period would be decided when the exact date of ensuing general elections are announced.

The Experts during their brief stay in the city will study the handloom designs that might be of interest to the American people.

SUBJECTS BEFORE A.I.C.C.

Congress President Mr U N Dhebar stated at Calcutta yesterday that the important question that would be discussed by the A.I.C.C. in its session was the situation in West Asia with particular reference to the Anglo-French attack on Egypt and the situation in Hungary.

The A.I.C.C. will also discuss some of the aspects of the Congress election manifesto and organisational matters.

It is expected that the manifesto will delineate in a more concrete way the socialist pattern of society, the Congress has in view, than was done at the Avadi session.

This session is further anticipated to define the Congress policy in greater detail, in respect of steps to be taken to help handloom sector without prejudice to the easy availability of cloth, the exact role of private capital in the implementation of the Second Five Year Plan and its participation in the State sponsored undertakings; integration of the rapid industrialisation programme with the need for raising the living standards; the distribution of taxation burden and steps to relieve unemployment in the country.

UNESCO ON MIDDLE EAST CRISIS

The Plenary session of the UNESCO, now holding its meeting at New Delhi, was highlighted yesterday by a forthright and powerful indictment of the Anglo-French aggression on Egypt, characterising it as cruel and murderous by the Greek delegate Mr. Georges Averoff, who charged Britain with suppression of Greek education in Cyprus.

The Polish delegate Mr. Mirslaw Ulawski said that his country supported the principle of 'Panchashila' and wished to learn if other countries big and small did so.

Dr. H. J. Reining representing Netherlands while welcoming UNESCO's project for appreciation of cultural values of the East and the West doubted the success of the project in view of the difficulties in the way.

INVITATION REJECTED

Pakistan Premier Mr. Suhrawardy is reported have written to Mr. Nehru that no useful purpose would be served now by a conference of the Colombo powers.

Development Of Fruit Culture

GOVERNOR'S ADVICE TO GROWERS

Bangalore, 12

Presiding over the prize distribution ceremony of the All-India Citrus Show held in the Lalbagh, yesterday, the Governor of Mysore revealed that the Central Government had appointed a Committee to encourage research and development of floriculture in the country.

The Governor continued that it was gratifying that the Council of Agricultural Research, doing so much to develop agriculture had now turned its attention towards development of horticulture and also fruit growing and fruit preserving industries, laying special emphasis on five varieties of fruits like mango, sweet oranges, santara oranges, banana and apples.

He said at present oranges and citrus fruits were beyond the reach of the common man, because of their market value and hoped with greater production these would be made available to all classes of society. The Government of India had sanctioned Rs. 30 lakhs for starting five research stations for intensive research work in the country, besides those schemes financed by the Council of Agricultural Research, he said.

His Highness wanted a concerted effort to be made for increasing the output of fruits and vegetables in the Second Plan, for which the Government of India had decided to subsidise State Governments for maintenance of adequate staff in this connection. He hoped that fruit growers, preservers and other interests connected with fruit development in the country would take full advantage of the various facilities for producing fruits

Earlier Mr. M. V. Krishnappa, Union Deputy Minister for Food welcomed the Governor.

The Governor then distributed as many as 75 prizes.

Role Of Pathologists

Mysore, 13

Inaugurating the 7th annual meeting of Indian Association of Pathologists this morning at Crawford Hall, Education Minister Sri Kadidal Manjappa declared that the present mode of life was bound to create many problems and also many new diseases. The pathologists had to play an important role here in reducing sufferings of mankind.

What had been achieved in the field of medical science so far was amazing. Today there were very few diseases which were incurable. But the pathologists could not be content with this. They needed a keen intellect, curiosity and more than all patience. It was gratifying that the Indian pathologists had all this but they needed encouragement, the Minister said.

The Minister pointed out that drugs in the hands of experienced and expert physicians were good; but they were likely to be harmful when placed in the hands of the inexperienced.

Mr. A. B. Shetty, Health Minister addressing the Conference hoped that it would stimulate interest of the people of this area in many problems of health, and interest in medical research. He pleaded for facilities for post-graduate course in the Mysore Medical College and said that provisions for research and adequate number of qualified teachers with experience and ability should be made.

DEVELOPMENT OF RURAL AND COTTAGE INDUSTRIES URGED

Mysore, 13

Inaugurating the regional Training Course on Co-operation under the auspices of the International Labour Organisation, Chief Minister Sri S. Nijalingappa stressed the need for the development of rural and cottage industries which provided the means of subsistence or a subsidiary occupation to several lakhs of the rural population and which was very vital for the development of the economy of the Asian countries.

The course was inaugurated yesterday here, at the Akashaveni Buildings. Sri A. Bheemappa Naik, Minister for Co-operation read the inauguration speech of the Chief Minister who was unable to attend the function due to indisposition.

Earlier welcoming the Minister and the invitees, Mr. Rene Livchen, Director of the International Labour Organisation, Asian Field Office, Bangalore explained the objects of conducting the training course. This was the fourth year that ILO had organised such a course for co-operative leaders in the Asian region. This feature had proved its worth in bringing together each year a number of Asian co-operative leaders to exchange ideas and learn from each other about experience acquired in their respective countries, he said.

Among the distinguished guests who attended the function was Sri Jagannatha Rao Chandarki, Minister for Excise and Rural Industries.

Nearly 30 officials connected with the development of co-operation and small-scale industries from eight Asian countries including India, Indonesia, Japan, Pakistan, Malaya and Thailand are participating in the training course.

In his speech, Sri Nijalingappa observed "the world has advanced considerably now that civilised nations all over realise that poverty anywhere is a threat to prosperity everywhere and that only co-operation with all nations, instead of competition among themselves will solve the several baffling problems.

" Economists often point out that incessant growth of population in Asian countries is responsible, partly for the poverty but these countries are potentially rich in natural resources. Science and technology have progressed so much that if technically advanced countries willingly co operated, the under-developed countries of Asia could be transformed into a land of plenty fairly quickly. If nations stopped spending much money, time and effort on military preparations, much of the economic ills of the world could be prevented. Then humanity would rise in its moral stature and enable itself to fulfil its high destiny."

Continuing Mr. Nijalingappa referred to the replacement of men by machine in the advanced scientific age leading to spirit of coldness between men and said that unless human energy was canalised into proper channels of production it would lead to undesirable results sooner or later. Decentralised production had three distinct advantages, he said, namely of prevention of concentration of wealth and power with all its attendant evils, social, economic and political. It prevented man from becoming slave of machine or State and made him self reliant and there would be a more balanced society. This was true of Asia where nearly half the population were either wholly unemployed or partly employed.

Speaking about Mysore's Industrial progress, both large and small-scale industries, Mr. Nijalingappa said that the State fully recognised the importance and place of cottage industries in its economy and that both large and small-scale industries were complementary to each other. The Government had therefore provided Rs. 153.32 lakhs for development of village and small-scale industries during the Second Five Year Plan. It was hardly necessary to emphasise that development of small industries was vital for the Asian economy.

Concluding Mr. Nijalingappa expressed the hope that the decisions to be arrived at and instructions imparted at this regional course would add considerably towards ameliorating economic condition of masses of under-developed countries of Asia.

Mr. R. K. Harper, Director of the course proposed a vote of thanks.

Lok Sabha Session

The winter session of the Lok Sabha began today at New Delhi. This session would last according to the present programme till December 21.

During this six-week session the House will devote much of its time for official Bills numbering about 18. Of these the important ones are the Central Sales Tax Bill, the National Film Board Bill, and the Bar Council Bill. The Central Sales Tax Bill among other things, provides for the levy, collection and distribution of taxes on sales of goods in the course of inter-State trade or commerce.

Of the 41 resolutions tabled one of them suggests to hold a session of the Lok Sabha at Bangalore every year, for promoting unity in the country, and to facilitate closer contact between North and South India.

Prime Minister Nehru will make a statement in the Lok Sabha on the International situation, either on Nov. 15 or 16.

Nehru's Birthday

AYURVEDIC STUDENTS DECIDE TO CALL OFF STRIKE

KASARGOD MUST COME TO MYSORE

Mysore, 14

"We shall make all efforts to secure Kasargod and Madaksira, two Kannada speaking taluks, now outside Mysore, into the new State" declared Mr. Bheemappa Naik, Minister for Co-operation, yesterday here, while delivering the inaugural address of the Madakari students' Union, at the Maharaja's College.

The Minister further stated that he had a talk with the Andhra Chief Minister Mr. N. Sanjiva Reddy regarding Madaksira. Mr. Reddy, he said, had told him that administratively, if it was convenient, they would come to a decision.

With regard to Kasargod, Mr. Bheemappa Naik said that this was rather difficult. But, he assured, that no effort would be spared to get both the Kannada speaking taluks into Mysore State.

The Minister referring to the merger of North Karnataka with Mysore said that both Mysoreans and people of Karnataka were brothers who were separated due to some political reason; but it was the duty of everyone now to welcome them into a single family.

Advising the students to develop a sense of discipline and also close relationship between the teacher and the taught, the Minister, asked them to strive for the welfare of the country, by mobilising the youth potential for the exploitation of the natural resources in the new State.

Mr. T. Shama Rao presided.

RE-ORIENTATION OF CO-OPERATIVE MOVEMENT

Mysore, 14

Sri A. Bheemappa Naik, Minister for Co operation addressing the officers of the Co-operative Department in Mysore District yesterday, requested every one connected with theDepartment to work with the team spirit keeping in view always the aims and ideals of the movement. He sounded a note of warning that Government would eliminate professional co-operators and take stern measures to put an end to mal-practices, misappropriations and misuse of funds that were unfortunately rampant in some of the Co-operative Societies in the State.

He assured the officers and officials that he would look into their grievances and do his best to redress them and give them encouragement if they did their work sincerely and efficiently. The Minister also pointed out that in Mysore, the need for giving a re-orientation to the policies and programmes of the movement had been fully recognised by the creation of a separate Ministry.

Earlier the Registrar of Co-operative Societies Sri B. A. Patil detailed the role of the movement in the Second Plan and the steps to be taken to develop it in its various sections on sound and healthy lines.

The Minister later visited some of the major Co-operative Institutions in the City and also the Regulated Market and the Training School, where 80 boys are undergoing training in co operation.

PROTECTION OF NATION'S WEALTH

Bangalore, 15

"It is an urgent duty cast on society to see that the hungry child is fed and the sick child is nursed; that the child physically or mentally handicapped is helped with the best that modern science and technique can offer; that the maladjusted child is re-educated and that the orphan and the waif are sheltered and succoured," said The Governor of Mysore yesteday inaugurating the Children's Day here.

The Governor thanking the organisers of Children's Day stated that there could be no worthier cause, today than the care, protection and proper education of our children and it had been justly said that the Nation's children were the Nation's wealth The Declaration of Rights of the Child passed at Geneva Conference in 1948 wasindeed a land mark in this respect and the timely recognition that Mankind owed its best to the child. The present age had been described as the 'century of the child because of increasing consciousness of importance of child welfare and steps taken to achieve this end.

The Governor referred to the work of the State Branch of Indian Council of Child Welfare in collecting Rs. 1,25,000 in a short period and distributing the same among various organistions.

Chief Minister Mr. S Nijalingappa sent a message wishing it success.

Rajkumari Gayatri Devi distributed the prizes.

No Room For Clash In Cabinet

Mysore, 15

Presiding over the Venkata-Krishnaiva Memorial debate held in the Maharaja's College yesterday, under the auspices of the University Journalism Association, Sri. H. K. Veeranna Gowda Public Works Minister said that there would be no room for clash in the present Mysore Cabinet as both he and Sri Nijalingappa had worked in the Congress for long and had mutually understood well.

He stated this while answering a volley of questions put by students. The questions mostly related to his joining Sri Nijalingapa's Cabinet, when both held divergent views on the formation of the new State.

The Minister added that he was opposed to the formation of the Karnataka at the outset, but after its formation he had to bow to the decision of the Congress and the Parliament. It was but right that in democracy one had the right of expression, which had its own limit.

Referring to the question of securing Kasargod and other Kannada areas within the Mysore State, the Minister said that the Boundary Commission and the Zonal Council which would be formed will discuss these things in detail. He hoped that they would take a decision in favour of Mysore.

Twelve colleges from the State participated in the debate. The subject for the debate was "Fight is better than discussion"-'Charchegintа Kusti melu'.

Sri. Ganapathy Vasudeva Naik of Yuvaraja's College secured the first prize, while Sri Ananda Rao, of Teacher's College; Smts.Lakshmi Bai and R. Vatsala of Maharani's College and Sri Anand of Maharaja's College won other prizes in order.

MORE ATTENTION FOR MEDICAL RESEARCH URGED

Mysore, 16

"No Government can afford to ignore or belittle the contribution of medical research towards the furtherance of community welfare and with the steady improvement of the economic status of the country, medical education and active research in close association with it, must surely receive increasing and unstinted support." stated Governor, Sri Jayachamaraja Wadiyar, delivering the presidential address at the inaugural meeting of the Indian Council of Medical Research, this morning at Crawford Hall."

Earlier Dr. K. V. Puttappa, Vice-Chancellor welcoming the gathering said that time had come when the field of Ayurveda must receive a fresh stimulus from modern scientific research.

He added that the distinction of Allopathy and Ayurveda would soon become a thing of the past and that the country would have in the near future one body of integrated knowledge of human health and disease, one science, and one art of healing, and one "Science of life", which was what the term "Ayurveda" literally meant.

Like many other progressive countries of the world, India should evolve methods of instruction through the medium of her own languages. A common medical terminology adaptable on an all India basis could be easily evolved by utilising the terminology that was in vogue in Ayurveda, said Dr. Puttappa.

Chief Minister Sri Nijalingappa also welcoming the delegates hoped that greater attention would be given to the rural health, and Ayurveda.

Sri V. K. D. Pillai, Secretary Union Ministry of Health in his inaugural address gave a detailed working of the Indian Council of Medical Research. He referred to the steps taken by the Centre to develop indigenous systems of medicine and said that Rs. 6.5 crores had been provided in the Second Plan for this purpose.

DEMANDS TO BE SATISFIED

C.M.'S ASSURANCE TO STUDENTS OF INDIAN MEDICINE

Mysore, 16

Chief Minister Sri Nijalingappa assured the students of the College of Indian Medicine who called off their 90-day strike today, that the Government would do their best to upgrade the College by satisfying the demands of the students.

Addressing the students the Chief Minister complimented them for calling off the strike and said that due to political reasons or somother the science of Ayurveda had been neglected since 800 years and it was high time a synthesis was evolved between the systems of Ayurveda and modern medicine. He felt that he was amazed to see the indifference shown towards the College of Indian Medicine since several years.

Referring to the question of accommodation the Chief Minister pointed out that many people from Mysore City including the Municipality had approached him against shifting the College to Bangalore and had told him that Mysore would lose its importance if the College was shifted. If Mysoreans did not come forward now in finding accommodation for the College, he would have to shift the College to Bangalore, he said.

Further he said that Mysoreans would not allow the city to become less and less important 'It is beautiful, but does not have busy life. We want to see it is improved", said Mr. Nijalingappa.

The Chief Minister assured the students that the teaching staff would be strengthened with efficient men and within a week they would try to secure some building for the College.

Health Minister Sri A. B. Shetty who also addressed the students said that the College would most probably be held in the Exhibition building, the present building being utilised for the Hospital. The students could get practical training in the primary health units and District Headquarters Hospitals. He also promised to secure best and efficient teachers as far as possible

Regarding the location of Hostel, the Minister pointed out that the Chief Minister might approach the Governor to secure a building from the Palace.

Earlier Gen. Cariyappa advised the students to put forth their demands always constitutionally and never to resort to strike. He said that the Government could not satisfy their demands overnight, but give them time especially when the Government was busy with the reorganisation problems.

ADVISORY COUNCILS FOR DT. BOARDS

Bangalore, 16

The State Government are actively considering the question of setting up advisory councils to the District Boards with the association of non-officials. The Boards at present are being manned by the Deputy Commissioners in an ex-officio capacity.

The Government are also considering the question of re-organisation of the Village Panchayats, so as to have a common pattern of set-up for their smooth working.

The four Divisional Commissioners are expected to meet shortly in this connection.

"CINEMA-ON-RAILS"

India's first cinema-on-rails came into regular service with the Howrah Delhi Janata Express trains on the Eastern Railway with effect from today.

The cinema-on-rails is a specially built dual-purpose integral coach fitted with a screen and projection equipment for the exhibition of 16 mm. films. When films are not being shown, the coach will be used as a buffet car where tea, coffee and snacks will be sold at moderate prices.

There will be four shows on the run each way. Sixty passengers will be admitted at a time, and a nominal admission fee of annas two per passenger will be charged.

SUGAR RELEASE

The Government of India have released a further quantity of 1.60 lakh tons sugar for free sale. This brings up the total releases so far made for free sale out of the 1955-56 production to 16.31 lakh tons.

The production and despatches of sugar from indigenous factories amounted to 18.59 and 17.48 lakh tons up to October 31, 1956, in the current season. The stocks with the factories on October 31, 1956, stood at 5.42 lakh tons as compared with 4.32 lakh tons last year.

MORE ATTENTION FOR MEDICAL RESEARCH URGED

Mysore, 16

"No Government can afford to ignore or belittle the contribution of medical research towards the furtherance of community welfare and with the steady improvement of the economic status of the country, medical education and active research in close association with it, must surely receive increasing and unstinted support." stated Governor, Sri Jayachamaraja Wadiyar, delivering the presidential address at the inaugural meeting of the Indian Council of Medical Research, this morning at Crawford Hall."

Earlier Dr. K. V. Puttappa, Vice-Chancellor welcoming the gathering said that time had come when the field of Ayurveda must receive a fresh stimulus from modern scientific research.

He added that the distinction of Allopathy and Ayurveda would soon become a thing of the past and that the country would have in the near future one body of integrated knowledge of human health and disease, one science, and one art of healing, and one "Science of life", which was what the term "Ayurveda" literally meant.

Like many other progressive countries of the world, India should evolve methods of instruction through the medium of her own languages. A common medical terminology adaptable on an all India basis could be easily evolved by utilising the terminology that was in vogue in Ayurveda, said Dr. Puttappa.

Chief Minister Sri Nijalingappa also welcoming the delegates hoped that greater attention would be given to the rural health, and Ayurveda.

Sri V. K. D. Pillai, Secretary Union Ministry of Health in his inaugural address gave a detailed working of the Indian Council of Medical Research. He referred to the steps taken by the Centre to develop indigenous systems of medicine and said that Rs. 6.5 crores had been provided in the Second Plan for this purpose.

Mysore Division Biggest In The State

Mysore, 16

Among the four divisions that came into existence on Nov. 1, Mysore Division is the biggest, having more than half of the sea-line in the State. Except North Kanara, all other Malnad areas, all the projects in the State except the Tungabhadra and also the Hydro-electric projects and most of the heavy industries are in the Mysore Division.

Giving these details at a Press Conference yesterday Sri. G. N. Nagaraja Rao, Divisional Commissioner stated that the immediate problem was the work of abolition of Inams. About 250 surveyed Inam villages and two of the biggest Jahagirs-Sringeri and Yelandur came under his jurisdiction.

As compensation payable to the Inamdars, he said, they would require about one crore of rupees; and an interim compensation of about Rs. 10 lakhs.

Regarding the permanent location of the Divisional Offices, Mr Nagaraja Rao said that by about Dec. 15 the office would be located in the old Akash Vani building. Here, he stated that the offices of Deputy Inspector-General of Police, Deputy Registrar of Co-operative Societies and the Deputy Director of Public Instruction will be located in the city. More than 2,000 additional personnel would be coming to Mysore in this connection.

Speaking about the Nugu Project, he said that it would be completed within one year and about 20,000 acres would be irrigated under this

The Divisional Commissioner then explained his powers and functions, which covered almost the entire administration of the Division in all spheres.

C. M. URGES NEED FOR BETTER LIBRARY FOR MYSORE

Mysore, 17

Unveiling the portrait of Dr. M. Visvesvaraya at the local Public Library, yesterday, Chief Minister Sri S. Nijalingappa stressed the need for a well-equipped and up-to-date library for Mysore City.

The Chief Minister pointed out that accommodation in the present building was very inadequate and it was the duty of the public and philanthropists to come forward and help in remedying this defect.

Speaking about the services rendered by Dr. Visvesvaraya to Mysore, the Chief Minister stated that it was he who sowed the seeds for the growth of MysoreState in all directions If all his schemes had only been implemented the State would be manufacturing motor cars by this time. Dr. Visvesvaraya wanted Bangalore to have the automobile industry and Bhatkal to have the ship-building industry. Though Dr. Visvesvaraya was old in age, yet his spirit was still young and he had planned for several development schemes.

Referring to the reorganisation of States, the Chief Minister said that the Government had before them several outstanding problems, arising out of the merger of five different parts in the New Mysore each with its own laws and practices' which required harmonious readjustment. Moreover the condition of the poor in the State was in need of immediate improvement, for which new schemes had been prepared' which would be released shortly. He hoped that something good would result from this. He appealed to the people to discard their lazy habits and to strive for the progress of the State. There could be no better example for them to emulate than Dr. Visvesvaraya himself, in that respect.

Development Of Small-Scale Industries

Mysore, 19

Dr. P.S.Lokanathan, Director General of the National Council of Applied Economic Research said at a Press Conference this morning that the Government of India was giving all help towards the growth of small-scale and cottage industries. The present time was very favourable for the development of these industries and their success largely depended upon the cooperation and coordination shown in various sectors like the Government Centre and States and people.

He stated that there was a tendency among some to think that finance was the only factor to develop the industries. But it was only one of the factors and others like organisation, technically qualified men had also a great bearing. He complained that the funds given by the Government were not fully utilised for the purpose. He stressed the importance of small-scale industries as feeders to the large-scale industries.

While starting industries, care must be taken to ensure a balance between increased productivity and greater employment. The time of talking over plans was over and the present time heavily demanded the immediate implementation of the schemes, pointed out Dr. Lokanathan.

Dr. Lokanathan is participating in the I. L. O. Regional Training Course on Co-operation here.

Earlier he gave a lecture to the trainees on the advantages of the development, obstacles in the way of some basic needs, for a speedy and sound development of cottage and small-scale industries.

NO MERGER OF MYSORE AND KARNATAKA VARSITIES

Mysore, 19

There was no question of amalgamation of Karnataka and Mysore Universities stated Mr. Pawate, Vice-Chancellor of the Karnataka University here on Saturday last.

Speaking to pressmen, Mr. Pawate said that a new University area had to be set up in the reorganised State and he was of the view that Karnataka University might have 9 districts i.e. the Kannada areas of the former Bombay, Hyderabad, Madras States and Bellary and Chitteldrug Districts of the old Mysore State The remaining 10 districts could remain in Mysore University. This allotment of area could be made only obtaining local opinion, he said.

Mr. Pawate also stated that he and Dr K.V. Puttappa, Vice-Chancellor of Mysore University had discussions over future educational set up in the State and had arrived at a common agreement on three important aspects.

The first was to raise the standard of education throughout, having Kannada as medium of instruction This meant that the pattern of Secondary and University education had to be changed considerably to enable to have 4 years primary course, 6 years secondary (including Middle School) and 2 years higher secondary. He was of the view that Kannada should be the medium of instruction up to the present Intermediate standard only till a perfect machinery was set up.

The second was to place the educational administration in Mysore State on a sound basis, making professional advice and guidance available at all levels. This was not possible with a non-professional officer as the Director of Public Instruction. Here he stated that since several years the Central Educational Advisory Board had insisted upon having a professional man at the head of Department and this should be given effect to immediately. Even Education Secretary to Government should be a professional man, he said.

The third was not to make any change in the present general educational set up at least for 2 years. Since parts with different patterns of education had joined into a single State, the whole position had to be reviewed by an expert committee and a common pattern arrived at.

About the control of colleges, Mr. Pawate said that colleges in the cities could be left to the administration of the Universites and in the rural areas be left to the Education Department, as was being done in some parts.

Speaking about Hindi as a language in education the Vice-Chancellor said that within the completion of the Secoadary Education, students should be made to learn, three languages, English, Hindi and Kannada. Here he opined that English was the gate-way to the knowledge and learning of one language should not be at the cost of another and nothing should be imposed on students.

WELFARE PROJECTS

The Central Social Welfare Board had sanctioned from August to November 1956 as many as 379 new Welfare projects, to the various States in the country of which Mysore got 17 projects.

The Central Board gave special consideration to the question of voluntary service in sanctioning these projects, which however did not come in the way of sanctioning the budgetary provision for implementing the project.

RAILWAY DISASTER NEAR ARIYALUR ON SOUTHERN RAILWAY

116 KILLED AND OVER 100 INJURED

One hundred and sixteen people were killed and over 100 injured in a ghastly train accident that took place yesterday early morning between Ariyalur and Kallagam Stations, 170 miles from Madras, on the Southern Railway. Among the dead were the driver and two firemen of the ill-fated engine.

It is stated that the Tuticorin Express which left Egmore station yesterday night with 13 bogies met with an accident.

It occurred due to a breach near a bridge across a small flooded river caused by floods and heavy rains. The engine and seven bogies went off the line and plunged into river The rear portion of the train escaped from the disaster. Among the bogies that were smashed to smithereens was one that had sixty pilgrims from the North and none of them survived

One of the eye-witnesses stated that the bridge had breached to a width of 75 feet adjoining a ditch of 15 feet, overflowing with water. It was feared that the casualities might exceed even 200.

Immediate medical relief and relief trains were rushed to the scene of accident and the injured were removed to Tiruchi hospitals Rescue operations and clearing of the debris began and about 104 bodies were removed so far.

Union Deputy Minister for Railways Mr. Alagesan, Chief Minister and Ministers of Madras Government and Senior officials of the Railway immediately went to the spot.

Union President Dr Rajendra Prasad and Railway Minister Sri Lal Bahadur Sastry have expressed their sympathies to those who have lost their relations and the injured.

PROPER CHECK ON VEHICULAR TRAFFIC

DEMAND IN CITY COUNCIL

Mysore, 30

At the City Municipal Council meeting held yesterday, many Councillors complained about the growing black-outs caused by failure of electric lights, in the city.

Mr. B. K. Ramakrishnaiah suggested that the street lights should be lit up from 6 p.m. itself, due to longer nights now.

Mr. Noor Hussain stated that Mandi Market was not maintained properly.

Mr. Srikanta Sharma wanted a letter to be addressed to the Reserve Bank not to advance loans on foodgrains to merchants, as they had relaxed the order. He said this would cause again soaring up of prices

Mr. B. G. Das felt that a proper speed limit of motor vehicles was necessary to avoid accidents The Police be asked to exercise proper control over vehicles plying within the city.

Mr. B. K. Puttiah pointed out that during many receptions given to the Ministers and others, the Municipal President was in the Reception Committee only as a member. Being the first citizen of the city, he should be on such committees only as the Chairman.

Mr. A. Krishnamurty Rao, President replied that the Municipality would take proper action regarding lighting in the city. He also said the Municipality would address the Police Department to have proper check on the speed of vehicles.

KARANTH CRITICISES CONGRESS ECONOMIC POLICY

Mysore, 30

Sri K. R. Karanth, Chairman of the Praja Socialist Party Mysore, stated here today that no single problem in the country was properly and perfectly tackled by the Congress party. The increasing unemployment, poverty and inequality in the economic condition of the people proved this said Mr. Karanth.

Mr. Karanth speaking to the students of the Sharada Vilas Law College charged that the Ruling party was wasting public funds over Community Projects and others which instead of helping the poor was only used to build up their own party. Even in industries thoroughly incompetent persons who were relatives or others of the people in power were appointed for even technical jobs, he complained.

Above all the party in power collected funds from millionaires and other moneyed people to spend in the election for party purposes.

But some said that the country needed an opposition. How could a strong opposition be built up under these conditions asked Sri Karanth. He warned that if the present state of affairs continued and the problems remained unsolved, then the army might take over the power.

Mr. Farid Ansari from Uttar Pradesh speaking said that in a democracy, one should look into the administration. Administration should be impartial, no doubt, but it was found that the Party in power interferred with day-to-day administration, he said.

Mr. Prem Bashim another P.S.P. leader also spoke.

Earlier Sri. T. S Rajagopala Iyengar Principal of the College welcomed the guests

PROMOTION OF FRIENDSHIP BETWEEN INDIA AND CHINA

Bangalore, 5

Replying to the Civic address presented by the Mayor of Bangalore City Corporation yesterday, at the Central College grounds, Mr. Chou En-lai, Prime Minister of China said that the purpose of his present visit to India was to further promote friendship between India and China and to strengthen the co-operation between the peoples of the two great countries.

He continued that the age-old traditional friendship between the two countries had been further developed on the basis of common goal of preserving peace. The great friendship of 1,000 million people could not be held back by any power on earth.

China and India were in a process of construction and it was necessary for China to learn from the experience of India, he said.

Mr. Chou En-lai stressed that the 'Panch Shila', the five principles of co-existence should be extended in international relations in general. In the present day world situation of aggression of colonialism, it was even more necessary to strengthen our mutual co-operation, so that "Pancha Shila" might shine in every corner of the globe.

Earlier Mayor Krishnappa received the Chinese Premier Mr. Chou En-lai and Vice-Premier Mr. Ho Lung and presented the civic address.

The Chinese Premier and Vice-Premier were entertained last night at a banquet held in their honour at the Residency.

Sri Jaya Chamarajawadiyar, the Governor proposed the toast to which the Chinese Premier replied.

LIMIT IN STRENGTH OF COLLEGES

State Governments and Universities have been suggested to limit the number of students in a college to 800 to avoid overcrowding. The University Grants Commission has indicated that grant to such Universities as did not take steps to prevent overcrowding might be discontinued.

Second Plan-Over Ambitious

Mysore, 5

Mr. Dattopant Thengadi, General Secretary of the Akhila Bharathiya Muzdur Sangh speaking at a function held under the auspices of the local Bharathiya Jan Sangh yesterday said that Bharathiya Jan Sangh would fight the General Elections on the issue of Second Five Year Plan.

He said that more importance was given in the Second Plan to heavy industries rather than for small scale industries. Greater importance was needed for solving unemployment in the country. He characterised the Second Plan as over ambitious.

Mr. Thengadi criticised the foreign policy of the Ruling Party and said that national self-interest should be given first importance in tune with international peace. The present so-called international prestige of India was in no way helpful to solving our national problems of Goa and Kashmir.

He also pointed out that the Bharathiya Jan Sangh would have no electoral alliance with any political party in the country.

Later he addressed a public meeting in the Town Hall maidan.

MASTI HONOURED

Sri Masti Venkateshaiyengar, the celebrated Kannada Literateur was among those who were honoured by the award of Doctorate by the Karnataka Universitty on last Monday, during its Convocation.

BANKING FACILITIES IN RURAL AREAS

Mysore, 5

"It is very important to get more funds from the public in the form of loan and deposits for the purpose of extending banking facilities in rural areas, said Prof. D. G Karve, addressing Pressmen at I.L.O. Labour Conference office here this morning.

Dr. Karve added that large size co-operative societies were now receiving the deposits. The State Banks and Co-operative Banks acting together, in extending the facilities, most of the villagers could be brought under the influence of banking by the end of the Second Plan Men of smaller means, he said, should have better means through credit which could be had from the societies in the shape of deposit and borrowings. Today not many villagers were in a position to have this credit facility. So, the State partnership was called for and the Government might participate up to 50 per cent in affording credit. Both the Centre and States have accepted to implement it, he said

Ezrlier he delivered a lecture on the "need for and scope of partnership between the State and co-operatives in the development of cottage and small-scale industries.

Delivering his address at the Convocation Sri Masti Venkatesha Iyengar strongly pleaded that Kannada should be used in the Mysore State as the medium in all branches of education, administration and also in all other fields.

Referring to the national language, he suggested that encouragement should not be given for naming Hindi as the national language, as it was only one among the twelve recognised national languages of the country.

NEHRU ON PAK PROPAGANDA

Prime Minister Nehru told the Rajya Sabha yesterday that the propaganda carried on by Pakistan against India now, appeared to be just a prelude for some trouble.

The Prime Minister continued that it was true that Pakistan was given military aid by the United States, on condition that it was not to be used against India and Pakistan had apparently given an assurance also. But now Mr. Suhrawardy seemed to imagine that the U.S.arms could be used against India, if he so chose.

Mr. Nehru however made it clear that India would not go to war with Pakistan unless she was attacked: and that the declaration made five years ago on this point still held good.

Ample opportunities are gradually unfolding themselves to which we must gear our intellectual and technical abilities as we have now been given the privilege of being the architects of our destiny without the interference of others" said Shri R.R. Diwakar, Governor of Bihar today delivering the Convocation Address of the Mysore University here.

Shri Diwakar stated that the object of a convocation was to impress the alumni with the importance of the task that awaited them and with the way in which they should conduct themselves in life as befitting educated men. It was a sacrament in the progress of life, which had an appositeness and importance which should not be lost sight of.

Congratulating those who took their Degrees and wishing them a happy future, Shri Diwakar said that the Convocation marked the moment of crisis, when one stepped into the wider world from the threshold of University and the time when one embarked on the adventure of putting to test all that one had learnt from books and teachers on the touchstone of life's realities.

Referring to the greatness of Indian civilisation, Shri Diwakar observed that the spiritual achievements of Sri Ramakrishna Paramahamsa, the fertilising currents of thought and spiritual discipline of Sri Aurobindo, the philosophy of Satyagraha of Mahatma Gandhiji, the Bhoodan Yajna of Vinobhaji, the popularity of Nehru's Pancha Shila in the international world were a few of the recent illustrations of India's perennial and beneficent vitality. India could still be the holy land and a land of heroes, he said

Continuing Shri Diwakar stressed that whatever be the greatness of culture and ways of life of the people of Karnataka, they should not forget for one moment that they were part of the great unit of India. And if the people began to fan the flames of animosity based on doubtful technological fictions like Arya, non Arya, Dravida, Naga, Sindhi and so on, surely they were in for some trouble There was nothing more ludicrous and unscientific at present to determine as to what proportion of our blood and sinews were Aryan and what Non-Aryan

The present Sri Diwakar pointed out, was not the time for dissipating their energies in unseemly squabbles, arising out of sectarian, communal, provincial, and linguistic prejudices.

There was no task more glorious than to build up united India from now. 'To be alive now to do this is bliss If we lose this vision, we perish Freedom then becomes a curse instead of a blessing.'

Referring to the United Karnataka Shri Diwakar stated that the people must unite both in mind and hearts as people of one unit, without any mental reservation and pull together.

Young men and women were the architects of future destiny of India. They possessed great potentialities and they should hold in their hands undimmed the torch of freedom and purity and march on in bold strides joining the procession of humanity towards its divinely appointed destiny, he concluded.

PLEA FOR STUDY OF 'SANATANA' DHARMA

Mysore, 11

"A synthesis of 'Sanathana (ancient) Dharma' and the modern scientific thought is essential not only for establishing a welfare State in India but also for the entire world. To achieve this, an intensive study of all Shastras was the only way. This should be the primary object of every student." stated the Governor Sri Jayachamaraja Wadiyar. He was laying the foundation-stone of the hostel of All-India Madhwa Maha Mandal, at the Krishnaraj Vana this morning, here.

His Holiness Sri Visvesha Theertha Sripadangalavaru Swamy of Udipi Pejavar Mutt presiding said that the essence of secular democracy was non hindrance on individual towards his feeling of Dharma. A secular State visualised equal treatment of all religions and Dharmas.

It was open for the people under secular democracy to popularise these ideals without Government initiative, he said.

His Holiness added that the Government should encourage such 'Dharmic' institutions imparting instructions in morality and ancient Hindu dharma. These institutions also should keep their differences away and work in true spirit of love, and coordination.

The Swamiji suggested that if all religious institutions undertook this great task of establishing students hostels to educate the students on cultural and moral spheres, the great lacunae now found in the system of modern education, would be remedied.

Mr. Raghavendra Rao earlier welcoming announced that Sri B. S. Raghavendra Rao, retired Financial Secretary and Sri K. Sitarama Rao Proprietors Dasaprakash had donated Rs. 10,000 and Rs. 5,000 respectively, towards the hostel fund.

CO-OPERATION SHOULD BE VOLUNTARY ASSOCIATION

Mysore, 12

Mr. R. K. Harper, Director of the Regional training course on cooperation laid special emphasis on the need for peace within the nations as a sine qua non for the regional integration and planning.

He was summing up the results of the training course held here under the auspices of the International Labour Organisation.

Mr. Harper stated in these days of democracy, no country could afford to be at enmity with any country with which it was liked by trade or financial commitments. Nor could any country whose economic progress could be achieved by mutual coordination of activity afford to sabotage that progress by political antagonism.

Mr. Harper pointed out that Asia had entered upon a new revolutionary period since the last war and whatever apathy and indifference existed during days of colonialism, recent years had witnessed big and vigorous changes. He wanted that the social systems of Asia should be modulated in tune with the economic progress, so that the entire community might be benefitted.

Speaking on the economic development of India Mr. Harper pointed out that India had advanced far as a Welfare State. In the present set up, the people have got to be persuaded rather than directed arbitrarily, to respond to planning to, cooperate in a planned programme of concerted effort for common good.

In his opinion, economic development in Asian countries might have to be extended to regional basis by integration of interests, between different nations, if maximum results were to be obtained.

Referring to the place of 'co-operation in the above scheme Mr. Harper said in such a completely integrated scheme the co-operative movement would virtually become a controlled instrument of the State and lose its voluntary nature. He opined that it should remain a voluntary association of co-operatives' destiny.

Concluding Mr. Harper said that the co-operative industrial sector could be also used for educative propaganda and extensional purposes.

ELECTRICITY BOARD

Bangalore, 12

A compromise solution would soon be hammered out, between the Centre and the States on the formation of an Electricity Board for the South. Stating this yesterday here, Chief Minister Sri S. Suit For Damage

Mysore, 12

Siddamma, wife of late Yalakkaiah a member of Madivala community (dhoby) and her four children have filed an informa pauperis suit, in the District Judg Court against Kempaiah, a Darog in the Durbar Bakshi's office, the Huzur Secretary and the Palace Controller Sri L Mahadeviah, claiming damages of Rs. 26,900.

The plaintiffs have stated that Yelakkaiah, husband of Siddamma, while returning home in the Rajaram Agrahar road on the afternoon of Nov 19, along the footpath, the first defendant who was driving a Palace Jeep Car knocked him down and thus caused his death; that he was not a driver by profession but a 'Darog' in the Durbar Bakshi's office, and that the second and third defendants had entrusted the car to his care on that day that the second defendant was the officer in charge of the Palace garage and the third defendant was the brother of the first defendant Kempiah that therefore they had rendered themselves liable to pay the damages.

The plaintiff further stated that Yalakkaiah was the only earning member of the family and in his death caused by this accident, they were deprived of the only source earning a living.

The Plaintiffs prayed for a decree of the damages claimed.

CLEANER DEAD IN LORRY ACCIDENT

Mysore, 12

The cleaner of a lorry died on the spot while the driver and another escaped, in a lorry accident that occurred on Monday night, near city toll gate, on the Yelwal road.

It is reported that a lorry belonging to a local merchant loaded with jaggery and other sundries was proceeding from Mandya towards Mercara, when it was said to have dashed against a roadside tree and capsized and the cleaner was caught underneath the vehicle. The driver has been taken into custody and the investigation is proceeding.

DUTIES OF MUNICIPALITIES

Municipalities and its officials should work for the greater service of the people instead of frittering away their energies in majority-minority squabbles and other bickerings, advised Sri. R. Channigaramiah, Local Self-government Minister, presiding over a conference of Municipal representatives at Gadag yesterday.

The Minister pointed out that this region was very much lacking in the matter of civic amenities and that the public should be prevailed upon to come forward to provide civic amenities like light, water and roads he said. He administered a warning that the Government would not hesitate to take over the Municipality, if the administrative efficiency failed.

*The Central Government has proposed to constitute an enquiry committee for consulting the State Governments, on the question of affording interim relief to the non-gazetted Government servants getting a pay below Rs. 100 in the shape of enhanced Dearness Allowance, it is learnt.

NEED FOR UNITY AMONG PEOPLE

KAMARAJ NADAR'S ADVISE TO CONGRESSMEN

Mysore, 15

Sri Kamaraj Nadar Chief Minister of Madras inaugurated the two-day Political Conference organised by the Mysore Regional Pradesh Congress Committee, here, today, at the Town Hall. The function was presided over by the Chairman of the Mysore Regional Congress Committee Sri S. Channiah.

Speaking on the occasion, Sri Nader stressed the need for unity among the people for preserving the independence earned with much struggle for over fifty years. He warned that if differences and bickerings continued, this hard-earned independence might be lost.

Sri Kamaraj said that India with a population of over 36 crores was a poor country and that was the result of our being slaves for a foriegn nation. Congress under the leadership of Mahatma Gandhi struggled over 40 years to wipe out the differences that had been created in the country like, the eastism and communalism.

Stressing the public co-operation for the Five year plans taken up by the Government, Sri Nadar said that plans were not of the Government, but of the people. The people should co-operate with the Government and work herd for the success of these Plans. The main objects underlying the Plans were sufficient food, clothing, employment and places to live in for the common man, he said.

Mr. Nadar speaking about opposition in the country, he said that there was every necessity for one to bring to light the wrongs done by the ruling party but not to find faults and create trouble.

Later Sri Nijalingappa, Chief Minister addressing the Conference said that he welcomed Opposition parties but not groups within the Congress itself which was a menace for not only to the Organisation but to the country itself. He said that the world was at present in a precarious condition and the people in the country should work with mutual co-operation and good will.

Earlier after invocation by Smt. Girijamma, Sri K. Puttaswamy, Chairman of the Reception Committee welcomed the guests and delegates.

The function was attended by all ministers, M.P.C.C. Chief, Congress members of the local bodies throughout the State and of the Legislature.

SUPPORT CONGRESS IN GENERAL ELECTIONS

LEADERS' APPEAL TO PEOPLE

Mysore, 17

The political conference organised by the Regional Committee of the Mysore Pradesh Congress adopted yesterday a resolution appealing to the people to rally round the Congress and to support it during the coming general elections to shoulder the great responsibility of the administration of the country, for the welfare of the masses.

The resolution was moved by Sri. A. Bheemappa Naik and seconded by Sri K. Puttuswamy.

Another resolution called upon the Congress to take suitable steps for the creation of a socialist pattern of society in the country, which was the goal of the Congress. It was moved Sri L. S. Venkaji Rao, and seconded by Sri. A. G. Bandi Gowda.

The Conference adopted a resolution requesting the Government to take prompt measures to stop the rising food prices, and to see that prices were brought down so that the middle and the poor classes might be relieved of the hardship it caused This resolution was moved by Sri Ramachandra and seconded by Sri Siddaveerappa.

Later M.P.C.C. Chief Sri. V. Venkatappa addressing the Conference, praised the services of Sri. S. Channiah, to the Congress during the past several years.

Paying a tribute to the people of Karnataka as well disciplined workers he said they had strengthened the Congress organisation by hard work and that he had great respect and regard for the same.

Karnataka had plenty of natural resources, and should be harnessed for the progress of the new State. Leaders and Ministers should not go about accepting address from the people. They should convince them of the type of work that was being done by the Government, he said. He also wanted eradication of red-tapism in the Government.

Speaking about the elections, Sri Venkatappa stated that everyone was confident of the leadership of Sri. S. Channiah in the Election Board. He was sure that proper candidates would be selected. If anything wrong was done in the selection, the Committee should be held responsible for it. He hoped that nothing like that would happen.

Sri. S. Channiah who presided assured Congressmen that merit would not be ignored and special interests like the women, Harijans and the Muslims would get their proper representation, in selection of canndidats for the elections

He appealed to the people to support the Congress in the great task that lay ahead.

MERGER OF KANNADA AREAS IN MYSORE

GOVERNOR'S ADDRESS TO LEGISLATURE

Bangalore, 20

"The formation of the New State is only the first step in a long and difficult journey. My Government will strive to improve the material well-being of the people and make the State a healthy and prosperous part of India" said the Governor of Mysore yesterday addressing the joint session of Legislative Council and Assembly, at the Vidhana Soudha here.

The reorganisation of States had perforce left pockets of linguistic minorities and, the Governor stated, that their interests would be fully safeguarded. The Formation of new State could not make them forget that many of their brethren in Kasargod, Madakasira, South Sholapur and elsewhere were longing to join Mysore and the State Government would continue to press for these minor adjustments in the boundaries and he hoped that these genuine grievances would be redressed at an early date through Zonal Council.

Continuing the Governor stated that it was very necessary that the five different regions constituting New State with their different systems of law, of education and different systems of administration should be integrated and a uniform pattern evolved throughout the State.

The prosperity of the people of new State which was rich in its resources depended upon the exploitation of those resources to the maximum. The Second Five Year Plan for Mysore would involve an outlay of about Rs. 140 lakhs by the State, for projects like the Tungabhadra, the Bhadra and the Ghataprabha which were already started and were in different stages of progress.

The Government had not ignored the development of transport and communications. The State Government proposed to press upon the Planning Commission and Government of India to include the Shimsha, Barpole, and Kolinadi schemes in theSecondFiveYear Plan for meeting the inreasing demand for electric power. Government were negotiating to take over the electricity projects in Hydersabad, Coorg and South Kanara and hoped theywould be completed bythe end of current financial year.

Referring to the new scales for N. G. Os, the Governor stated that more than 1500 more employees had joined Mysore and that steps were being taken to evolve uniform pay scales and condition of services consistent with State's resources.

The financial resources of the State were limited, said the Governor, who hoped that the Central Government and the Planning Commission would help Mysore with necessary financial assistance to meet the growing expenditure in several directions.

The Governor referred to the Nationalisation of K.G F.mines as a major event and he wanted that this store of wealth should be exploited fully on a planned basis. He also stated that Government proposed to push on rapidly with the scheme to increase capacity of the Steel Plant from 30,000 tons to 1,00,000 tons per year

Concluding the Governor said, it was imperative that Government should get fresh mandate from the electorate for the successful working of parliamentary democracy and he assured Government's full cooperation with the Central Election Commission in the ensuing general elections.

WORKERS CLASH WITH POLICE

Bangalore, 20

A minor clash occurred yesterday near the Vidhana Soudha between the Armed Reserve Police and the Hind Muzdoor workers, when the latter attempted to stage a demonstration within the prohibited precincts. This happened after the Governor had left, addressing the joint session of the Legislature.

The Police were said to have used lathis to prevent crowd from forcing their way into Legislature hall resulting in injuries to some.

Nijalingappa's Presence Questioned

POINT OF ORDER IN ASSEMBLY

(From our Correspondent)

Bangalore, 20

At the State Assembly today the Speaker Mr. S. R. Kanthi ruled out an adjournment motion tabled by Sri. Mulka Govinda Reddy to discuss the question of rise in food prices, in the State as a matter of urgent public importance.

Mr. Mulka Govinda Reddy also questioned the constitutional validity of Sri Nijalingappa, Leader of the House taking his seat in the House.

Raising a point of order, he said that knowing well that the Election Commission had assured that there would be no by-election till ensuing General Elections, the Congress Party had elected him as the Leader, who was not a member of this House. This he said, was against the spirit of the Constitution. According to Constitution Mr. Nijalingappa should get himself elected within six months.

The Speaker disallowing the point of order said that since the majority party had elected Sri Nijalingappa as the Leader, he was entitled to take his seat in the House; but he could not vote till he was elected.

DISCUSSION ON THANKS MOTION

Bangalore, 21

Sri J. M. Imam Leader of the Opposition stressed the need for help from the Central Government to bring about uniform scales of pay for the Government employees of the State and for other development works.

Speaking on the motion of thanks to the Governor, for his address to the joint Legislature Sri Imam stated that the policy of the Government was changing often since past five years.

The condition of District Boards in the State was distressing. There had been changes in the Ministry very often. And now Mr. Imam said, all should work unitedly setting aside separatist tendencies. He Stated there was much scope for economy in the Governmental expenditure and more attention should be devoted towards this.

Earlier Sri Vaikunta Baliga Mangalore, moving the thanks resolution stated that the Governor had given a graphic description of the various departments of Government. His speech had given the proper perspective for all-round development of the State. He stated that there was much scope for improving agriculture in South Kannara, by growing more food, in these areas so that the food question could be solved.

Speaking on the resolution Mr. Mulka Govindareddy urged for giving proper redress to the N. G. Os. by improving the present scale of pay and service conditions.

He stated that the University Act which was passed by the previous Assembly ought to have been given effect to immediately. He stressed the need for bringing into force land reforms early.

Speaking about the tours of Ministers and their travelling allowances, he stated that they should be in conformity with the national income.

MYSORE N. G. O.s DEMAND BOMBAY PAY SCALES

Bangalore, 26

The immediate grant of Bombay scales of pay with effect from Nov. 1, 56 and the Central scales of dearness allowances and to fix up the N.G.Os of the old Mysore State including the employees and teachers of the District Boards, Municipalities and Aided schools, on a par in pay with their Bombay counterparts was urged by the Non-Gazetted Officers of Mysore who met at the Town Hall here yesday.

The resolution stated that despite their repeated requests to upgrade their pay-scales which were the lowest in the country, the Government have not done anything. This had resulted in a sense of frustration and disappointment among the staff, particularly after the integration of other parts with Mysore, resulting in wide disparity of pay-scales and allowances.

Another resolution adopted by the conference requested the Government to sanction forthwith house rent and compensatory allowances just as in the case of the Central and State Services.

The conference while thanking Mr. Kadidal Manjappa, Education Minister for the grant of interim relief urged that part of dearness allowance should be merged with the pay. Mr. S. Rama Rao who presided over the conference, earlier welcomed the formation of Karnataka Province and the appointment the Maharaja as the first Governor of New Mysore.

MORE TAXATION

Union Finance Minister Sri T. T. Krishnamachari stated at Madras yesterday that it was inevitable to impose heavier taxation burden on certain section of the population, to successfully implement the Second Plan.

DEBATE ON FINANCE BILL

Bangalore, 27

During the discussion on Budget yesterday at the State Legislative Council, Mr. P. Sitaramiah suggested that it was the Government's primary responsibility to provide the people with food, work and shelter and pleaded for eradication of beggary by opening relief centres and inculcating a sense of dignity of labour among the vagrants.

Mr. M.P.L.Sastry said that the budget had failed to give a correct picture of the financial position of the State. Nor did the Finance Minister indicate the methods of augmenting the State resources. The Nationalisation of the Road Transport had proved a loss to the State, instead of being a source of revenue, he said.

Sri T. Chowdiah remarked that contrary to expectations, fine arts seemed to be dwindling under the democratic set up, instead of improving. He pleaded for more funds for the Sangeeta Nataka Academy.

Mr. Y. Dharmappa urged action to solve rural unemployment.

KHADI BILL ADOPTED

Bangalore, 27

The Mysore Khadi and Village Industries Bill which provided for organising, developing and regulating khadi and village industries in the State and for the constitution of a Board to implement the same was passed in the Legislative Assembly, yesterday.

Mr. C. M. Poonacha, Minister for Industries moving the Bill said that similar Acts were in force in Hyderabad and Bombay areas of New Mysore and the present Bill was introduced to put them into effect throughout the State.

Mr. J. M. Imam opposing the Bill characterised it as 'archaic and out of date', since the Khadi had failed to catch the imagination of 99 per cent of people in the country even after decades of propaganda. He pleaded for a change in the outlook of the Government on this behalf.

HONNEMARADU PROJECT

Bangalore, 27

Mr. H. K. Veeranna Gowda, Public Works Minister revealed in the Assembly yesterday that under the Honnemaradu Hydro electric project, as many as 19,500 acres of land under cultivation would be submerged and would generate 7,10,000 Kilowatts of power. As the result of submerging of lands, 2,400 families would be affected, he said.

REMODIFICATION OF RLY. COACHES

It is stated that 900 all-metal metre-guage railway coaches ordered by the Railway Board from 1952 to 56 had to be remodified, before they were put on the lines. This had become necessary as the springs should be suitably changed to carry the weight of the furnished coaches, according to the audit report for the Railways for 1956.

MINISTERS' SALARY BILL

Bangalore, 27

The State Assembly yesterday passed the Ministers' Salaries Bill.

Opposing the Bill earlier Sri. J. Mohammad Imam, former Minister advised the Ministers to discard pomp and luxury and to observe austerity and simplicity of living, in the interests of the State and also in their own.

The Bill provides for a monthly salary of Rs.900 for each of the Ministers and Rs. 600 for the Deputy Ministers and also for other allowances like Car and House-rent.

Several members opposed the appointment of Deputy Ministers and suggested economy in the Governmental expenditure

INCIDENCE OF TUBERCULOSIS

Role Of Teachers In Society

Union Deputy Minister for Education Sri Srimali called upon the teachers to be active participants in the formulation of social and economic policies which, in their course, affected the educational policies

Mr. Srimali inaugurated the Bihar Secondary School Teachers Association yesterday.

He advised them not to remain passive on-lookers of the changes that were taking place in the society, because they had a special responsibility in guiding those changes. The Minister said that the teaching profession must organise itself effectively so that its voice might be heard. They had to recognise themselves properly, he added. The means to make teachers' organisations more effective were, he said teachers to develop a greater understanding of the society and the organisation not to lose sight of the broader interests of public welfare.

'FREE' SYMBOLS

The demand of six political parties for recognition as All-India parties and of 22 others as State parties would be considered on the strength of votes they would secure in the coming general elections. Hence no symbol would be reserved for them; but would be allotted 'free' symbols.

This was disclosed in a Press Note issued by the Election Commission.

PAY TO BE RAISED TO Rs.200

Every person in the country must be paid a minimum salary of Rs. 200 per month, within a period of 10 to 15 years. Otherwise, they would have done nothing good to the people, said Union Finance Minister, Mr. T. T. Krishnamachari, speaking at a women's meeting at Madras.

Salary Decision Today

(From our Correspondent)

Bangalore, 31

Finance Minister Sri Marigyappa stated in the Legislative Council today that the Government would take its final decision on the proposed increase in the N. G. Os pay scales tonight.

Sri Nijalingappa Chief Minister who had been to Delhi returned this afternoon.

Both the Legislative Houses concluded their ten-day session here today Later they met in the Council Hall and decided to form the Inter-State Legislature Association.

Election Manifesto

The Congress has called upon the people of India to renew their faith and confidence by voting the Congress oncea gain to power in the coming general elections.

In its election manifesto the Congress had defined its objective as the establishment of socialist co-operative commonwealth in the country.

The manifesto declared that the Panchshila provided the sheet-anchor for world peace and warned that any attempt to return colonialism or imposition of foreign authority was bound to fail.

The manifesto was highlighted by a declaration that the watch-words of the Congress were freedom, prosperity and equality for the 400 million people of India.

The manifesto claimed that both in the international affairs and domestic affairs, India had acted nobly and made notable contribution. Although the country had still to go far before the end of long arduous journey of progress it had laid the foundations of the "India of our dreams."

Task Before Psychologists

Mysore, 31

It was not science that threatened to destroy civilisation, but it was man's ignorance of dynamics, his selfishness, greed and egoism and his inability to control the propensities of aggression and fear that spelt real danger to civilisation. The need of the hour was a shift in the emphasis from "know-how" to "know-what" if our way of life was to be preserved said Dr. M. V. Gopalaswamy, Professor of Psychology, All India Institute of Mental Health, in his address to the Psychology Conference held in Maharaja's College here on Saturday last.

Over sixty delegates attended the conference.

Mysore Education Minister Mr. Kadidal Manjappa inaugurating the Conference traced all troubles in the modern world to abnormal tendencies developed by people and appealed to psychologists to find out a way of checking the developments. He also pleaded for a closer examination of study of psychology of ancient India with the aid of modern scientific education.

Earlier Dr. K. V. Puttappa, Vice-Chancellor welcoming the delegates strongly pleaded for a proper study of psychology and to apply it in moulding the country's children in such a way as to help avoid all future social tensions and bickerings.

MERCHANTS TO FORM PARTY TO FIGHT ELECTIONS

Mysore, 31

Sri Hosali, President Mysore Chamber of Commerce stated here yesterday that it had been proposed to form a new party of merchants to fight the ensuing general elections, independently.

He was presiding over the anniversary of the Piece-Goods Merchants' Association. Mr. Hosali said that the Government had completely neglected the private sector on the assumption that they would encourage public sector. This had hit hard the merchants. Time has come to have merchants' Representatives in the Legislature.

A conference of all the merchants in the State has been arranged on Jan. 9 and 10, 1957, at Bangalore to discuss the formation of the party. He appealed to all the merchants to attend the meeting.

Speaking about Nationalisation of Gold Mines, Mr. Hosali stated that the Government had committed a mistake in nationalising the Mines. He alleged that more than twice the value of the Mines had been paid and the ultimate results would not be profittable.

Earlier Sri Sundaranarsyana Setty read a report and Sri Nagappa Setty welcomed.

Vol. VII. MYSORE WEDNESDAY, JANUARY 2, 1957 No. 113

NEW PAY SCALES FOR MYSORE N.G.Os.

GOVERNMENT'S ANNOUNCEMENT

Bangalore, 2

The State Government announced yesterday evening the revised scales of pay to their employees from Jan 1, 1957. According to this no Government servant will get a pay not less than Rs.50 per month including Dearness Allowance in cities and towns and Rs. 45 in other places. The maximum pay that has been fixed for Gazetted officers will not be more than Rs. 1500. The disparity is maintained at the ratio of 1:30.

The salient points of the revision of the pay scales point out that a peon getting a minimum pay of Rs. 14-18 will get Rs. 25 in addition to a minimum dearness allowance of Rs. 25 in cities and towns and Rs. 20 in other parts. A police constable will now get Rs. 30-½-40 against his previous grade Rs. 22-½-27.

As against the dearness allowance ranging from Rs. 17 to Rs. 50 p.m. in the former Mysore State, the new rates range from Rs. 20 to Rs. 65 p.m.

Every Government servant will get the next stage pay in the new scale and in addition one increment for the minimum service of three years in the grade and two for service above three years.

The interim relief sanctioned from Aug.1, 1956 will cease from Jan 1, 1957 from which date the new scales of pay and dearness allowance has come into effect.

As regards dearness allowance to pensioners, they will get Rs. 4 if their pension is Rs. 20 and below, Rs. 5 for above Rs 20 and not more than Rs. 40 and Rs. 6 for more than Rs. 40 and not more than Rs. 100.

The total extra cost on account of this revision will cost the Government about Rs. 4 crores per year.

The local bodies have also been requested to adopt these scales of pay and allowances subject to their ability to meet the extra cost. For aided schools, the scales and allowances now sanctioned or any lower rate may be sanctioned and financial assistance will be considered according to Grant-in-aid Rules. For Industrial Concerns, a separate Committee will be constituted and settlement arrived at with the employees, stated the Press Note issued by the Government.

The pay scales of the University staff will be decided by the University authorities, it has been stated.

No Desertions From Congress

"We have met here in Laxmibainagar not merely to collect votes or prepare the ground to collect votes but also emphasise other and larger objectives more than votes" said Mr. U N. Dhebar, the Congress President yesterday at a Press conference before the Congress Working committee met, at Indore.

Mr. Dhebar said, the Congress looked at the general elections from a wider angle. It wanted the people to understand the great forces working in the nationaland international spheres and in view of that, to stand shoulder to shoulder and strengthen the Congress.

Mr. Dhebar denied that there were large-scale desertions from the Congress, as such. He said that so far more than 1,400 candidates had been selected from seven States.

Referring to the demand for a strong opposition in the country against the Congress, the President said though he agreed on the need for an opposition for successful working of democracy, it was not the duty of the Congress to build an artificial opposition against itself.

DEVELOPMENT OF CATTLE WEALTH

Dr. Punjabrao S. Deshmukh inaugurating the Western Regional cum-All-India Cattle and Poultry Show at Indore, yesterday stressed the need for development of cattle wealth in the country.

Dr. Deshmukh regretted that though India possessed perhaps the largest stock of cattle, yet the milk yield per capita was the lowest and the milk consumption in India was only 5.2 ounces, 1/3 of the normal dietary requirements.

The object of organising Regional and All-India shows was to improve cattle wealth by giving a reorientation in cattle breeding.

Speaking on the future programme, the Minister stated that it was proposed to establish 1250 key Village units with 211 Artificial Insemination Centres and 200 Extension Centres with 50 improved bulls each. About 27,000 improved calves were to be reared on subsidised basis for extension work.

Further, 12 Co-operative Rural Creameries, 7 milk products factories, 36 urban milk supply schemes and 346 Gaushalas would also be established.

About 396 sheep and wool extension centres would also be set up, besides regional sheep farms with Fleece Testing Laboratories for utilisation centres.

Chief Minister-ship For Khatju

Dr. K.N. Khatju, Union Defence Minister, it is stated, would become the Chief Minister of Madhya Pradesh in place of late Pandit Ravi Shankar Shukla.

The Congress Parliamentary Board which met yesterday at Lakshmibai Nagar, is said to have discussed this question.

CONSOLIDATE VILLAGE PANCHAYATS

The real roots of democracy lay in the village panchayats, said Prime Minister Nehru addressing the Madhya Pradesh Village Panchayats Sammelan yesterday and appealed to those connected with village panchayat administration to wake up rural consciousness, and to make a bold bid to banish three evils namely communalism, casteism and untouchability. No less important, he said, was the urgent need to raise the womenfolk of the country from their present position of backwardness.

Prime Minister Nehru deprecated internecine quarrels in the panchayats and asked the members in charge of these bodies to deal justice among the people. He asked the peasants to produce more in the fields so as to banish poverty from the land.

He concluded with an appeal to consolidate the village panchayats as the basic units for successful working of democracy.

INDO-SOVIET RELATIONS GROWING STRONGER

Mysore, 7

The Soviet Delegation led by Mr, E. I. Alfanasenko, Minister of Education of R.S.F.S.R. which arrived in the city yesterday was accorded a warm reception by the Indo-Soviet Cultural Society, Sri Kadidal Manjappa, Mysore Education Minister presiding, at the Town Hall.

Replying to the welcome, Mr. Alfanasenko said that the aims of India and Russia were all common and both countries were struggling for world peace. Indian Culture was very ancient and after independence there had been great progress in this country; and the relations between the two great countries had also been increasing.

The leader of the delegation expressed satisfaction at the rapid progress registered in every field of activity in India, after the attainment of independence.

Sri Kadidal Manjappa who presided stated that though the mode of approach of the two countries were different, their aims were the same. Until recently there was what was called the 'Iron Curtain' and peoples of other countries were not in a position to know much about Russia. But now there was a closer contact and greater understanding between them.

Earlier Mr. D V. K. Murthy President of the Society welcomed and Mr. A. Seetharam, the Secretary proposed a vote of thanks.

The guests were entertained to music by Smt. Chokkamma and party; folk-songs by Mr. Kalinga Rao and party and dance by Kumari Nandini and party.

The Hotel Workers' Association, the local Communist Party and the Municipal Workers' Association presented garlands to the members of the Soviet Delegation.

SOVIET DELEGATION FETED

Mysore, 7

The City Municipal Council held a 'Tea' Party this morning in honour of the Soviet Delegation headed by Mr. Alfanasenko, Minister of Education, at the Municipal Council chambers.

After Tea and music, Mr. S. Sanjiviah, the Municipal President welcomed the guests and wished them a pleasant stay in the city.

Mr Alfanasenko replying paid a tribute to Mysore stating that Mysore was one of the beautiful cities they had seen in India. He referred to the Indo-Soviet relations which were increasing and hoped that both countries would succeed in their aims of establishing world peace.

DISSATISFACTION OVER SELECTION OF CANDIDATES

CONGRESS WORKERS DEMAND REVISION

Bangalore, 7

Sri K. Hanumanthaiya, ex-Chief Minister stated here yesterday that dissatisfaction among Congressmen had gone to extremes due to the unfair selection made by the State Congress Election Committee for the ensuing general elections. He appealed for close cooperation among all Congressmen.

A meeting of the Congress workers was held here, near the Corporation Office, Sri. P. R. Ramiah presiding to express their dissatisfaction about the selection of Congress candidates for the general elections. More than 500 people participated in the meeting.

Sri S. Kariyappa, M. L. A. welcoming detailed the unfair selection made by the Selection Committee and requested the workers to try their best to purify the Congress organisation.

Sri K Hanumanthaiya stated how his trusted colleagues in the Cabinet and others deceived him merely for the sake of power. Yet 20 to 25 members of the Assembly had supported him fully. These members, he said, had not been selected for ensuing general elections. Most of those now selected for elections were of Mr. Channiah's group, he said.

He stated that the State Election Committee had given him right to contest only for the Parliament and not for the State Legislature. But the Central Election Committee had asked him to chose any constituency for the State Legislature itself. He narrated how his trusted friend and colleague Sri Siddaveerappa got his (Hanumanthaiya's name struck off wherever it appeared in the publication 'Mysore Rajya', hoping the future leader would give him a place in the cabinet. This showed to what depths the Congress politics had degenerated, he said.

Mr. Hanumanthaiya concluding said that the main task ahead for the Congressmen was the purification of the organisation and that he was ready for any sacrifice.

Later the meeting, bringing to the notice of the Central Election Committee the dissatisfaction of several Congress workers over the selection, requested to revise the list prepared by the local Election Committee and to select true Congressmen who inspired the confidence of the public and also to give proper representation to women and minorities.

DIRECT ACTION BY PALACE OFFICIALS ?

Mysore, 8

Palace officials numbering over 500, it is learnt, are contemplating to take direct action if the authorities fail to give them more allowances and pay.

For the past several years the Palace officials, though governed by separate rules and regulations, yet were in par with the Government officials. After the intergration of the State, and abolition of the institution of the Maharaja, they were entirely governed by separate set of rules and were considered as private employees. Yet when the Central Government fixed the Privy purse of the Maharaja, the palace authorities along with other questions submitted a list of employees under them with their then pay and allowances, which was also taken into account by the Central Government in fixing the privy purse of the Maharaja to the tune of Rs. 26 lakhs, it is stated.

The official complain that consequent to the retrenchment effected in the several departments of the Palace, the volume of work had increased considerably, without a commensurate increase in their pay-scale; since they were being paid only the pay they were getting earlier. While the Palace had made some savings by this retrenchment the staff had not been given any relief for their increased work.

The officials met and presented a memorandum to the Huzur Secretary to the Maharaja, the Head of the administration and put forth their demands. Among other things, they have demanded equal increase in their pay and allowances as has been given to the N.G.Os of the Mysore State.

It is also stated that though the authorities seem to be very favourable and sympathetic, at present, yet some officials close to the Maharaja were against the increase of the pay.

Being dissatisfied with the trend of events, the officials seem to resort to strike or some other direct action to win over the sympathies of the public andthe authorities in the mater, it is stated.

B.T.S. WORKERS DEMAND MORE PAY

Bangalore, 8

Mr. N. Lakshman Rau, General Manager, Bangalore Transport Services revealed at a Press conference here yesterday that the question of bringing the pay of the Bangalore Transport Service employees to the level of the pay-scale of the Road Transport workers was under consideration of the Government.

The General Manager also stated that by March end a fleet of about 50 new buses would be put on the road eliminating the rickety ones.

He also assured that bus rates would be rationalised with the introduction of 'Naya Paisa' coinage system from next April and in revising the fare structure thought would be bestowed in charging reasonable fares.

St. PHILOMENA COLLEGE TEACHERS' STRIKE

Mysore, 8

Thirtytwo teachers of the local St. Philomena Arts and Science College struck work today by abstaining from the College as a protest against the attitude of the authorities in not giving them more pay and allowances in spite of several appeals.

The Principal of the College stated that the teachers had struck work though the authorities promised to give them dearness allowance to the extent of 50 per cent of the Government rates. Of 55 members in the Staff, he stated that 20 had agreed for this allowance and were on duty.

Earlier yesterday, the teachers told pressmen that they had not been given any allowance or increased pay for the past ten years although the University was giving grant to this affiliated College. They pointed out that all the other affiliated Colleges were paying the allowance to their staff. They also alleged that they were very badly treated by the Principal when they approached him in the matter. The teachers gave a strike notice on Jan. 4 to the Principal that they would abstain from attending College until they were given reasonable allowances. It was stated that they also approached the Vice-Chancellor of the Mysore University and State Education Minister and that there was little response.

The teachers, it is stated will meet the Registrar of Mysore University at his request, this evening and discuss the matter with him

Public Co-operation For National Plans

Mysore, 9

Excise Minister Sri Jagannatha Rao Chandarki appealed to the public for full co-operation for the implementation of several national schemes.

The Minister was addressing the Congress workers here yesterday evening at the District Congress office.

Answering questions about introduction of prohibition throughout the State, Mr. Chandarki said that the policy of the Government was for complete prohibition. But all on a sudden it could not be done. If it was extended to the whole State, a revenue of Rs 3 crores would be lost, but if people suggested ways and means to make good this loss, and extend their full support the Government would have no hesitation to take immediate action in the matter, he said.

He quoted an instance wherein he had received a complaint that an Excise Inspector in Bangalore was earning nearly Rs. 5000 per month by illegal means and the matter was under investigation. Unless the public gave their full support for making prohibition a success, Government would be helpless, he said.

When asked why the benefit of the new pay scales was not given to workers in the State Industrial Concerns, the Minister said that their conditions of service were quite different from the other Government employees. The workers in the Industrial Concerns were getting only wages and not pay. Hence the question of increase of pay did not arise, he said.

Some workers brought to the notice of the Minister that an ex-Inamdar of Muttanahalli village in Mysore Taluk had cut over 3000 date trees and had converted the land for irrigation purposes as Inam Abolition Act came into force. The Minister promised to look into the matter.

Plea For Strengthening Opposition

Mysore, 11

Mr. J. Muhammad Imam, Leader of the Opposition in the State Assembly declared at Arakere yesterday that it was the Government's duty to provide free education to boys up to the age of 16, according to the Constitution, but the State had failed to do so.

Mr. Imam was laying the foundation-stone for the Government High School building at Arakere.

Referring to the Governor's acceptance to lay the foundation-stone of the building at first and later his refusal' he alleged that the Governor had refused to lay the foundation of the building due to ruling party's interference. He said that the Governor was not a party-man. So also were the ministers, legislators and administrators. When once they were elected they had to respect every party.

When the party in power had failed to do its duty, naturally the Opposition should come forward to take up that task. One-party system in the country was not healthy. To safeguard their own interests, the people should make a proper choice of their representatives by strengthening the Opposition, he said.

Mr. K. Pattabhiraman, M L.A, opening the new Middle School building congratulated the people of Arakere for establishing a record in the State by providing their needs without waiting for any Governments' assistance which did not comeforth due to political clique.

New Political Party Formed

Bangalore, 11

A new political party was formed here yesterday known as the 'Freedom Party', under the leadership of Mr. Hosali, President of the Chamber of Commerce. The party has for its chief ideals safeguarding of individual liberty and the right to work.

Addressing the invitees Mr. Hosali explained that during the past ten years of Congress rule in the country, democracy had been reduced to a mockery; and individual liberty had suffered as testified by the Preventive detention Act in force.

Mr. M. A. Srinivasan who spoke next severely criticised the economic policy of the Congress Government.

The new party of businessmen and industrialists has been formed to fight the ensuing general elections independently.

STUDY OF SANSKRIT

President Rajendra Prasad has pleaded for the study of older Indian languages particularly Sanskrit.

Laying the foundation stone of the Sanskrit University at Kurukshetra in Punjab, the President said that the evolution of Indian thought in all fields of knowledge was linked up with Sanskrit since pre-historic times although much of Buddhist and Jain literatures were available in Pali and Prakrit languages also. Without studying these languages, the President said, we can never have proper synthesis between the ancient and modern currents of thought, which was of great importance 'to mould our lives happier and more succesful'.

The President while inaugurating the Sanskrit Vishva Parishad at the place called upon Sanskrit scholars to simplify the learning and teaching of the Sanskrit. He also announced that a similar Sanskrit University would be established at Varanasi.

Socialist Party's Manifesto

The Socialist Party of India in its election Manifesto has promised to work for the creation of a four-pillar State, in which sovereignty would be divided at four levels namely village, district, province and the Centre.

Among other things the Party promises to bring down the existing differences in income, revise the taxation policy as to tax the rich heavily, abolish privy purses of princes. It emphasises the urgent need for the elimination of English from all Government and public use and total prohibition in the entire country.

Among other programmes of the Party include mobilisation of land army, suspension of production of luxury articles, nationalisation of all main industries and municipalisation of public utilities.

Regarding foreign policy, the Manifesto says that the Party will keep in fore-front India's disassociation from the Commonwealth and would strive for the establishment of a third camp to keep away from Atlantic and Soviet systems and to create a civilisation of free men in an equal world.

IMPORTANCE OF HUMAN VALUES

Delivering the Convocation address of the Viswabharathi University, at Santiniketan yesterday Prime Minister Nehru stressed the need for development of facilities for scientific studies in the Viswabharathi University.

The Prime Minister opined that though scientific studies were essential to keep peace with the modern world, yet he felt that it should be balanced by other aspects of culture.

The Prime Minister continued that they were living today in the midst of a deluge of hatred and fear and warned the large assembly of over 4,000 students against them. But he said that the saving grace in the midst of such a crisis was the basic principles in individual and national life, that flowed from the basic faith in the future of humanity.

Mr. Nehru said he was worried whether the large number of good people that were being produced by the Indian Universities had the depth that they should have for the productive and creative spirit, which was more important than passing of examinations. Here in Santiniketan, Gurudev had laid stress on this aspect, He wanted to give the widest possible cultural background to remove narrowness of spirit and mind, he concluded.

WORK FOR COMMON WEAL

GOVERNOR'S EXHORTATION TO BHAVASARA KSHATRIYAS

Mysore, 17

Inaugurating the 15th All India Bhavasara Kshatriya Mahasabha Conference this morning here Sri Jayachamaraja Wadiyar, Governor exhorted the members of the community to work unitedly for ensuring the social and economic prosperity of the country as a whole and to consolidate the nation.

The Governor referred to the various schemes under the First and Second Five Year Plans launched by the Government of India for the all-round progress of the country and called upon the people irrespective of class, caste, creed or party to co-operate in working the Plans successfully. The National goal was the creation of a Welfare State in which everyone would have equal opportunities and equal share and towards this end, everyone should play his role, he said.

The great progress registered in the country in a short time after independence was in no small measure due to the awakening of the people and their co-operation. Unless the people kept pace with the Government, the results would be considerably delayed, he said.

The Governor then paid a tribute to the good work that the Bhavasara Kashtriya Mahasabha was doing not only for the benefit of its members but also for the nation as a whole and wished success in the deliberations of the conference.

A large number of delegates from all over India attended the conference.

After invocation Mr. R. S. Raja Rao welcomed the invitees and the Governor.

ERADICATION OF MALARIA

The Government of India are considering the question of changing the National Malaria Control into National Malaria Eradication Programme during 1958, encouraged by the success achieved in the control scheme.

A sum of Rs. 27 crores has been earmarked for the National Malaria Control Programme under the Second Five Year Plan. The Central Government will contribute Rs. 14 crores and the States' share will be Rs. 13 crores.

The National Malaria Control Programme initiated in 1953-54 had succeeded in reducing the incidence of malaria in the country to a considerable extent. Up to the end of March 1956, about 23 lakhs of malaria cases were treated with drugs in the areas covered by the Programme.

NEHRU ON KASHMIR

Prime Minister Nehru stated at Calcutta yesterday at a public meeting that there was a world of difference between Kashmir and 'Azad Kashmir'. While there was progress and peace in the former, there was chaos and disruption in the latter.

Since the Kashmir issue was now before the Security Council he did not like to say much, except that India would not tolerate any attempt which might spell ruin on Kashmir, he said

WOMENS' ROLE IN COUNTRY'S PROGRESS

MAHARANI'S ADDRESS AT WOMEN'S PARISHAT

Mysore, 19

Active-participation of women in all constructive programmes was absolutely necessary for the all-round progress of the nation said Her Highness Srimati Tripurasundaramanniyavaru, Maharani inaugurating the sixth conference of All India Bhavasara Kshatriya Mahila Parishat at the Dasara Exhibition buildings today.

After invocation, an address was presented to Her Highness.

Addressing the ladies, Her Highness said that women were the very origin of humanity. As such their co-operation and equal share in all nation building activities was called for in an ample measure, to ensure progress. Great leaders like our Prime Minister Nehru have declared that the women occupied the pivotal position and unless the women's progress kept pace with those of the men, there would be only lop-sided development. It was therefore imperative that women's progress should be the primary concern of not only the Government but also of the people.

No nation would make real advance when their women folk were backward, said Her Highness. The Maharani, paid a tribute to the good work that the All India Bhavasara Kshatriya Mahila Parishat was doing in the cause of women.

Development Of Electric Power

Bangalore, 2

Union Planning Minister Sri G. L. Nanda stated here that electricity had become the symbol of civilisation and a measure for material progress and it was an essential for industry, agriculture and rural development.

Inaugurating the Power Engineers Conference here yesterday Mr. Nanda said that Mysore State was the foremost in India in the matter of electric power development and had the distinction of being the pioneer State in executing the first major hydro-electric project in the country. Bangalore can also be justifiably proud of having the first institution in the country for advanced instruction in electric technology, he said.

Detailing about the various development schemes undertaken and the resources available in the country for the development of power the Minister stated that a total generating capacity of one million kilowatts was added during the First Five Year Plan bringing the total installed capacity in India to 2.7 million kilowatts. Among the hydro-electric schemes taken up during the Second Plan was Sharavathi Project in Mysore State. In all forty-four hydro electric and steam generating schemes would be undertaken during this period. With the successful completion of these projects, an additional capacity of 3.5 million kilowatts will be added. The total outlay on the power projects in the public sector will be about Rs. 427 crores, he said.

The Minister also stated that as on 31-3-56 there were only 3000 villages served by electricity and during the Second Plan, electricity would be carried to 10,000 villages and to one.

Advice To Palace Employees

Mysore, 24

Presiding over the meeting of the Palace Employees' Union yesterday here Mr. M.S.Gurupadaswamy, M.P. exhorted the members to get united; for only through united effort they could succeed in achieving their objective. He said that the Governor should give a correct lead in all matters relating to the welfare of the employees under him.

In these days of soaring prices of foodgrains, life had become very difficult and it was the Governor's primary duty and responsibility to increase the pay-scales of the Palace employees and ensure their comforts. What the Governor was preaching to others in his speeches, he should practise them himself first and thus set an example for others.

Earlier Mr.VedanthHemmige wanted the members of the Union to put forth their demands with a united voice. He said that there were complaints that the Governor was indifferent towards the welfare of the employees under him numbering more than 1500. Occupying the exalted position of the Governor, he should not give room for such complaints but look to their comforts, he said.

The following office bearers were elected: K. N. Sitharam Vice-President; Vedanth Hemmige Honorary Secretary; Chandrasekhariah Joint Secretary and Ranga Rao Treasurer.

UNIVERSITIES SHOULD MARCH FORWARD

RADHAKRISHNAN'S ADVICE

Delivering the Centenary Convocation address, yesterday at Madras, Dr. S. Radhakrishnan, Union Vice-President made a clarion call to the Universities of the country to make concerted efforts to further the cause of peace and understanding.

Dr. Radhakrishnan stated that in this unquiet modern world, which science and technology had compressed into a single neighbourhood, this university and others should hold aloft the spirit of man.

"We need, he said, all our skill, fortitude, and determination to shape the future on democratic lines, not only of our country, but of the entire world. Man, who splits the atom is greater than the atom. Science does not suggest the omnipotence of matter but the supremacy of the spirit of man.

Concluding Dr. Radhakrishnan said "we must move forward, and feel that what is ahead is better than what is behind us".

NO STATIONING OF FOREIGN TROOPS IN INDIA

PRIME MINISTER NEHRU'S DECLARATION

Prime Minister Nehru declared at Delhi yesterday "whatever happens, we cannot tolerate the stationing of foreign troops on our soil. We have seen enough of foreign forces in our country."

Addressing a mammoth public meeting the Prime Minister cautioned the people to realise the significance of the Pakistan move in all its aspects. Mr. Nehru was speaking on Pakistan's attempt to get a resolution in the Security Council passed for posting United Nation Forces in Kashmir and withdrawal of Indian and Pakistan forces from that State.

He described the Pakistan move as 'amazing'.

Challenging the critics to show where India had broken her pledges, the Prime Minister declared that India had not broken any pledge. 'I declare here and now that India has not gone back on any international commitments in the past nor has she any wish to do now or in the future' he said.

Parboiling Of Paddy

Mysore. 4

New methods of parboiling paddy to eliminate the bad smell usually associated with the customary methods-cold and hot soaking process-have been devised by the Central Food Technological Research Institute here.

A press note issued by the Institute says that one of the methods is by adding sodium hypo-chlorite in the form of a soda bleach mixture which releases active chlorine to the soaking water.

A better and a more economical method would be by using higher temperature for the soaking, curtailing the soaking time and by providing a suitable steam distributor to the soaking tank. This could be widely employed by mills having boilers.

India's Stand On Kashmir Problem

Series of discussions have begun at New Delhi between top ranking leaders, Prime Minister, the President of the Union, Cabinet collegues and representatives of Kashmir Government on the Kashmir issue on the context of the Security Councill's debate.

The Union Cabinet is also holding its sittings and is expected to arrive at a final decision on India's stand over the issue in a day or two.

The Government of India is expected to ask the Security Council to view the problem from either the legal and constitutional point of view or on practical considerations. It is authoritatively stated that the accession of Kashmir to India was legally valid and beyond question. For the past several years the legality of the accession was not questioned by the Security Council and hence that question did not arise now.

"TELLING THE PASSENGERS WHY"

The Indian railways have launched a new experiment in courtesy to passengers who are inconvenienced on account of trains running late.

PLEBISCITE QUESTION IN KASHMIR DEAD

The Government of India is reported to have taken a decision that the question of a plebiscite in Kashmir did no longer hold good, in view of the radically changed circumstances in Kashmir.

The Government of India will not agree to any proposal for demilitarisation in Kashmir. Demilitarisation proposal which was first mooted by the United Nations Commission for India and Pakistan in 1948, provided for the maintenance of 21,000troops on the Indian side and 6,000 of local militia in the "Azad Kashmir" area.

Sri. V. K. Krishna Menon, Leader of the Indian Delegation to the United Nations, is stated to have been instructed by the Government of India to reject any suggestion for the stationing of a United Nations force in Kashmir.

Declaring that the plebiscite was a "dead issue", Bakshi Ghulam Mohamed, Prime Minister of Kashmir, said in Delhi yesterday that the Security Council must undo the aggression committed by Pakistan, and the area of "Azad Kashmir" should come to the Government of Jammu and Kashmir.

The election programme of Jammu and Kashmir will remain unaltered under any circumstances.

The Kashmir Government is understood to have received some 20 letters from prominent "Azad Kashmir" persons seeking liberation from Pakistan.

KASHMIR QUESTION

PANT WARNS PEOPLE TO BE ON GUARD

Bangalore, 7

Union Home Minister Pandit Govind Ballabh Pant declared here yesterday that any "forced plebiscite" in Kashmir "will end in chaos and disaster".

The Home Minister, who was inaugurating the Congress election campaign in Mysore, said, "so for as it lies with us, we will not let anybody to interfere with Kashmir".

He said that Kashmir's decision to remain with India was an unfettered one, made by the people of Kashmir of their own free will. But Pukistan and some other Powers who had been hurt by India's independent attitude towards international problems, now wanted to exercise undue influence so that the choice of Kashmir, made without the intervention of anybody, might be up set.

Continuing, Pandit Pant said that the Security Council had passed a resolution on Kashmir. The embers had not yet died down, and therefore, he cautioned, "We have to be on our guard".

Referring to the coming General Elections, the Minister appealed to the people to cast their vote in favour of Congress, the only organisation in the country capable of undertaking the responsibility of nationbuilding activities.

Earlier, the Home Minister was welcomed by the M.P.C.C. President Sri V. Venkatappa.

★Sri. Justice Amal Kumar Sarkar of the Calcutta High Court, it is reported, will be appointed a Judge of the Supreme Court.

C. D. WORK IN MYSORE GOOD

Reviewing the performance of the Community Development work in the States, the Estimates Committee has stated that in Part 'B' States Mysore and Pepsu had done very good work.

The Committee has emphasised that unless co-operative marketing was developed rapidly the efforts for improving village industries would prove to be abortive.

As the progress of the Community Development and N.E.S. in several areas of the country were uneven, the Committee has suggested laying down definit minimum programme to be followed uniformly in all the blocks.

RESERVE BANK TO RESTRICT CREDIT ON RICE

Bangalore, 8

Union Deputy Minister for Food Sri M. V. Krishnappa disclosed here yesterday that the Government of India had asked the Reserve Bank to restrict credit facilities to traders in rice in the country, as a step to "arrest hoarding of rice". He expressed the hope that this step would stabilise prices of rice at reasonable levels.

Sri. Krishnappa observed that prices of rice "ought to have come down" but for the Suez crisis and the war psychology created among the merchants.

Referring to rice supplies to Mysore, the Deputy Food Minister stated that so far the Central Government had distributed five lakh pallas in the State.

He pointed out that they were selling about 2,000 pallas of rice per day in Bangalore, through the Corporation fair-price depots. The Bangalore City Corporation had made a net profit of Rs. one lakh by these sales, he added.

In conclusion, Sri. Krishnappa assured that there was no room for anxiety and that there was every reason to believe that prices would stabilise at reasonable levels soon.

PAK RULING PARTY DENOUNCES MILITARY PACTS

The Council of the East Pakistan Awami League, whose leader Mr. H. S. Suhrawardy is heading the Central Cabinet, meeting at Kagmari in East Pakistan yesterday, adopted a resolution expressing its vehement opposition to military pacts and reaffirming its faith in an independent foreign policy for Pakistan.

The resolution stated that Pakistan could be built up as a strong and prosperous nation "by not remaining a stooge of foreign Powers, but by adopting a neutral independent policy." The foreign policy of the present Government militated against the conditions necessary for making Pakistan a healthy and prosperous country. Pakistan had lost the sympathy of a majority of Muslim nations for being a partner in different military pacts and particularly the Baghdad Pact.

The resolution ignored the plea of Prime Minister Mr. Suhrawardy made on Thursday that the stand the League had taken in the past on military pacts and foreign policy needed modifications in the light of events of the last five years.

The President of the East Pakistan Awami League, Mr. Moulana Bhashani moved a resolution authorising himself to take disciplinary action against any member, including a Minister, for contravening the Council's resolution on foreign policy and military pacts.

Exhibition On Edn. In Russia

Mysore, 11

Inaugurating the 10-day Soviet Higher Education Exhibition at C.P.C. Buildings in Gandhi Square here yesterday, Sri Nittoor Sreenivasa Rao, Acting Chief Justice of Mysore High Court, called upon the people not to think in terms of unhealthy, narrow loyalty to one nation, but to think in terms of "one world" and "world brotherhood."

Sri Sreenivasa Rao, at the outset, pointed out that in some of the Western countries like the United States and Britain, the individual liberty and freedom were being stressed, whereas in the Socialist block, society assumed propriety for creating a better life of the individual as well as the community.

Comparing the development plans of India with those of the Soviet Union, he observed that whereas India was implementing her Five-Year Plans with the aid and co-operation of foreign countries, the Soviet Union had had to build up her economy on her own resources. That, he said, was a very bold step indeed, and the spirit behind it was worth emulating.

In conclusion, he hoped that the Exhibition would bring all concrete knowledge about Soviet Higher Education to the people of India.

Mr. K. Sampatgiri Rao, speaking on the occasion, stated that while it was true that the Soviet Union was able to implement her Five-Year Plans within four years, they in India were far behind schedule in this matter. It was for the intelligentsia to analyse reasons for this slow pace of progress, he said and added that exhibitions like the present one, would serve as eye-openers to them.

ORDINARY LAW FOR EX-RULERS

The private property of the former Indian State Ruler is governed by the ordinary law of the land and not by the safeguards of his rights under the Constitution or the guarantees given under the agreement between the Ruler and the Union of India. This judgement was given by the Bombay High Court dismissing a petition filed by a former Ruler of Devgadh-Baria challenging an order of Government requisitioning a Guest House in his estate.

Mr. Justice K. T. Desai in his order stated that the safeguards provided in the Constitution and the merger agreement were the rights of succession and personal rights and privileges of former rulers of Indian States and not the rights which the ruler had in connection with his personal property which were governed by the ordinary law of the land.

C. M. FAVOURS RENAMING OF MYSORE STATE

Chief Minister Sri. S. Nijalingappa has expressed himself in favour of renaming the present Mysore State as Karnataka.

Replying to an address presented to him by the merchant community of Bijapur on Monday, the Chief Minister said that if he were to be sincere and true to his conscience, he would say that it was in the fitness of things that Mysore should be christened as "Karnataka." But, he said, there were some people who did not like this. Therefore, they should try to solve this question in a tactful manner, without embittering any section of the people.

He counselled patience to those who were enthusiastic about renaming the State, and assured that given some time, he would try to fulfil their aspirations.

IMMINENT NEED TO SUPPRESS ROWDIES

Bangalore, 13

Convicting a team of gangsters on charges of robbing a poor clerk, Sri A.Panchakshariah, City Magistrate, stressed the need to put down rowdy elements "with a severe hand", yesterday.

The case against the accused was that on the night of Dec. 3, at a cross road in Kalasipalyam, the complainant, Sri K. S. Revanna Siddaiah, was pestered by a young woman for a paltry sum. Before he could get rid of her, a well-built man appeared on the scene, caught hold of Siddaiahs' collar and whistled to his accomplices. Two more men appeared on the scene and relieved their victim of his pen, purse and wrist watch.

Of the four accused, Siddarama, who pleaded guilty, was sentenced to 6 months' R.I. The woman was sentenced to six months' R.I. and two others V.G. Kumar and Nazeer Ahmed to two years' R.I.

NEHRU DECLARES

WHOLE NATION WILL RESIST AGGRESSION IN KASHMIR

Prime Minister Nehru declared at Cuttack yesterday that he had not a shadow of a doubt that "if Kashmir is attacked, the entire nation will determinedly oppose and resist this agression."

Addressing a mammoth election meeting, the Prime Minister said he did not make it a party question relating to the Congress alone. The Kashmir question concerned the whole country.

Reiterating the basic principles of India's foreign policy, he said that India was not going to align herself with any power bloc and would try to befriend all, "including those who might be dissatisfied with us." This applied as well to Pakistan with whom India wanted to be on the friendliest of terms. They did not want war, but friendship with Pakistan.

India, he said, along with three or four others, did not want to identify herself with this camp or that or join this military bloc or the other. They could not become strong by borrowing swords from others, but only by stating their point of view. If they also gave up this independent line, there would be no one working for the cause of peace, he added.

Congress Election Campaign

Mysore, 14

Sri V. Venkatappa, President of the M.P.C.C., inaugurated the City Congress Election campaign here yesterday at Townhall maidan. Sri. S. Channaiah presided.

Appealing to the people to cast their votes in favour of Congress candidates, Sri. Venkatappa explained how Congress had stood out as the only organisation in the country, which had delivered goods to the people. Guided by the ideals of Gandhiji and the leadership of Nehru, the Congress could credit itself of tremendous achievements in the implementation of Five-Year Plans, in the rehabilitation of refugees, and the solution of the States Reorganisation question, to mention a few.

A time like this, when the country was faced with the grave proolem of Kashmir, was most opportune for the people to support Prime Minister Nehru's Kashmir policy by solidly backing the Congress candidates.

Sri Channaiah enjoined the people to support the Congress candidates and save the reputation of Mysore city which had been always pro-Congress.

Earlier, Sri B. Narayanaswamy welcomed. Sri Vishakantha Rao of the 'Lavani' fame, sang a song composed by him on the 'National Plan.'

Compensation Amt. Not 'Income'

The Bombay High Court has ruled that the compensation amount received by an employee on termination of his employment is not subject to income-tax.

The reference before the court was the liability to tax of a sum of Rs. 12,000 which was paid to Mr. W.A.G. Cuff by Messrs. Thomas Cook and Son Ltd., "as compensation equivalent to six months' salary for the termination of his employment owing to the closure" of a department in the company.

The income-tax authorities claimed tax on this amount and Income-Tax Appellate Tribunal upheld the levy. The matter was then referred to the High Court.

In giving their ruling, Their Lordships the Chief Justice and Mr. Justice Tendolkar said that the amount was paid to Mr. Cuff not for past services but as a solatium for loss of service. Therefore, the amount was a capital receipt not liable to income-tax.

DOCTORS MUST STUDY AYURVEDIC CLASSICS

Inaugurating the joint medical conference of the Associations of Physicians of India at Agra on Tuesday, Sri Sampurnanand, Chief Minister of Uttar Pradesh, asked the physicians to study classics of Ayurveda system of medicine. Doctors, he said, should not get deterred by the Ayurveda works containing discourses on subjects which did not find their place in modern medical books. Ayurveda had a basic idea of philosophy which modern science was trying to reach today in all its branches, he said.

PLEA FOR ABOLITION OF ASST. PROFESSORSHIP

M. C. LECTURERS URGE SYNDICATE

Mysore, 16

Representatives of the lecturers of the Maharaja's College, meeting the Vice-Chancellor and members of the University Syndicate, which was in session at Crawford Hall today, urged the abolition of the 'anomalous' cadre of Asssistant Professors in all University Colleges.

Representing their case for an increased salary, they urged the Syndicate members that the lecturers who formed the foundation of the University should be started on a minimum salary of Rs. 200 p. m. in grade Rs. 200-20-500. The present Assistant Professors should be absorbed in this grade without prejudice to their present emoluments. It was absolutely necessary, they pointed out, that the University which was autonomous now should honour its own earlier resolution to abolish this anomalous cadre of teachers for improving the morale and efficiency of the teachers.

They further stated that there should be only three cadres of teachers in the University called Professors, Readers and Lecturers as specified in the University Act. There should be only one Professor in each of the important subjects. The Readers in each department should be appointed on the basis of research work done and in limited numbers.

With a view to maintaining the ratio between the minimum pay of the Lecturer and the maximum pay of the Professor at 1:4, they suggested that the Readers should be fixed in the grade Rs. 500-25-700, and the Professors at Rs. 700-30-850.

Finally, they pleaded that the assistance from the University Grants Commission should be got before March 31, so that the University teachers might not lose the benefit for one more year.

ACTORS WANT 3-FOLD PAY RISE

The actors and actresses of the BBC Television Service have demanded a three-fold increase in their present scale of fees. Communist Party Election Campaign

Mysore, 18

Speaking at an election meeting under the auspices of the local Communist party, at the Townhall maidan yesterday Sri Ajoy Kumar Ghosh, General Secretary of the party, denounced the attempts made by the Congress to make the Kashmir question a party issue. He stated that the general elections were being fought not on issues on which there was unanimity of views, but on issues on which there were differences.

He said that on the Kashmir question there was unanimity of opinion throughout the country and they would not allow interference from any outside power. The Communist party, he said, would wholeheartedly support the Government of India on whatever measure they might be forced to take in solving the Kashmir tangle.

Sri Ajoy Ghosh explaining the policy of the Communist party stated that people should look at the achievements of Congress with a clear perspective. For a party which was in power for ten years with practically no challege at all, the achievements they were telling the people were not enough. A Government should be judged not merely by things which appeared, at the outset, to be gigantic, but by the extent to which the measures they took improved the condition of the masses.

In conclusion, he said that his party stood for removing the "burden on the people" and to tread the country and its people on the path of progress.

He appealed to the electorate to vote the Communist candidate from the Mysore North constituency.

Sri N.L.Upadhyaya, Secretary of the Karnatak unit of the party, presided.

It was also stated that steps were being taken to open automatic exchanges at Saklespur, Channapatna, Chamarajnagar and Virajpet and Public Call offices at Kollegal, Somwarpet, K. R. Sagar and Periyapatna. Teleprinter working between Mysore and Bangalore had also been sanctioned for the Telegraphs section.

TOURIST INDUSTRY IN KASHMIR

Kashmir State is planning to receive some 2,00,000 visitors this season and the entire tourist industry has been geared up to cope with this expected traffic, according to the Director of Tourism of the State Government. He disclosed at Bombay yesterday that the State was planning a motor rally to Srinagar from Bombay next April or May in co-operation with the Western India Automobile Association to encourage tourists to visit Kashmir in their own cars.

Role Of Teachers In Society

Mysore, 18

Presiding over the Tutorial Day of the Maharaja's College on Saturday, Sri Jayachamaraja Wadiyar, Governor of Mysore, observed that the basic need today for the rest of the society was to realise that the teachers had a legitimate role to play in shaping society. And it was up to the community to create and give them a status in social life in keeping with their august role.

Referring to the role played by the University in modern times, the Governor said what the University could do at best was to initiate the youth into the mysteries of knowledge and make them conscious of how little they knew and how much they should know.

Adverting to the role of teachers, he said in ancient India, Universities were not matters of brick and mortar, libraries and laboratories. Wherever there was a great teacher a "Gurukula" or a University sprang up spontaneously around him. "Shall we be able to catch up again in this radiant factor India's educational history", he asked.

In conclusion, the Governor said that the College with scope for the study of applied and social sciences and humanities should cause that intellectual ferment and only then they could produce well rounded personalities capable of becoming leaders of thought or at least, harmonious co-workers in a common cause.

Earlier, Prof. C. D. Narasimhaiah, Principal, welcoming the Governor explained the working of the Tutorial system introduced in the college at the beginning of the academic year in 1956.

Girl Injured By Tiger Cub

Mysore, 18

A tiger cub in the local Zoo hurt yesterday a girl who had been there, and was admitted to K. R. Hospital later with injuries on the back and lips cut.

New Projects Of Food Institute

Mysore, 19

A plant for the manufacture of macaroni-type products has been installed at the local Food Research Institute.

The local pressmen were taken round the new plant yesterday by the Director of the Institute Dr. V. Subramanyan, and shown the working of the plant.

The Director told pressmen that the macaroni-type products had been known and used for a long time in different parts of the world including India and their preparation consisted in converting good wheat semolina or related products into dough and then processing and drying it under favourable conditions. The new product, the Director said, was thrice as nutritious and rich in vitamins as rice, and therefore, commended itself as rich food, available at a very cheap rate of 4½ annas per pound, whereas the foreign product cost a rupee for the same quantity.

The Director also informed that the Institute had developed a simple process for the freshly harvested paddy in the rice mill so that it yields after milling, a rice that possesses the desired cooking qualities of old stored rice, besides the nutritional properties of par-boiled or home-pounded rice.

ROLE OF SECONDARY EDUCATION

Replying to the address presented on the occasion of the Golden Jubilee Celebrations of St. Thomas High School, Honavar, North Kanara, on Monday, the Governor of Mysore stressed the need for reorganizing our education in consonance with our national needs. Our secondary education had to bear the responsibility of equipping, training and disciplining our youth and moulding their shape in their most impressionable age, he added.

For the success of a good system of education, the Governor said, a decent standard of living for the whole community was as necessary as the ability of teachers or the willingness of students.

Referring to the medium of instruction, the Governor stated that that instruction should be imparted in the mother tongue was an axiom, but the matter was complicated in our country by the multiplicity of regional languages of high literary and cultural excellence. A common language was a national necessity, and in this as in other matters unity had to be achieved without offending justifiable local sentiment.

The Governor emphasised the need for a change over in the medium of instruction, since English could not be retained in that position any longer. But, he cautioned, the English language could not be discarded altogether because it was not only a repository of knowledge and learning but had also now established itself as the language of international communication.

P.M. CRITICISES CASUAL WAY OF TREATING KASHMIR

Mysore, 23

Addressing a mammoth public meeting at the Townhall Maidan this morning, Prime Minister Nehru reiterated that India had honoured all her international commitments in regard to Kashmir.

Criticising the attitude of certain countries "not to see, not to hear, not to think," but to form conclusion on the Kashmir question, the Prime Minister said that Kashmir was a problem of four million living human beings. It was a problem of a part of India, which had today a greater autonomy, "more autonomy than your State of Mysore has in some respects, or even any other State of India."

Kashmir, he said, had a responsible government and an elected legislature.

Referring to India's commitments to the people of Kashmir, the Prime Minister asked, "Are we going to dishonour our commitments to the people of Kashmir."

In Kashmir, he went on, they had achieved much progress. The State of Kashmir was much better of now than at any time in the past. The Pakistan-occupied part of Kashmir was in a miserable and poverty-stricken condition, and there was no comparison between the two.

Continuing, the Prime Minister observed that large quantities of the latest types of weapons were flowing free into Pakistan. Every intelligent person could know that those weapons were not required to fight any other country, but they were told by responsible persons in Pakistan that they were to deal with India. He posed the question to his audience "Are we to ignore this; does it bring peace to India and Pakistan?"

Denouncing the various military pacts such as Baghdad Pact, Warsaw Pact and the NATO, Prime Minister asked, in an obvious reference to the Kashmir question how could a problem be settled in a peaceful manner when there was so much of war-talk and preparation for military alliances.

The Prime Minister appealed to the people not to be swept away by passion and anger and indulge in wrong-doings, because of what was being said of India's attitude towards Kashmir elsewhere in the world.

NEHRU IN BANGALORE

(From our Correspondent)

Bangalore, 23

Prime Minister Nehru arrived here this afternoon from Mysore. He was received at Hindustan Aerodrome by the M.P.C.C. Chief Sri V. Venkatappa, State Ministers and others and was given a warm reception.

'VOTE TO CONGRESS IS TODAY'S NEED'
—NEHRU

Mysore, 23

Prime Minister Nehru declared here today that vote to the Congress during the coming General Elections was the "need" of the country.

"Advising" the "intelligent people" of Mysore to support the Congress candidates, the Prime Minister said that it was desirable for the success of the Five-Year Plan and the Foreign Policy of India that Congress should achieve great success in the elections.

Prime Minister Nehru In City

Mysore, 23

Prime Minister Sri Jawaharlal Nehru arrived here today by his personal plane "Meghdoot" from Hyderabad at 10-25 a.m. He was accorded a warm welcome at the Mandakalli Aerodrome.

Governor Sri Jayachamaraja Wadiyar, Chief Minister Sri Nijalingappa Municipal President Sri Sanjivaiah and Sri S. Channaiah received the Prime Minister.

When the Governor garlanded the Prime Minister profusely, he remarked with a radiant smile "I like it immensely, but I cannot put it on for a long time."

Sri Das, Chief Minister's driver, offered Sri Nehru a rose, which he received with a beaming smile and said "Thank you, my old friend."

Driving in an open car to the Government House accompanied by the Governor, the Prime Minister acknowledged the tumultous cheers of the people who had lined either side of the road, with folded hands.

Relaxing for a while at the Government House, he later drove to the Townhall Maidan to address a public meeting.

Nehru On National Anthem

Mysore, 23

Prime Minister Nehru expressed dissatisfaction at the unceremonious way in which a record of the National Anthem was played at the conclusion of this morning's public meeting.

When after the meeting, the record was suddenly played, the Prime Minister was visibly overcome by impatience, but waited till the Anthem was over, and then seized the microphone and said that he did not in the first instance like that gramaphone record. It was worse still not to inform the people about it beforehand. The National Anthem should be sung only after making an announcement, he added.

Karanth's Plea For Support To P.S.P.

Mysore, 25

Sri K. R. Karanth, P.S.P. Leader, inaugurated yesterday at the Townhall Maidan the election campaign of the local Praja Socialist Party.

Appealing to the people of Mysore City to vote the P. S. P. candidates, Sri Karanth enumerated the 'follies and foibles' of the Congress rule and said that it was high time people realised their responsibility and taught a lesson to the Congress.

The First Five-Year Plan, he said, was a colossal failure, and considering the current trends one could be quite sure of the failure of the Second Plan also. The inflation tendency was gaining ground, and the Plans which were expected to improve the lots of common people were helping only a few, making poor the poorer.

The Praja Socialist Party, Sri Karanth said, stood for the decentralisation of power. Authority and power should be shifted to municipalities and village panchayats. It was only through such local bodies that the developmental projects could be effectively implemented and peopele made happier.

In conclusion, he said that he would not ask the people to look only for party labels while exercising their franchise, but to consider the merits of the individuals who represented parties.

Earlier, Sri M.N. Thimmaiah, General-Secretary of the local unit of the party, welcomed. Sri N. S. Narayanaswamy proposed a vote of thanks.

P.S.P.-CONGRESS CLASH

Orders prohibiting meetings, processions and assembly of more than five persons were passed yesterday at Bhadravati.

In a clash between the P.S.P. and Congress election propagandists some persons were insured in stone-throwing. The injured were admitted to the hospital. Again there was a clash in the night.

General Elections

Bangalore, 26

Over seventeen lakh voters in 29 constituencies in 14 districts of Mysore State went to polls yesterday, the first day of the General elections to elect 34 members to the State Assembly.

Mysore Chief Minister Sri S. Nijalingappa, Revenue Minister Sri Patil, Speaker Sri S. R. Kanti and former Ministers Sri Siddalingaiah and T. Channiah are among the 87 candidates for the 29 Assembly seats.

In the country, polling commenced yesterday in nine States, in 192 Parliamentary and 556 Assembly constituencies to elect 241 members to the Lok Sabha and 682 for State Assemblies.

BIG CUSTOMS HAUL

Rs. 20,000 worth of smuggled gold, wrist watches and other articles were seized following simultaneous raids in Calcutta, Vijianagaram and Cuttack on Feb. 22. Customs officials were now busy investigating inter-State racket for smuggling of gold, precious stones and other luxury articles into India from the Far East.

HOLIDAY ON POLLING DAYS

In order to enable Government servants to cast their votes in the ensuing general elections, the Government of India have decided to give defence civilians serving in lower formations under the Ministry of Defence in the various States and Union territories a holiday on the respective polling date in a particular area if it does not fall on a Sunday.

The holiday will be treated as a paid holiday in the case of industrial and casual employees.

FUNDS TO RAISE LIVING STANDARDS

The Union Finance Minister Sri T. T. Krishnamachari has suggested the utilisation of Insurance Funds for raising the living standards of people.

Addressing the Life Insurance Corporation Employees' Union at Madras on Feb. 24, the Minister said that there was no meaning in increasing the Central Budget for this purpose, and therefore, it was necessary that people should invest more and more of their savings in Life Insurance.

Vol. VII. MYSORE WEDNESDAY, FEBRUARY 27, 1957 No. 159

FORCE-LANDING OF NEHRU'S PLANE

'Meghdoot' Prime Minister Nehru's plane made an emergency landing at a wartime kutcha airstrip near Raichur yesterday morning while on flight from Mangalore to Raipur due to engine trouble. After a few hours Prime Minister and his party left by two other relief Dakotas to Raipur in Madhya Pardesh.

About 90 minutes after a perfect take-off from Mangalore, at about 9-30 a. m., smoke was observed on the portside engine of the plane and it was immediately feathered and flames were put out. With the other engine working normally, the plane made a perfect landing, in the airstrip.

Before landing, Prime Minister inspected the damaged engine and with a smile told the excited members of the crew and his own party 'What are yo all excited about? Please sit down in your seats.'

Till the relief planes came the Prime Minister and his party remained for about two hours in the airstrip alone.

Seeing the plane make an unexpected landing scores of people working nearby rushed to the airstrip and were pleasantly surprised to see the Prime Minister.

Later Prime Minister Nehru described at Jubbulpore that it was a small incident and asked the people not to be perturbed over such things. 'Such small things do happen and there is no need to get perturbed over it', he observed.

DAY-LIGHT ROBBERY

Five young men made off with Rs. 14,200 after a day-light hold-up in front of a bank in Calcutta on Monday last. The men whizzed off in a waiting taxi throwing a number of crude bombs on the crowd that attempted to catch them.

Stop Banking Facilities

Mysore, 27

The Municipal Council which met here on Monday last unanimously passed a resolution requesting the Government to stop banking facilities to stock food grains. The resolution was moved by Sri H.N.Muddaiah.

Earlier several members in opposition objected for the working of the Municipal employees during the Prime Minister's visit to the City for election campaign. The President and theCommissioner stated that some arrangements had to be made when great personages like the Prime Minister visited the City and that there was no waste of municipal funds as the organisers of the meeting would pay for the municipal help rendered to them.

During the question time the President stated that the water revenue of the Municipality was Rs. 2¼ lakhs per annum and 2454 house- connections had been metered and 519 institutions had been exempted from water tax.

The Council accepted a suggestion of licencing coolies in Octroi office.

Police News

Mysore, 27

Chikkasetty aged 45 was convicted and sentenced for two months rigorous imprisonment by the City Magistrate yesterday on charges of cheating.

It is stated that the accused posing himself as a magician duped Basamma of Nala street with her gold chain valued Rs. 400 on July 26, 1956. The K.R. Police had filed the case.

Two more similar cases are reported to be pending against the same person.

BHOODAN BY STUDENTS

The Vice-Chancellor of Nagpur University has assured that all facilities for appearing at examinations as private students would be given to students who engaged themselves in Bhoodan work in villages.

Announcing this Sri Jayaprakash Narayan has appealed to other universities to follow suit. He has suggested that no diploma or degree should be awarded to students unless they did an year's national service.

DEVELOPMENT COUNCIL

The Government of India have reconstituted the Development Council for the industries engaged in the manufacture of pharmaceuticals and drugs.

The meeting also resolved to request the Central Government to continue fair price depots so that the public may get rice at cheap rates.

First Congress Success

Bangalore, 27

Sri J. C. Ramaswamy Reddy, a Congress candidate was declared elected to the State Assembly from the Anekal Constituency. He defeated two independents.

This is the first success of the Congress in the elections.

With Sri Reddy's success, the Congress has now eight seats in the Assembly including seven who have already returned unopposed.

Polling Tomorrow

Bangalore, 27

Today being Shivaratri day, there is no polling anywhere in the State.

The third stage of polling will begin tomorrow. Over 10.36 lakh electorate will exercise their franchise to elect 21 candidates from 17 constituencies spread over 12 districts.

There are 8 straight fights and six triangular contests in which two Ministers and seven other sitting members are involved. The Ministers are Sri A. Bheemappa Naik opposed by Mulka Govinda Reddy (PSP) in Challakere constituency and Sri H. K. Veeranna Gowda opposed by Sri S. K. Chikkanna (PSP) in Maddur Constituency.

DAILY JOB OF THE RAILWAYS

The Indian railways performed the following tasks daily in 1955-56:

They carried nearly 3,550,000 passengers daily.

Each hour of the day and night, an average of 148,000 people boarded the trains. In all, about 36 million more people travelled in 1955-56 than in the previous year.

The people of India performed train journeys aggregating nearly 107,000,000 miles daily. Every day passenger trains traversed a total of 316,000 miles six and a half times round the earth at equator. Goods trains covered another 226,000 miles per day.

Polling Today

Bangalore, 1

Polling for the general elections is being held today in 11 constituencies in Mysore State, majority of them being in Darwar District.

The key contests for today include those of Sri T. Subramanya, Chairman, State Legislative Council and Sri C. M. Poonacha, Industries Minister.

Yesterday polling was held in 17 constituencies including Chamarajnagar in Mysore district and Bangalore South Taluk.

Of the 82 booths in the Bangalore South several seem to have experienced very scanty polling, perhaps a few number. In a booth just opposite the Hindustan Aircraft Factory at 12 noon, not even one vote had been registered. While generally 1000 voters had been assigned for each booth, by the close of the day ballot papers had been issued only for less than 100 voters in another booth.

Brisk Polling In Mandya

(From our Correspondent)

Mandya, 2

Very heavy polling has been reported from the rural parts of the Mandya Assembly constituency where Sri S. Channaiah of the Congress is pitted against two rivals, a rebel Congressman and a Socialist.

Polling in Mandya Town, however, was very poor till late in the afternoon. Holiday has been declared for the Sugar Factory here in order to enable the workers to exercise their franchise.

According to reports reaching here, as many as 646 out of 1,100 had exercised their franchise in one polling booth at Keragodu village by noon. In the second booth at the same village 575 out of 1,200 had cast their votes. Figures available for some other booths at noon were : Kilora : 600 (1,200); Maragondanahalli : 600 (1,000); and Vodeghatta : 550 (900).

At Ummarahalli, the native village of Sri Channaiah, as many as 600 out of 900 had exercised their votes by noon.

Counting of votes in this constituency will commence on March 5.

NIJALINGAPPA WINS THE RACE

Bangalore, 2

Chief Minister Sri S. Nijalingappa was declared elected to the State Assembly from Molakalmuru constituency. He defeated his only rival Sri V. Anjanappa, a P.S.P. candidate. Sri Nijalingappa secured 19,167 votes and Sri Anjanappa 13,758.

Today's Polling

Bangalore, 2

Over a million and a half voters in 19 constituencies in the State are exercising their franchise in today's polling. The largest number of constituencies are in Belgaum and Bijapur districts.

Of all the constituencies, the fight in Mandya will be most exciting, where the Regional Congress President Sri S. Channaiah is facing two opponents Sri G. S. Bomme Gowda, sitting Congress M.L.A., who is contesting as an independent candidate resigning from the Congress, the other being Sri N. L. Nagappa, a Socialist nominee.

In Mysore District, Kollegal will go to polls today.

Polling is also being held today in 52 Parliamentary and 225 Assembly constituencies in the country to elect 59 members to the Lok Sabha and 264 to the State Assemblies.

STATE HOUSING SCHEMES

Bangalore, 2

Financial assistance to the tune of Rs. 21.35 lakhs during 1957-58 will be received by the State Government for the completion of housing schemes in the State, it is stated. The State Government are also moving the Central Government for a loan of Rs.5 lakhs under the Low Income Group Housing Scheme.

PATROLLING GOA BORDER

Bangalore, 2

The State Government have sent up proposals to the Government of India, for unified control and superintendence of patrol work in the Goan border of the State.

At present, the area around Goa forming the borders of Mysore and Bombay States are being patrolled by police forces drawn from both the States.

CORPORATION BYE-ELECTIONS

Bangalore, 2

As many as 25 candidates have filed nominations for the bye-elections to the Bangalore Corporation Council coming off on March 24 to fill four seats.

Three of the vacancies were caused by the disqualification incurred by the Councillors for continued absence from the Corporation meetings, while the fourth was due to the resignation of Sri B. V. Lankappa after his appointment as the Chairman of the Bangalore Trust Board.

Plea For Support To Congress

Mysore, 4

Addressing an election meeting organised by the City Congress Election Propaganda Committee at Sri Seetharama Mandira in Krishnamurthypuram last night, Dr. Anup Singh, M.P., appealed to the people to vote only well-organised political parties during the General Elections.

Dr. Anup Singh, who is touring the State as an "observer" from the A.I.C.C., said that under the circumstances prevailing today, there was no other organisation than the Congress which was well-organised and was capable of undertaking the responsibility of nation-building activities.

Referring to the Praja-Socialist and Socialist parties, the speaker stated that there was no fundamental difference between the ideals of these parties and those of the Congress. These parties had taken birth under peculiar circumstances. Whereas the P.S.P. was ushered in by some disgruntled, disappointed and frustrated Congressmen, the Socialist Party was created by a few who could not get the party reins.

Adverting to independents, Dr. Anup Singh observed that they had no organisation, no common outlook and no common programme. Voting the independents would mean nothing but giving way to chaos and incertitude in the domestic as well as international sphere, he added.

In conclusion, he said it was up to the voters themselves to think well before they voted, bearing in mind that neither the totalitarian methods of Communists nor the ill-organised Opposition parties could deliver goods to the people.

Today's Polling

Bangalore, 4

Over nine lakh voters from 18 constituencies in ten districts of the State will go to polls today, to choose eleven representatives to the State Assembly.

These constituencies also constitute the ten Lok Sabha constituencies for electing eleven M. Ps. Of these, Mysore is a double member constituency.

As many as ten straight fights are the special feature of today's elections for the Assembly.

Contestants in the field include ten sitting M. L. As., and one M. L. C.

The key contests today include the straight fights between the former Chief Minister Sri K. Hanumanthaiah and his old rival SriB.T.Ramaiah in Ramanagaram constituency.

In Mysore District elections will be held today for one seat in the State Assembly from T.Narasipur constituency where the Opposition stalwart Sri S. Sreenivasa Iyengar (P.S.P.) is facing another sitting M.L.A. Sri M. Rajasekhara Murthy of the Congress.

Counting of votes in this constituency will be held on March 8.

CONGRESS REVERSE IN MANDYA AND TIPTUR

REBEL CONGRESSMAN DEFEATS CHANNAIAH

Mysore, 6

The Mysore Congress Party suffered a major setback in the current elections to the State Assembly yesterday, when the Regional Congress President Sri S. Channaiah was defeated by a sitting M.L.A. and a "rebel" Congressman Sri G. S. Bomme Gowda in Mandya constituency.

Sri Bomme Gowda, the victorious candidate, secured a majority of 1,875 votes over his immediate rival Sri Channaiah in a triangular contest in which Sri N.L. Nagappa, a Socialist nominee, forfeited his deposit.

Out of 60,107 voters in the constituency, 38,414 exercised their franchise. Sri Bomme Gowda (Ind.) secured 17,910 votes as against 16,035 and 4,309 secured by his rivals Sri Channaiah and Sri Nagappa respectively. 160 votes were declared invalid.

Another Congress reverse was witnessed yesterday in Tiptur constituency which returned Sri K.P. Revanna Siddappa(P.S.P.). He defeated his only rival, Sri T. G. Thimma Gowda, a sitting Congress member, by a majority of over 4,000 votes.

A notable win for the Congress yesterday was that of Dr. Nagan Gowda, who defeated his solitary independent rival by over 2,000 votes, in Hospet constituency.

All the four seats from Ankola (Karwar), Manvi (Raichur), Nargund (Gadag) and Lingsugur (Raichur) constituencies, the results of which were announced yesterday, went to the Congress.

CORRUPTION COMPLAINTS

Bangalore, 8

The State Government have notified that petitions containing allegations of corruption against Government servants should be addressed either to the concerned Secretary to Government or Special Officer, Efficiency Audit, without copies being sent to other offices.

TheGovernment have said, in a press note, that it had come to the notice of the Government that when forwarding such petitions, copies thereof were also being sent by the petitioners to several other offices involved in such complaints, in several cases.

Enquiries in such cases, the press note added, had revealed that with this advance knowledge of the petitions, the persons complained against had often either hushed up useful material or otherwise compromised with the parties, with the result that the enquiries in most of such cases had proved fruitless. It was therefore suggested that copies of such complaints should not be sent to other offices, so that the contents could be kept as confidential as possible until enquiry had made progress.

Mysore, 9

The A.I.R. Kannada news bulletin of 7-45 p. m. announced yesterday that 'Sri H. S. Rudrappa, Speaker of the Mysore Assembly, has been elected to the State Assembly', while the candidate declared elected to the Assembly yesterday was Speaker Sri S.R.Kanthi, fromHungund constituency in Bijapur district. The glaring mistake was repeated twice over, and no correction followed.

Another mistake was the announcement of the 'success' of Smt. Jothi Venkatachalam, ex-Minister, to the Madras Assembly, whereas she had lost to a 'rebel' Congressman in her constituency in Chingleput district. In this case, however, a correction was announced afterwards.

DISCUSSION ON MINISTRY-MAKING

The Congress High Command meeting in New Delhi on March 23 to make a review of the party's performance at the polls, will consider the difficulties that may arise in connection with Ministry-making in any State.

PARLIAMENT SESSION

The last session of the outgoing Parliament will begin on March 19. The general and railway budgets will be presented on the same day.

On March 18, Union President Dr. Rajendra Prasad will address members of both houses of Parliament.

On March 21 there will be a debate on foreign affairs.

No new legislation is expected to be discussed during the session. An amendment to the Salaries and Allowances Bill relating to M. Ps. is proposed to be tabled by the Government.

D. M. K. LEADER ELECTED

Sri C. N. Annadurai, leader of the Dravida Munnetra Kazhagam, has been elected to the Madras Assembly from the Kancheepuram constituency in Chingleput district.

In a four-cornered fight, he defeated his immediate Congress rival, Dr. P. S. Srinivasan, by a majority of over 11,000 votes.

AFTER-CARE HOMES

A total of 12 State Homes and 31 District Shelters has been sanctioned so far in six States under the After-care and Moral and Social Hygiene programmes sponsored by the Central Social Welfare Board in collaboration with State Governments.

NEW ARMY CHIEF

Lt.-Gen. K.S. Thimmayya, GOC-in-C., Eastern Command, took charge yesterday as officiating Chief of the Army Staff. He succeedes Gen. S. M. Shrinagesh, who has proceeded on two months' leave preparatory to retirement.

P. S. P. Leader Defeated In T. Narsipur

Mysore, 9

P. S. P. leader, Sri S. Srinivasa Iyengar, a sitting member, was defeated yesterday by another sitting member, Sri M. Rajashekara Murthy of the Congress in a straight fight in T.Narsipur constituency.

The Congress nominee secured 14,028 votes as against 11,448 polled by his rival.

A notable victory for the Congress came from Hungund constituency in Bijapur district, which returned Speaker Sri S.R. Kanthi who claimed a majority of over 6,000 votes over his only rival, a candidate of the Lok Seva Sangh.

Yesterday's counting also witnessed the success of Congress candidates in Tikota (Bijapur) and Malavalli, Messrs. C. J. Ambli, President of the Karnatak Regional Congress, and H. V. Veere Gowda. The latter defeated Sri B. P. Nagaraja Murthy (PSP), a sitting member, by 15,905 votes in a four-cornered fight.

Major Congress reverses yesterday came from Davangere, Kanakapura and Hassan.

In Davangere, Sri K. T. Jambanna (PSP) defeated his Congress rival, Sri Ganji Veerappa, by over 6,000 votes.

Hassan returned an independent candidate, supported by P. S. P., Sri K.T. Dasappa, who defeated the Congress nominee, Sri L. T. Karle, by about 3,000 votes.

The Praja Socialist Party bagged another seat in the Assembly from Kanakapura constituency, where the party's candidate Sri M.Linge Gowda defeated the Congress candidate Sri K. G. Thimme Gowda by over 3,000 votes.

'RATNAGIRI RAHASYA'

16,000 odd ft. long "Ratnagiri Rahasya" bristling with dance sequences and songs was released last month-end throughout Karnataka, and is running now at the local Rajkamal theatre.

The film based on a mythological legend of the remote past deals with the exploits of a frustrated princess who had fallen in love with Emperor Aditya. It so chanced that the Emperor unwittingly married Mangale, the maid-servant of the princess.

Taking this as an insult to, and outrage on, her modesty, the princess, Nandini, contrives to separate Prince Gajendra, the Emperor's only child, from his parents. Later, with the help of a magician, she transforms the Emperor into a necklace and his wife into a beggar, and virtually begins to rule the State.

In the course of time, the young prince who was growing into a Tarzan in the forests, where he had been abandoned and was being looked after by the wild animals, gains ground and becomes successful in retrieving the kingdom from the hands of Nandini and the magician. The Emperor and his consort are returned to their normal form, and they and the prince lived happily ever after-this is how the story concludes.

The picture is full of adventures and make-believe episodes, and is rather too lengthy to be of sustaining interest.

Pantulu, Director of the film, is featured as the Emperor, and is supported by M. V. Rajamma, Jamuna, Sahukar Janaki and others.

Messrs. Padmini Pictures had arranged a Special Show yesterday for a selected audience. Sri Sri J.B. Mallaradhya presided. Sri Pantulu welcomed the guests.

OVER 50 PER CENT. POLLING IN CITY

KEEN CONTEST IN SOUTH AND NORTH

Mysore, 13

Over 62,000 voters out of 1,26,380 exercised their franchise yesterday, in the elections to the State Assembly from Mysore South, Mysore North and Mysore Taluk constituencies. While polling in the South and North areas exceeded 50 per cent., it was just under 45 per cent. in the Taluk area.

A visit to a number of polling stations in and around the City revealed that polling was very dull in the City limits in the morning. Voters, however, turned up in large numbers as the day rose, to exercise their franchise. Towards the close of polling, around 4 p. m., long queues were noticed in a number of polling stations in the Mysore South and North areas.

Municipal Commissioner Sri A. Viswanath, Returning Officer for the Assembly and Deputy Commissioner Sri D.R. Channarudraiah, Returning Officer for the Lok Sabha, went round the various polling stations. Polling was peaceful and orderly.

It is expected that there is keen contest between the Congress nominee and Independents in Mysore South. The Congress candidate is faced with stiff opposition from the P. S. P. candidate in the North constituencey.

Following are the number of electorate and the votes polled in each constituency:

Mysore South: 20,229 out of 39,818.

Mysore North: 20,520 out of 38,185.

Mysore Taluk: 21,705 out of 48,377.

Total: 62, 454 out of a total electorate of 126,380, or about 49.5 per cent.

The SAMACHAR Office remained closed yesterday on account of General Elections in the City, and therefore, there was no issue of yesterday's date.

POLICE S. I. MURDERED IN K.G.F.

Mysore, 13

The body of a Police Sub-Inspector, who was stated to have sustained fatal stab wounds at the hands of some ex-convicts at Kamasamudra village in K.G.F. last week, was brought over here on Monday.

It is reported that while the Sub-Inspector Sri T. Mayachar (45), a native of Turuvekere, was on his usual night rounds to collect the signatures of some ex-convicts residing in the village, on March 7, a group of K.Ds, it is stated, attacked him and stabbed him with a knife in the abdomen.

The Sub-Inspector was immediately rushed to the K.G.F. Hospital in an unconscious state, where he succumbed to the injuries on Monday morning.

A number of arrests are reported to have been made in the village in connection with this incident.

The body of the deceased, which was brought over here by the Kolar Police authorities, was handed over to his relatives on Monday last.

BANDI GOWDA DEFEATED

Mysore, 13

Sri A G. Bandi Gowda, ex-Chairman of Sugar Factory, Mandya, and Organising Secretary, M. P. C. C., was defeated by Sri Chunche Gowda (Ind.) by 6,994 votes in the elections to the State Assembly from the Srirangapatna constituency, today.

Sri N. Somanna, sitting M.P., was returned to the Assembly from Periyapatna, by defeating his lone rival, Sri T. Venkataram, by about 9,000 votes.

Counting Of Votes

Mysore, 13

The counting of votes in respect of the Mysore Taluk Assembly constituency will begin at 11 a. m. at the Town Hall tomorrow.

Counting for the Mysore North and Mysore South constituencies will be held on March 15 and 16 respectively.

The counting of votes of the Mysore District double-member Parliamentary constituency will begin at the Dasara Exhibition Buildings at 11 a. m. tomorrow. As many as 48 counting desks have been provided for to count the votes deposited in 3,320 ballot boxes from 830 polling stations. The counting is expected to be over by March 16 at the latest.

UNIFORM TENANCY LAWS IN STATE

Bangalore, 13

The State Government have promulgated four Ordinances with a view to introducing uniform tenancy laws in all parts of the new State of Mysore.

A common feature of all the Ordinances issued yesterday is that a procedure has been prescribed for surrender by the cultivating tenant of his right over any land leased to him in favour of the landlord. This is to ensure that such surrenders are bona fide and a penalty is imposed for contravention of the prescribed procedure.

Absolute Majority For Congress

Bangalore, 14

With the announcement of more election results today, the Congress Party has secured 106 seats in the State Assembly and has thus gained absolute majority.

Today's notable wins included that of Sri A. Bheemappa Naik, Minister for Co-operation, a majority of 4,713 votes over his lone rival Sri Mulka Govinda Reddy, in the Challakere constituency.

Former Minister Sri. H. M. Channabasappa was returned from Krishnarajanagar by a majority of about 6,000 votes over his immediate rival Sri K. S. Gowdaiah (Ind.) in a four-cornered contest.

A spectacular win of a United Front candidate was witnessed in Gouribidanur constituency, where Sri N. C. Nagiah Reddy, sitting M.L.A., and member of the Congress Election Committee, was defeated by a majority of 13,727 votes by Sri K. H. Venkata Reddy.

Sri G. S. Melkote, former Minister of Hyderabad, has been declared elected to the State Assembly from Raichur constituency.

Car Accident

Mysore, 13

Gopaliah, aged 30, a municipal employee, was admitted to K.R. Hospital yesterday with slight injuries in a minor car accident.

It is stated that while the Municipal Commissioner was taking out his car near the Townhall last evening, its bumper brushed against Gopalaiah, who was reclining against it after a day's hard work, and caused some bruises to him. He was immediately admitted to the hospital, where he is progressing.

RAILWAY CO-OPERATIVES

Since 1949, consumer co-operative and co-operative credit societies have made much headway on the Indian Railways. On December 31, 1956, there were 125 co-operative societies, with their membership reaching to 49,000 and annual turnover to about Rs.42 lakhs. At the same time, the 31 credit societies had a membership of 4,95,709 and their share capital reached Rs.2,83,15,247.

Ministers Elected

Bangalore, 14

With the election of Ministers H. S. Rudrappa and R. Chennigaramiah to the State Assembly yesterday, nine Ministers out of 11, who contested the Elections for the State Assembly, have been returned. Only one Minister was unseated and the result of one more is yet to be declared. Sri A.B. Shetty, the twelfth Minister, did not contest.

The ruling party bagged 12 out of 13 seats, results of which were announced yesterday.

Till last night, the Congress had secured 112 seats out of 154 declared. The Praja-Socialist Party had secured 13, the Peasant and Workers Party 2, S. C. F. 1 and Independents 26. The Congress had secured eight seats more than the number required for an absolute majority in the 208-strong House.

The notable wins for the Congress in yesterday's results included those of Ministers Chennigaramiah and H. S. Rudrappa, from Madhugiri and Honnali constituencies respectively.

In Nelamangala constituency, Sri Alur Hanumanthappa (Con) was elected for the General seat and Sri M. Hanumanthaiah (Con.) for the Reserved seat.

Sri H.C. Linga Reddy (Con.) was elected by a margin of about 2,000 votes over his lone rival from the Malur constituency.

For the Lok Sabha, Messrs. M. V. Krishnappa, Union Deputy Minister for Food, H.C. Dasappa, Member of the Rajya Sabha, and K.G. Wodeyar have been elected from Tumkur, Bangalore Rural and Shimoga constituencies respectively.

GOVT. SERVANTS ASKED TO STAY AWAY FROM FOREIGN CULTURAL UNITS

The Union Government, it is reported, have decided that Government servants should not participate in the activities of foreign cultural organisations in this country, such as the German-Indian Association, the Indo-Soviet Cultural Society, and others.

The matter was considered in cousultation with the Ministry of External Affairs, and the conclusion reached was that Government servants becoming members or office-bearers of such organisations was objectionable in principle, howsoever praiseworthy the objectives of the organisations may be.

One of the reasons for Government's decision was that when foreign dignitaries came to India, addresses were presented to them by the concerned cultural organisations, and it was not desirable that Government servants should be associated with such addresses. While some of these cultural organisations may not be important or influential, it was felt that others were very active, and on occasions took a political stand which might be embarrassing to the Government of India.

UNIFIED NATIONAL CALENDAR FROM MARCH 22

The unified National Calendar, based on the Saka Era, comes into force from March 22, 1957. The Gregorian calendar, will, however, continue to be used as hitherto, in conjunction with the new calendar, for official purposes.

In the new calendar Chaitra would be the first month and the normal year would consist of 365 days, with 366 days for every leap year.

The Saka Era has been adopted for the new calendar as it was found to be widely used all over India. Indian astronomers have been known to be using it in their calculations since the time of the celebrated astronomer Varahmihira. The Indian almanac-makers, even now, use the Saka Era for calculations and then convert the calculations to their own system.

The lengths of all the 12 months have been fixed and the new year will always commence from the day following the vernal equinox i.e., March 21. Thus, the days of the new calendar would have a permanent correspondence with the days of the present Gregorian calendar.

WRIT TO PROSECUTE NEHRU REJECTED

Sri Chaturvedi, Justice of the Allahabad High Court has rejected a writ petition, filed by Sitaram Khemka, General Secretary of the All-India Cow Protection Committee, and L. G. Thatte, General Secretary of the All-India Hindu Raj Party, for the issue of a writ to prosecute Prime Minister Nehru, and Chief Minister of Uttar Pradesh under Sec. 295-A I. P. C. (injuring the religious feelings of any community.)

Khemka was one of the candidates who opposed Prime Minister Nehru in the election to the Lok Sabha from the Phulpur constituency.

The petitioners alleged that Prime Minister Nehru with a deliberate and malicious intention of outraging the religious feelings of the Hindu community and the Hindu class and the citizens of Allahabad, delivered a speech in Allahabad on Feb. 6, in which he said that he looked down upon "the cow as a horse."

Rejecting the petition, His Lordship said that the court did not grant declaratory reliefs in order to safeguard a party's rights in future, and that the prayer as contained in the petition, was not what the court could grant.

Vidhana Soudha Enquiry

Charges Against Officers

Bangalore, 18

The State Government, it is stated, have framed charges against Officers against whom action was called for, in the light of the observations of the Vidhan Soudha Enquiry Committee.

The Government are also considering the matter of further investigation or enquiry into the irregularities revealed in respect of certain transactions which were examined by the Committee.

In the course of its 222-page report the Committee, constituted in July last under the Chairmanship of Sri P. P. Deo, Retired Judge of the Nagpur High Court, have observed that there was no proper organisation for execution and maintenance of accounts, and that the Special Engineer had no experience of large works undertaken departmentally, nor had he any knowledge of public works accounts. Therefore, conditions necessary for economic execution of the work by a departmental agency were absent.

The Committee in its concluding chapter suggested that the execution of buildings of this magnitude should not be done departmentally unless there were compelling reasons.

Stating that the ultimate outlay was likely to be Rs.180 lakhs instead of the estimated Rs.130 lakhs, the Committee stated that the holding of the Finance Portfolio by the Chief Minister was perhaps the reason for inadequate control over the expenditure by the Finance Department. Such combinations of Portfolios, the Committee held, did not seem to be prudent.

The Committee also held the view that too much of interference by the Ministers in day-to-day execution was not desirable, and that the existing system of accounts and control was ineffective in checking irregular expenditure.

The Committee suggested that a separate Accounts Cadre under the Controller was necessary. It was also essential to have a Pre-Audit system for works of large magnitude.

Dealing with the burden on tax-payer, the Committee has observed that the burden on the tax-payer on account of this "unproductive work" was about Rs. 25 lakhs in the first few years.

In conclusion, the Committee stated that expenditure on unproductive work from borrowings required serious consideration, and in the case of Vidhana Soudha, the financial implications had not beentaken into account.

FINED FOR SMOKING

Mysore, 18

ALL-ROUND DEVELOPMENT DURING FIRST PLAN

GOVERNOR'S REVIEW IN STATE LEGISLATURE

Bangalore, 19

Sri Jayachamaraja Wadiyar, Governor of Mysore, stated in his address to the joint session of the Legislature yesterday that Rs. 83 crores was actually spent during the first Five Year Plan period out of the total planned budget of Rs. 90 crores.

The additional food production during the plan period was of the order of 11 lakh tons. Special attention had been paid for development of minor irrigation works. Expansion of fisheries both inland and marine had been encouraging. Over 43 fishermen's co-operative societies had been established and production of inland fisheries had increased to 2,500 tons a year and 3,000 fishermen had been rehabilitated.

The Governor stated that during the period the Tungabhadra Project had been completed and 50,000 acres of land had already been brought under cultivation. The production and consumption of electricity was doubled during the last five years. The Mahatama Gandhi Hydro-electric works was completed and Sharavathi Valley Project and the Bhadra scheme and Tungabhadra Left Bank scheme were under progress. Steps were being taken to set up an Electricity Board. Water supply and drainage works had also made satisfactory progress.

The Road Transport Department now possessed over a thousand vehicles operating over 618 routes extending over 14,400 miles. A scheme for setting up a Corporation was under finalisation. The question of uniform tariff was under close consideration.

The period under review also had a great improvement in the communication system. A number of bridges were completed. The total mileage of roads increased by over 6,000 miles.

The State Government continued to increase education facilities. Nearly 1,500 additional primary teachers had been appointed and many new schools and courses had been opened. The pay scales of teachers had been revised at a cost of Rs. one crore. Action for common pattern of education was being taken.

Speaking about malaria control, the Governor said that systematic development of malaria control measures were being taken and the incidence of the disease had been considerably reduced. Group hospitals and Garden Hospitals had been set up in Coorg district and extension of the scheme was under consideration.

About the Community Development programme, he said that about 10,000 villages and a population of over 56 lakhs had already come under the programme and 20 new Blocks for the State had been allotted, which would be opened in April 1957.

The Governor said to improve the lot of low-paid staff in Government, the pay scales were revised which cost Government Rs. 4 crores, of which Central assistance was expected to be about Rs. 2 crores. Revision of the pay of employees in local bodies and government-controlled industrial concerns was engaging the attention of the Government. Another category of employees whose case was under urgent consideration was that of village officials.

In conclusion, the Governor bid farewell to the House and congratulated the members on the able manner in which they had discharged their duties.

HEAVY & COTTAGE INDUSTRIES

Prime Minister Nehru has stated that there was no basic conflict between heavy and cottage industries in India, at present.

Inaugurating the All-India Khadi and Village Industries Board, the Prime Minister observed that India offered every type of advance provided they were co-ordinated, whether it was heavy or light industry or cottage industries. They had to be co-ordinated so as not to come in each other's way as far as possible.

Governor Thanked For Address

Bangalore, 20

A five-hour discussion on various subjects preceded the adoption of a motion of thanks to the Governor for his address to the Legislative Assembly, yesterday.

Many of the nineteen members who took part in the debate expressed their disagreement with the references made in the Governor's address to food situation, emoluments of Government employees and land reforms, and tabled amendments to the motion of thanks moved by Sri N. Hutchmasty Gowda.

The amendment tabled by Sri S. Srinivasa Iyengar (PSP) regretted that during the past five years, the Congress Ministry had failed to solve the question of unemployment amongst both the educated and the uneducated, to check soaring food prices, to overcome housing shortage and their repeated declaration of the Socialist Pattern of Society had ended in mere publicity.

Sri B.P. Kadam (PSP) regretted that the reference to the pay scales of Government employees was very unsatisfactory and disappointing.

The amendment of Sri S. Gopala Gowda (Soc.) regretted that Government had failed to mention in the address the unwillingness of the Government to pursue radical land reforms policy in the State, the increasing corruption in the administration and the unsatisfactory way in which the elections were conducted in the State which were far from being free and fair.

Sri B. Hutche Gowda (PSP) complained that the Congress Government had not conducted elections to the District Boards in the State, which formed the basis of democracy. He also disapproved the Government policy in regard to prohibition, tenancy legislation and education.

Sri K. Prabhakar (Con.) called on the Government not to punish the innocent, while taking action on the report of the Vidhana Soudha Inquiry Committee.

The amendments were put to vote after Agriculture Minister Sri H. S. Rudrappa's reply to the debate, and lost and the thanks motion carried.

INSURANCE TARGET

A target of Rs. 75 crores of new business for this year was decided at a conference of the Divisional Managers and Assistant Managers (Development) under the South Zone of the Life Insurance Corporation of India.

The figure represents 40 per cent. increase over the business done by the previous insurers in the South Zone in 1955.

CENTRAL MINISTER RETURNED

Sri Nityananda Kanungo, Union Minister for Consumer Industries, has been elected to the Lok Sabha from Cuttack constituency. He defeated his lone rival Sri Sarangadhar Das, sitting member and P.S.P. leader, by a margin of about 3,000 votes.

365-CRORE DEFICIT BUDGET

MORE EXPENDITURE ON DEFENCE

The Rs. 365-crore deficit interim budget was presented yesterday to the Lok Sabha by the Union Finance Minister Sri T. T. Krishnamachari. Though he proposed no fresh taxation, he indicated that the new Parliament, which would meet in May next, would bring in new taxation proposals which were inevitable.

For 1957-58, the estimated revenue at the present taxation level was Rs. 662.22 crores and expenditure Rs. 663.09 crores. The expenditure on defence was estimated at Rs. 252.71 crores, an increase of Rs. 49.76 crores over the revised estimates for the current year.

The provision of capital expenditure and loans to States was placed at Rs. 772.71 crores. More provision for three steel plants and railways had also been made.

The important items in the White paper presented to the Parliament by the Finance Minister included a brief account of economic condition in the country during 1956, the broad features of the revised estimates for 1956-57 and the Budget estimates for 1957-58.

It pointed out that the general level of wholesale prices increased by 13 per cent. and there was a decline in the foreign exchange.

The overall index of agricultural production declined by nearly 2.4 per cent. and the food grain output declined to 63.4 million tons in 1955-56. On the otherhand industrial production maintained the steady upward trend.

About the foreign assistance, it pointed out that a total of Rs. 297 crores was made available upto March1956, of which Rs. 198 crores were utilised.

FINANCES FOR 1957-58

For the year 1957-58 the revenue is estimated at Rs. 636.22 crores. This includes revenue from Customs to the tune of Rs. 162 crores, small savings of Rs. 80 crores, fresh loans of Rs. 100 crores and foreign aid to the extent of Rs. 135 crores.

The expenditure for the next year is estimated at Rs. 663.09 crores.

The total expenditure on nation building and development services amounts to Rs. 115.13 crores. Provision for education has been increased by about Rs.7 crores to Rs. 29.12 crores. This includes Rs.11.62 crores for grants to States, of which Rs.2 crores are for revision of pay scales of school teachers. For expenditure on Medical and Public Health, the provision has been increased from 8.17 crores to Rs. 10.79 crores.

The provision for Community Development has been raised by Rs. 2 crores to Rs. 13.15 crores.

A provision of Rs. 5 crores has been made to States to help them raise the emoluments of their low-paid employees. The Central Government would assist the States in raising emoluments up to Rs. 12 in each case to employees whose emoluments with this increase would not exceed Rs. 100, the Central assistance being 2/3 of the extra cost in raising upto Rs.60 and 1/3 of the balance.

The provision for the Capital expenditure is Rs.454.77 crores.

Echo Of Copper Wire Scandal In Assembly

Bangalore, 22

Public Works Minister H. K. Veeranna Gowda told the Legislative Assembly during question-time yesterday that the Comptroller and Auditor-General of India had, in his audit reports, recommended that the loss incurred in the copper wire deal transacted in 1951-52 would either have to be made good by the party at fault or written off.

Replying to Sri A. V. Narasimha Reddy, the Minister said that the matter was under the consideration of the Public Accounts Committee.

Answering supplementaries, the Minister added that the Committee had not come to any decision, but he had unofficially known that a notice of suit had been filed for the recovery of the amount.

Chief Minister Sri Nijalingappa told Sri J. L. Kabadi that the seniority list of the Government employees serving the new State was being prepared by the Government.

Consequent on the formation of the new State, a total of 1,049 officers and 1, 329 officials had been transferred from Bombay, Hyderabad and Madras, he added.

He told the questioner that the Government did not propose to send back persons who did not know Kannada.

Education Minister Kadidal Manjappa told the Legislative Council that Government did not propose to start any more engineering colleges in the State during the Second Plan period.

Saka Calendar From Today

The new Unified National Calendar based on the 'Saka' era came into force from zero hour today.

The new calendar will be used for official purposes along with the Gregorian Calendar.

The new calendar began with the vernal equinox of 78 A. D. The current Gergorian year, 1957 A.D. corresponds to 1878-79 of the Saka era.

The Saka year will consist of 365 days excepting the leap year which will have an extra day. 'Chaitra' is the first month and 'Phalguna' the last of the year.

The first day of 'Chaitra' does not, however, correspond with the first day of 'Chaitra' observed by people in many parts of the country which come 23 days later.

According to the new calendar, today it is 1-1-1879 (Saka).

'RED' GOVERNMENT CERTAIN IN KERALA

With the announcement of one more result of the elections to the Kerala State Assembly, which went in favour of the Communist Party, the Communist Party in Kerala has been assured of a working majority in the 126-member Assembly.

The party itself has won 59 seats and is the largest single party in the Assembly. Besides, the party claims the backing of five independents who fought the elections with its support.

The results for two more Assembly seats are yet to be announced.

The Governor of the State, Sri B. Ramakrishna Rao, left for Delhi yesterday for consultations with the Union Government, and is expected to return to the State capital on March 26.

While the Communist Party is busy preparing itself to form the Government, the Congress, P. S. P. and Muslim League, who have secured 42, 9 and 8 seats respectively, are holding party meetings to decide on their future line of policy.

Hanumanthaiya's Reply To Charges

Bangalore, 23

In the course of a 90-minute defence of his action relating to the construction of Vidhana Soudha, in the State Assembly yesterday, Sri K. Hanumanthaiya, former Chief Minister, stated that he agreed to constitute the Vidhana Soudha Enquiry Committee with the firm belief that anyone should have nothing but praise for this building.

Characterising the findings as 'one-sided' observations by a set of senile persons, Sri Hanumanthaiya stated that committees could be appointed in respect of other projects, and if the same sort of accusations, irregularities were not made by those committees, he was prepared to face any punishment.

He also expressed that it would have been better if the House had discussed the report of the Committee, and complained that the members of the committee had behaved more like overlords than impartial judges of a committee.

Rs. 18-LAKH DEFICIT BUDGET FOR VARSITY

Rs. 14 LAKHS FOR DEVELOPMENT PROGRAMME

Bangalore, 23

The Mysore University Senate approved at its meeting here yesterday, its first biggest Budget amounting to over Rs. 130 lakhs, for the year 1957-58. The Budget showed a deficit of Rs. 17,64,043, which was hoped to be made up by enhancing the tuition and other fees.

Vice-Chancellor Dr. K. V. Puttappa presided over the meeting and Sri M.P.L. Sastry moved the Budget proposals for consideration of the Senate.

A sum of Rs. 13,60,400 is proposed to be sent during the second year of the Plan on development projects of the University.

A total of Rs. 2,02,400 is accounted for expenditure on Government Scholarships for special communities, Rs. 62,750 for the oriental Research Institute and Rs. 110,04,367 for University Fund (General), which includes all other items of expenditure.

Apart from new grants anticipated from the Government, the Budget takes into account the receipt of Rs. 46,07,584 as non-lapsable grant from the Government, based on the average of grants during the last three years.

Other items of receipts taken into account include Rs. 18,90,000 from University Fees; Rs.7,20,080 from the Grants Commission towards 80 per cent of the extra cost for giving effect to scales as proposed for the tutorial staff, Rs.15 lakhs from grant to meet extra cost due to revision of scales of pay and D.A. of tutorial and non-teaching staff; Rs.13.60.400 from grants for the implementation of development scheme; and Rs. 2,11,433, opening balance.

Replying to the discussion on the Budget, Sri M.P.L.Sastry stated that the University had thought of starting a Public Works Department of its own. He also stated that the suggestion for giving representation to the donors on the Syndicate would be recommended to the Government.

The P. S. P. Leader Sri Pattam Thanu Pillai is reported to be not in favour of such a coalition.

GENERAL REVIEW OF ELECTIONS IN STATE

Bangalore, 25

Of the last two results of the General Elections in the State for the Legislative Assembly announced on Saturday last, the Congress secured one seat and the Independent one. The results were of the Mulbagal double-member constituency.

In the General seat Sri G. Narayana Gowda, Joint Secretary of the Regional Pradesh Congress, was defeated by Sri B. L. Narayanaswamy, an Independent, by a margin of over 13,335 votes. The Reserve seat was won by Sri Narayanappa (Congress) who defeated three of his rivals.

Considering the position of the Congress during the first election in 1952 and at present, the combined Opposition and Independents have seriously cut into Congress strong-holds for the first time compelling the ruling party to function with a reduced strength.

The Congress Party which had 177 members out of 207 in the outgoing House has lost 27 seats in the current election. The Opposition seats chiefly went to Independents.

The P. S. P. has maintained its old strength of 18.

The final party position is Congress 150, P. S. P. 18, PWP 2, SCF 2, Communists 1 and Independents 35.

Some of the outstanding features of the elections are :

The Congress Party has secured 52.4 per cent of the total votes polled or 33,43,444 in all and they registered a success of 72.4 per cent. of the seats contested.

95 members of the outgoing House stood for re-election, but only 59 won. The Congress in particular suffered the most, 23 out of its 75 failing to take the electorate with them.

For the first time the House will have a greater representation for women and Muslims, 19 women and 8 Muslims.

As many as 129 candidates forfeited their deposits. Of these 85 were Independents, 16 PSP, 13 Jan Sangh, 10 Communists, 4 Socialists and 1 SCF. None of the Congress defeated candidates lost the deposit.

Among the present Ministers two were defeated, and of the previous Ministry three.

The top scorer of votes in the State is Sri C. S. Hulkoti (Congress) who secured 84 per cent of the votes polled. A Jan Sangh candidate holds the record for the lowest percentage of votes 3.4, and a Communist member polled the lowest number 771.

★ The next annual session of the Indian National Congress will be held in Assam for three days from Jan. 18 next year. The exact venue of the session will be decided by the Assam PCC.

NAMBOODIRIPAD TO HEAD KERALA MINISTRY

Sri E. M. S. Namboodiripad, veteran Communist, was unanimously elected Leader of the 65-member Kerala Legislature Communist Party, at a meeting of the newly-elected members held at Ernakulam yesterday.

The meeting was attended by 64 of the 65 Communist and Communist-supported members. Sri Kunhunni Nair, Communist member, was the only member absent at the meeting on account of illness.

All the five independents who were elected to the Assembly with the support of the Communist Party assured their support to the proposed Communist Government in the State.

The meeting was presided over by veteran Communist Mr. K.C. George, and Sri Ajoy Ghosh, General Secretary of the Party, was present by special invitation.

Earlier, the meeting elected Sri C. Achuta Menon as Deputy Leader, Sri E. Gopalakrishna Menon as Secretary, and Sri T. C. Narayana Nambiar as Chief Whip.

48-year-old Sri Namboodiripad, popularly known as the party's brain-trust, entered active political field during the Civil Disobedience Movement at the age of 23 in 1932.

Leaving the college while he was in his B.A. class in 1934, he formed the Kerala Congress Socialist Party, of which he was the Joint Secretary for some time.

For two years from 1938 to 1940 he was a member of the Kerala Provincial Congress Committee.

Dissatisfied with the attitude and policies of the Congress towards national problems he left the Congress and joined the Communist movement in Malabar in 1940.

Sri Namboodiripad sold all his landed property worth about a lakh of rupees in 1942 and contributed the entire money to the Party fund of the Communist Party. He has been a member of the Central Committee of the C.P.I. since early 40's and a prominent member of the Politburo since 1951.

CALENDAR LANDMARKS

In ancient Rome, before Julius Caesar reformed the calendar, the beginning of the year was announced by a trumpet call.

In the Julian calendar, Caesar had to include 67 extra days in one particular year to correct the errors that had crept into the calendar.

It was through the reform of the calendar by Pope Gregory XIII in 1582 that the length of the Gregorian year came very near to the natural year.

When the English first adopted the Gregorian calendar, 12 days of the year had to be left out to compensate for the accumulated errors.

The Saka era, which is the basis of the new Indian calendar, has been widely used in India since the time of the celebrated astronomer Varahmihira who died in 587 A. D.

In the new calendar, there will be no further shifting of dates of festivals, which had already shifted by 23 days through errors in observation; if this were allowed to continue for another thousand years, the monsoon months of Savan and Bhadon would occur in winter.

Goa Struggle
PART OF INDIAN FREEDOM MOVEMENT

Union Minister without Portfolio Sri V.K.Krishna Menon reiterated in the Parliament yesterday that the question of Kashmir could be discussed 'only in the context of recognition of our sovereignty and vacation of Pakistan's aggression.'

Winding up the debate on foreign affairs, Sri Menon declared that Government of India were not going to be flattered or intimidated by other people into adopting any other position.

Sri Menon said that attack on Kashmir was same as attack on any other part of India.

Speaking about Goa, Sri Menon said that the struggle for the liberation of this Portuguese colony was part of the 'unfinished job' of the Indian freedom movement.

Earlier, Prime Minister Nehru said that in the course of a few weeks, the Government of India would try to evolve courses of action which could be as effective as anything could be in the present circumstances.

There would be no departure from the broad approach to the problem, he said and added that for some time past he had felt that they had to give the most careful consideration to the various aspects of their policies in regard to Goa.

The Prime Minister stated that he proposed not only to consult the people who were dealing with the matter but also others, including members of the Opposition.

In a reference to the country's membership of the Commonwealth, the Prime Minister said that that question was one of the matters which were open to review from time to time in view of the changing circumstances.

He said, however, that despite the painful shocks India had experienced recently, especially over Kashmir, it was desirable to remain in the Commonwealth in the present.

Revision Of Electoral Rolls

Mysore, 30

At the monthly meeting of the City Municipal Council held yesterday, Sri S. Sanjeevaiah, President, presiding, members complained of the discrepancies in the present voters' lists, and pleaded for the revision of the electoral rolls immediately in view of the forthcoming Municipal elections.

The President assured that they would see that the voters' lists were revised fully and properly.

Sri S. Govindaiah complained of the deplorable food position in the City and said that the Central officials had not executed properly the distribution of foodgrains through fair price depots.

Sri B. G. Das drew the attention of the President to the ever-increasing menance of thieves and said that there was no proper protection to the people from the police.

Sri Chowdaiah pointed out that the traffic police were not working efficiently. He also stated that prostitution and gambling were going on unchecked.

Sri C.N.Narayana Rao stated that it was common knowledge that a number of recreation clubs had turned out to be gambling dens. He alleged that some prominent persons of the City and police officials were, in fact, encouraging this by joining in such activities. He pleaded for proper measures to check this evil and said that it should be made conditional that clubs should be run on licence.

Sri M. K. Lingaiah requested the President to see that proper arrangements were made for good water supply in the City on the Yugadi Day, and also to supply water in lorries to certain scarcity areas.

The Municipal President assured members that he would meet the D.S.P., and bring to his notice the members' views on prostitution, gambling, traffic arrangements, and recurring theft cases.

Sri H. N. Muddaiah introduced a resolution requesting the Government to open a Middle School in Lashkar Mohalla for the benefit of girls in Lashkar and Mandi Mohallas. For lack of a supporter, the consideration of the resolution was dropped. Protesting against this, the member staged a solemn walk-out and returned to the meeting after a few minutes.

Rs. 1-LAKH SURPLUS BUDGET FOR CITY COUNCIL

NO FRESH TAXATION PROPOSED

Mysore, 30

The Budget Estimates of the City Municipality for the year 1957-58, presented to the Council this morning by the Municipal Commissioner, Sri A. Viswanath, revealed a surplus of Rs. 1,06,318.

The suggestion of the Municipal Commissioner to increase housing tax by one per cent. was rejected by the Managing Committee, as in their view, no proposal for increasing direct taxation could be recommended at present.

The total estimated receipts for the coming year stood at Rs. 64,53,700 as against the revised estimate for the current year, Rs. 53,63,500. The estimated expenditure was Rs. 64,82,400 as against the revised estimate of Rs. 52,83,000 for 1956-57.

Sri M. N. Thimmaiah, who was the first to speak on the Budget, opined that instead of having a functionless Vice-President they could as well do away with that office.

Rev. Mr. Audiau welcomed the budget in general, but regretted that in spite of members' repeated requests, the octroi duty, which was reminiscent of feudal order, had not been abolished.

Sri A. Krishnamurthy Rao suggested that a Municipal Court be established to deal with municipal cases.

The discussion on the Budget was incomplete, and the Council adjourned its session to April 3.

DEVELOPMENT OF CO-OPERATIVE MOVEMENT DURING 2nd PLAN

MORE RURAL CREDIT FACILITIES

Mysore, 2

Sri B. A. Patil, Registrar of Co-operative Societies disclosed here that a sum of Rs. 54.80 crores had been allotted for Development of co-operative movement in the State during the Second Plan period. The State and Central Governments would sanction Rs. 3 crores, the Industrial Finance Corporation Rs. 1.80 crores and the Reserve Bank Rs. 50 crores.

Sri Patil who is on a tour in Mysore Dist. in connection with stimulating loan recoveries from certain societies, in a press conference detailed the various schemes already undertaken and proposed to be taken up for development of the movement in the State. Of the most impotant were improving the agricultural co-operative credit societies and make availability of finance for agriculturists. The other schemes were marketing of agricultural produce, advance of loans on goods, training of personnel for institutions, department and the mass. The Registrar said that these would benefit about 75 per cent villages in the State, and 60 per cent of tillers.

The scheme envisaged setting up of 850 large scale and 4000 small scale societies. Each district will have 250 societies with 80,000 members and Rs. 80 lakhs towards working capital. There will be one District Bank in each district with Rs. one crore working capital and Rs. 10 lakhs share capital. There would be 160 marketing societies in the State, one State Apex Marketing Bank.

Three kinds of loan facilities will be available to members-Short term loan, intermediate term and the long term loans. Short loans would be up to Rs. 500 and to be discharged during harvesting. This would be a loan on crops. The local district banks would sanction these loans. The intermediate term loan would range from Rs. 2000 to 4000. Loans can be had for purchase of bullocks up to Rs. 600, for digging wells Rs. 1000, for machinery Rs. 3500 and bunds Rs. 2000. The limit may go up to Rs. 6000 with the approval of the Registrar. This has to be repaid in 3 to 5 years.

In the long term loans the land mortagage societies will have powers to sanction loans up to Rs.1000. There will be Land Inspector for each district. To avoid delay in sanctioning such loans, the present procedure of papers passing through the Revenue Department would be eliminated.

During the year 1956-57 nearly one crore of Rupees had been drawn and disbursed to the societies of which Rs. 40 lakhs were from Government, Rs. 25 lakhs from Reserve Bank, 25 lakhs from Industrial Corporation and Rs. 10 lakhs from Low Income Housing Group scheme, he said.

The Registrar also stated that at present in Mysore District nearly 30 per cent of societies had no working-capital and they had to be dissolved or merged with others. In future, care would be taken to see that new societies would be opened on sound finance

Speaking about the training of personnel, Sri Patil said that there were in the country one college at Poona, and five inter-colleges and in Mysore State there were three schools at Coorg, Mysore and Dharwar. 2000 persons were expected to be trained in 5 years. Scheme to stimulate the co-operative movement in rural areas and to teach members of these institutions on the working of co-operative societies had also begun in Chitaldrug, Tumkur, Kolar and Shimoga districts.

Sri H.K.Kumraswamy, Editor Aruna and President State Apex Marketing Society while thanking the Registrar in this connection suggested some facilities for journalists to build houses of their own in the City.

The Registrar promised his full support in the matter.

NEED FOR LEARNING MORE LANGUAGES

Speaking at a function organised by the Indian Adult Education Association in Delhi yesterday, Prime Minister Nehru said that it was necessary for them in India to know languages of other regions and other countries.

The Prime Minister observed that it was wrong to assume that it would be a burden on children if they had to learn languages other than their mother tongue in the early stage of education. He thought that the difficulty of learning languages was all the greater and proved to be really a burden if one had to learn them at a later age.

Referring to the role of education in democracy, he said that democracy would take firm root only with the spread of education.

Agrarian Reforms In Kerala

NEW COMMUNIST MINISTRY'S PROGRAMME

Sri E.M. Shankaran Namboodiripad, Chief Minister of Kerala, announced that his Goverment would take up a series of agrarian reforms 'within a short and definitely-fixed time limit.'

In a statement issued immediately after the swearing-in ceremony at Trivandrum, he said that the agrarian question in the State was rather complicated and therefore required consultations with the various sections of the people concerned. Necessary changes like fixing fair rent, giving fixity of tenure to tenants. fixing a ceiling for landlords and distribution of surplus land would be taken up by direct orders of the Government and by Legislation wherever necessary, he said.

Outlining the 16-point programme of development prepared by his party, he said that he would convene a conference of representatives of all parties and organisations as well as individual experts to discuss the question of agreed programme of development to be taken up during the Second Plan period. He said that Planning Boards would be set up at various levels.

Discussing ways and means of augmenting the financial resources of the State to implement development programmes, the Chief Minister hinted that additional taxation sources would be tapped without increasing the burden on those who were not in a position to bear it.

The Chief Minister promised the ending of corruption and other evils in the State and create a good and decent administration.

CONGRESS SECRETARY WARNS KERALA GOVERNMENT

Congress General Secratary Sri Sriman Narayan said at Ernakulam that he regretted at the policy statement of the new Kerala Communist Government which stated that the present policy of the Union Government had to be modified to enable the State to augment its revenue from taxation.

He said that the tactical line of the Communists was merely trying "to sponsor dramatic and theatrical measures" and then blame the Constitution and the Union Government which would not be helpful.

The General Secretary said that they did not desire to hinder in any way the enactment of progressive measures including the land reforms by the new Government.

Speaking about the commutation of death sentences and release of political prisoners, Sri Sriman Narayan said that this was not the way in which the Communists should begin to function under constitutional democracy.

He warned that if the Communists utilised the Government machinery and power for bringing about totalitarian conditions in Kerala, the people of the State as well as the Central Government will have to take serious notice of the whole situation.

About his party's work in the State, Sri Narayan said that the Congressmen should set their own house in order and revitalise the organisation by hard and incessant work.

AMENDMENTS TO CONSTITUTION FOR PEOPLE'S PROGRESS

Mr. A. K. Gopalan, the Communist leader said at Bombay at a meetting arranged to celebrate Communist Victory in Kerala, that the Communist Party would seek amendments to the Constitution if thereby the progress and development of Kerala or any other part of the country would be facilitated.

Further he said that the Communist Governmentin Kerala would try to work within the four corners of the constitution. It would endeavour to put into execution policies which had the backing of the people and if attempts were made to scuttle them, then the "People themselves will demand change of attitude and policy on the part of those who sought to hinder their implementation."

Deploring the criticism levelled against the Communist Government by Mr. Shriman Narayan, Congress General Secretary, Mr. Gopalan said that the Kerala Government had offered its hand of friendship to all demomcratic parties in the State and sought their co-operation for the development of Kerala.

The Government had sought friendly criticism and guidance from all. "Surely this cannot be considered as attempt to create totalitarian conditions." Mr. Gopalan said that speech of Mr. Narayan displayed "hatred, envy and jealousy "on the Communist party. "The attitude taken by Mr. Narayan is deplorable and if this reflects the attitude that the Government of India or the ruling party is going to adopt in the case of Kerala, then it is not one of co-operation, but of hostility", said Mr. Gopalan.

Music- A Means Of Realising God

Bangalore, 9

Mr.C. Rajagopalachari, inaugurating the Sri Ramanavami celebrations here yesterday stressed the importance of character and pointed out, "we all wish to progress. Other countries are watching as to how we are progressing. Unless we are people who practice good conduct individually the nation cannot progress".

Rajaji said that music in modern India was getting more encouragement. Democracy had found a way for substituting royal patronage by way of encouraging well-organisations devoted to fine arts.

And though a large number participated in politics, the extent of spreading the message of Sri Rama had become larger, despite the deterioration in the quality of music.

Referring to the Great Epic Ramayana, Mr. Rajagopalachari said that there was no story which was more widely repeated and told than the Ramayana. It had not tired people all these years. The secret of it was "every man's story is reflected in the story of Sri Rama. That is why we are not tired of that great epic which reflected the trials and tribulations of man."

The Governor of Mysore, who participate in the celebrations observed that the underlying note of Indian music, as of all the high arts in India, was spirituality. It was impossible to find in the repertory of Indian music any composition which could be described as purely secular.

It is stated that for the past few days some workers at his Beedi Factory were insisting on him to take into service juveniles, which Mr. Basappa refused as it was against rules.

Yesterday, it is learnt, when Mr, Basappa was opening his factory some workers fell upon him and assaulted him. Immediately he was removed to the hospital, in an unconscious state.

The Police, in this connection have arrested Abbas and six other workers and have registered a case against them.

Mr. Basappa is improving in the hospital.

JARRING MISSION ON KASHMIR

Mr. Gunnar Jarring's mission to India and Pakistan on Kasmir problem was expected not to produce anything startling according to U.N. sources.

Mr. Jarring was asked by the United Council to visit these countries and discuss with the respective Governments about proposals which were likely to solve the Kashmir problem. It is stated that both the parties had not advanced anything new.

BEVAN ON KASHMIR

Mr. Aneurin Bevan, the British Labour leader said at Srinagar that in deciding the question of Kashmir, the welfare of the people should be the prime consideration and not the prestige and ambitions of nations. If this consideration had been kept in view, the attitude of the U. N. towards the Kashmir question would have been different.

Mr. Bevan said that India and Pakistan should discuss and settle the Kashmir question between themselves without outside interference.

He added that the people of Kashmir had taken charge of the affairs of their State and they were moving ahead. He said that he was glad that the constitution of Kashmir envisaged secular democracy.

INDUSTRIAL EXHIBITION OPENED

Bangalore, 9

Inaugurating the Exhibition and Carnival organised in aid of the Armed Forces Welfare Fund, His Highness Sri Jayachamaraja Wadiyar, Governor of Mysore said that it was essential for the security that our troops should be kept fit- physically and mentally. This however depended on their morale which was conditioned by the amenities they had. The Indian Army, he said had always paid special attention on this aspect of the matter and organised welfare centres, clinics and schools as well as recreational centres for the army personnel and members of their family.

The Governor pointed out that the people owed duty to the men of the fighting force who guarded the Nation and hoped for unstinted public support for the Welfare fund.

Sri V. K. Krishna Menon, Union Minister without Portfolio declared if there is a breach of ceasefire agreement in Kashmir, either by the Pakistan forces or anybody whom they inspire, this country to one man will resist the invasion'.

Speaking at a Rotary Club dinner at Delhi, Sri Menon said that to interpret India's attitude on Kashmir as an attitude of weakness or of non-existence of her rights was a challenge to international morality. It was a mistake for other nations to think that any attitude of conciliation or desire on the part of India not to insist on her rights being implemented by the use of force was an attitude of surrender.

'While we say we shall not fire a bullet or send a soldier-certainly we shall not send any bandits-if any part of our territory is subjected to further agression we shall regard it as an attack on this whole country,' he added.

Ml. ADMINISTRATION REPORT FOR 55-56

COUNCILLORS VOICE CRITICISMS

Mysore, 15

The Administration Report of the City Municipality for the year 1955-56 was presented to the Council at a special meeting this morning. President Mr. S. Sanjeevaiah was in the chair.

Presenting the report the Commissioner Mr. Viswanath said that the Engineering Department and the Health Department in the Municipality had done much work during the year. Referring to the delay in presenting the report the Commissioner pointed out that on account of the General Elections the report was not printed in time though it was ready early in September last year.

Mr. M. Venkatalingiah (Cong.) speaking on the report said that accounts in the revenue section were not maintained properly and the collection of water revenue and Mohatarfa tax was not at all satisfactory. On account of this the Municipality was losing much of its income. The Revision of assessment and the voters' list were also not done perfectly. In Health section, and in Engineering section work was not properly executed due to the lack of supervision by officials. Further he stated that the suggestions of the Councillors were not at all taken into account. Referring to the case of Town Hall he said that though there was a rule that no member of the staff should be kept in a place for more than three years, yet in the Town Hall staff there were members since 20 to 30 years.

Mr. M. N. Thimmiah (Opp.) supporting the previous speaker said that the good suggestions given by the Councillor were neglected by the officials. There were great mistakes in the Voter's list prepared for the General Elections. He pleaded not to repeat the same for the ensuing Municipal Elections. Further, at the Municipal Market, he said, that 50 per cent of the shops rented by the Municipality were occupied not by the original lessees, but by the people sub-let by them. He also stated that the Mohalla Offices were not at all working in the City.

Messrs Muddiah, Mahadevaswamy, M.K. Lingiah voicing the same opinion of the other speakers pointed out that the water supply in the City was not done properly, and mosquitoes were increasing day by day.

Then the Council approved the report affer a reply by the President.

VINOBA BHAVE'S BLESSINGS TO REDS

Acharya Vinoba Bhave who is on tour in Kerala, said yesterday that if the Communist Party, which had come to power in Kerala, served the people with good intentions, it would be good for them as well as to the people. He wished them well.

Speaking to pressmen, at Cape Comorin, the Acharya said that this would be a good air experience to theCommunists whowould know how torule the country. It would also give the people an opportunity to have an experience of how Communists work when they came to power

SURRENDER YOUR GOLD

Prime Minister Nehru has appealed to the people who owned gold or jewellery to give it over to the Government and take whatever was equivalent to that.

The Prime Minister said at Delhi 'I am not asking for free gifts. I do not want to deprive every woman of all the jewellary she possessed. Never the less, if this was done on a fairly wide scale, it would be very helpful. What is more, all these things generate a certain atmosphere of partnership in meeting difficulties, in working for big causes, which is more important than the actual thing done.'

He also appealed to the nation to avoid wastage of food. 'I am not asking to eat less-Do not waste', he said.

GIRL SOLD THRICE

A young daughter of a poor villager of Teghra Thana of Belgusarai Sub-Division was kidnapped and sold thrice and finally was restored to her parents.

It is stated that the girl was a patient of some disease and the father was not capable of affording her medical aid. A relative of her took to Patna on the plea of giving medical aid and sold there for Rs. 400. Later she was sold to another person for Rs. 1000 and to a third for Rs. 2200 and was taken to a village. Somehow the girl escaped from there and was restored back to her parents by a Brahmin, in whose house she had taken shelter.

PORTUGUESE TROOPS FOR DAMAN

M.P. NEW CABINET

The 12-member new Cabinet of Madhya Pradesh headed by Dr. K.N. Katju was sworn in this morning at Bhoopal. There are also nine Deputy Ministers in the Cabinet.

GODAVARI BOAT DISAUSTER

Five boatmen connected with the Godavari Boat Disauster, where 201 persons died on Sri Ramanavami Day, have been arrested for 'negligence in the discharge of their duties'.

The Police Inspector who was on duty at the place on that tragedy day is reported to have been placed under suspension.

The Education Minister of Andhra Pradesh Sri Pattabhi Rama Rao said on Friday last that the tragedy could have been avoided had the boatmen ferried the passengers across and then collected the fares instead of stopping in the deepest part of the river to demand higher charges. It is stated that the boatmen went on demanding Annas eight per person while the usual charges was half an anna.

Further it was told that one of the boats was leaky when it was being used to ferry the people.

Detail investigation is proceeding.

MORE TAXATION TO INCREASE STATE RESOURCES

CHIEF MINISTER'S PLEA

Bangalore, 20

'Mysore State has richness and variety of natural resources to develop them. We want financial help from the Centre also. We have also to increase our resources by judicious taxation. I am sure the people of Mysore will co-operate with my efforts to build up a new State", observed Sri S. Nijalingappa in a broadcast talk from the A. I. R., Bangalore last night.

The Chief Minister said that roads from village to village should be built and also proper roads and railways to connect our large cities. All these should carry us to the sea. We must have good roads to connect various parts of the State. It was the first necessity. Next was the establishment of large industries. It was possible to start a big iron factory at Sandur to exploit possibly the finest iron ore in the world. Bhadravati had to be expanded. There was a large desire to start sulpher manufacturing plant in five or six places. There were in the State large resources of raw materials for manufacturing cement and there was already demand from three or four places.

The Chief Minister added that he was happy that Karnataka had a number of small industries that could very well be worked for the amelioration of the artisan and the villagers. 'I have got a number of things to do. The whole country stands before me. But all these could be done with the co-operation and willing co-operation of the people. I know the people are willing to be with me, with my colleagues and with the Government. I appeal to them to help me to build up this new State' he concluded.

THREE DEPUTY MINISTERS APPOINTED

Bangalore, 20

Mrs. Grace Tucker, former Mayor of Bangalore, Mr. Ramkrishna Hegde of Sirsi and Mr. Virendra Patil of Gulbarga have been appointed as the Deputy Ministers of the State.

Announcing this last evening here, Mr. Nijalingppa, Chief Minister stated that they would be entrusted with the responsibilities of administration, so that it would be a training ground for young persons in conducting administration.

Regarding the Deputy Ministers, the Chief Minister felt that there was "need to watch" the work of the Deputy Ministers. Need and suitability of persons will guide him the future appointment of Deputy Ministers.

He also ruled out the possibility of having a Deputy Chief Minister for the State.

The first meeting of the new Cabinet will be held here on Wednesday at Vidhan Soudha.

PEOPLE'S CO-OPERATION TO BUILD SOCIALIST SOCIETY

Bangalore, 20

Sri S. Nijalingappa, Chief Minister of Mysore has made a fervent appeal to the people of Mysore to co-operate with the Government to help achieve the ideal of a socialist society.

In a message to the people after taking oath of office, the Chief Minister said yesterday 'We have an uphill task before us. We have to eradicate various ills to which the society is subjected at present. The standard of life will have to be improved. Industries, big and small have to be developed. There is large scope for both. We have sufficient resources.'

'Only people should work hard. Every one should put his shoulder to the wheel and give his best to the country. Narrow approach to problems, pardcialism or casteism should have no place in our scheme of things and we should banish them form our minds for ever.

'I am happy I have chosen a team from which I expect maximum efforts and results. But we by ourselves can do very little unless all sections of people co-operate with us and help us achieve the ideal of establishing a socialist society in the country. People of the new State of Mysore feel the urge to build the new society. I am sure that next five years will have laid firm foundation for building such a society', he added.

CONGRESS COMMITTEE CHIEFS SHOULD NOT CONTEST ELECTIONS

Congress President Sri U. N. Dhebar said at Rajkot yesterday that the tendency of Congressmen was to get elected to legislatures had adversely affected the party. It was therefore being suggested that Presidents of District and Taluk Congress Committees should give their entire time and energy to the organisational programme and should not be encouraged to contest elections. This would keep Congress workers in close touch with the people, he said.

Sri Dhebar added that the idea that Congressmen in the administration were superior to those in the organisational wing was wrong. This had led to the race among Congressmen to seek tickets for elections which was not a healthy sign.

The Congress President said that it had been proposed to strengthen the party by forming groups of constructive workers at all levels of the organisation.

PARTITION OF INDIA

DUE TO POLITICAL FACTORS

Pakistan Prime Minister Mr. H.S. Suhrawardy said at Karachi yesterday that the partition of the sub-continent into India and Pakistan was 'not inevitable'.

Speaking at the National Assembly, the Pak Premier said 'Had the Muslims received fair treatment from the dominent Hindu community in India, had the Muslims not been supressed by Hindus, had the Muslim community been given freedom to practise their religion freely, there would have been no partition. Mr. Jinnah had vainly attempted to persuade the Hindus to concede to Muslims their proper share, but Hindu leaders were shortsighted.

"When we started the Muslim struggle, the partition of India was not inevitable. In the end, it became inevitable, when Hindu leaders were unable to face facts,' he said.

BUTTON-SIZED ATOMIC BATTERY

A tiny, new atomic battery has been perfected in the U. S. The battery described as "the first widely practical nuclear powered battery" in its initial use will be used in hearing aids and portable radios, and also in atomic watches.

The battery uses its basic material a peaceful product of atomic energy Prometheum 147. The battery is no larger than an ordinary button even with a metal shield and produces 20 microwatts of electricity for a limitless time which is enough to run the electronic watch and operate small radios.

The battery is as safe as a "house key" for people to carry around with them and gives off less radiation than radium dials on regular wrist watches. The material worth of two dollars would provide sufficient power to run a wrist watch accurately for five years.

LARGE SCALE FAILURES IN EXAMINATIONS

VICE-CHANCELLOR EXPRESSES CONCERN

Mysore, 27

Inaugurating the Conference of the All-India Vocational and Educational Guidance Association at the Maharaja's College yesterday, Dr. K. V. Puttappa, Vice-Chancellor of the Mysore University, referred to the large percentage of failures in the present-day examinations, and said that in order to avoid misery to the student and to his parent, to save time and money on the part of the student and the State, attention was to be bestowed on this problem of failures.

He cautioned the educationists that in their anxiety to provide extra-curricular activities and manual work, they should not wean the students away from their studious habits.

Dr. Puttappa said that in an educational system, well-planned, opportunities should be provided for the students for the exercise of their reflective powers, artistic abilities and practical work at every stage.

Adverting to the "controversial problem" of the medium of instruction, the speaker said that it would be incorrect to think that the regional languages were inadequate to be the media of instruction. It was for psychologists to find out if the standards of achivement would go down if Indian languages were made the media of instruction.

The Vice-Chancellor also referred to a number of educational problems and said that vocational guidance and vocational selection must have a place in India when the country had taken up its reconstruction.

Earlier, Prof. A. C. Deve Gowda welcomed. The three-day conference will deliberate on questions relating to vocational and educational guidance.

PALACE OFFICIALS TRANSFERRED

Mysore, 29

Certain palace officials, who are also office-bearers of the Palace Employees' Union, are reported to have been transferred to Ootacamund and Bangalore with instructions to take charge of their new posts within 24 hours. This step, it is stated, is a sequel to their active participation in the Union's agitation to get the Palace employees' grievances redressed.

At a meeting of the Union held yesterday, Sri K. N. Seetaram, Vice-President, presiding, a resolution was adopted criticising the alleged attitude of indifference of the Palace authorities towards the employees. The resolution also warned that unless the latter ceased to work against the employees' interests, the Union might be forced to take serious steps.

By another resolution, the Union urged the Palace authorities to invite the Union representatives with a view to arriving at an agreement in the matter.

MOSQUITO MENACE IN FORT MOHALLA

COUNCILLOR THREATENS "NO TAX" CAMPAIGN

Mysore, 30

Sri A.Krishnamurthy Rao pointed out at the monthly meeting of the City Municipal Council held yesterday, Sri S. Sanjeevaiah, President, presiding, that mosquito menace in Khille Mohalla had been increasing day by day, and warned the President that if necessary steps were not taken immediately to destroy the mosquitoes, people of the Mohalla would start a "no tax" campaign. He added that he would be the first to join the campaign when it was started.

Sri Mir Noor Hussain referred to the retrenchment notice served to the Palace employees and said that they should be given alternate jobs.

Sri M.K. Lingaiah complained that people in the City were not getting adequate supply of cement and said that proper arrangements should be made for the same.

Sri Aziz Sait pleaded for the abolition of the levy on bicycles as was done in Bangalore.

Replying, the President stated that the Municipality had nothing to do with the retrenchment of the Palace employees.

Regarding the suggestion for abolishing cycle tax, he said that the Municipal Council had come to the decision only last month that the tax could not be abolished under the present circumstances, and therefore, that question could not be taken up now.

The Council adopted a resolution requesting the Government to open a middle school in Mandi Mohalla for the benefit of girls in Mandi and Lashkar Mohallas.

The Council further decided to constitute a committee to go into the details of the celebrations of the Indian Freedom Struggle Centenary.

The committee includes Messrs. T. Narasimha Iyengar, A.Krishnamurthy Rao, Kempegowda, B. K. Ramakrishnaiah and B. K. Puttaiah.

Nehru's Election Challenged

Sri Sitaram Khemka, who opposed Prime Minister Nehru in the recent General Elections, has filed a petition challenging the validity of Nehru's election to the Lok Sabha.

Sri Khemka, it will be recalled, scored the next highest number of votes in the elections.

In his petition, Sri Khemka stated that the election of Sri Nehru should be declared void on the ground that he, the latter, fought the election not in the capacity of an ordinary elector, but as the Prime Minister of India, with the result that he took advantage of all facilities attached to that high office, thus materially affecting the results of the election.

The petitioner has further alleged that the police and the C.I.D. staff were employed on behalf of the Prime Minister to place impediments in his way in order to disable him from filing his nomination papers as also to conduct his election campaign, that the Prime Minister used Government vehicles in his election campaign and that he employed Government servants to canvass support.

STATE TO EXPLORE 'FRESH TAXATION'

Bangalore, 3

The State Government had been impressed of their duty to explore fresh taxation measures by the Finance Commission, said the Commission's Chairman Sri K Santhanam here, yesterday.

Addressing a Press Conference, Sri Santhanam said that the Commission had almost concluded its deliberations and would submit its report to the Government by the end of August this year.

Referring to the discussions the Commission had with the State Government, the Chairman said that the difficulties of Mysore with particular reference to the reorganisation of the State had been represented to them by the Government.

Replying to a question, he stated that the solution to the problem of levelling up the salaries of the State Governments' employees so as to reduce the disparity between the Central and State Government employees, depended much upon the capacity of the State Governments to meet the additional expenditure.

Adverting to the tax structure in the country, Sri Santhanam said the tax burden was certainly not heavy in that only seven to eight per cent. of the national income was being taxed and there was plenty of scope for further taxation.

During its sittings here, the Commission also met the representatives of the Gokhale Institute of Public Affairs and Sri P. Kodanda Rao of the Servants of India Society.

The Commission left for Kashmir today.

REFUGEE-POLICE CLASH IN CALCUTTA

About 80 persons including two women and 30 police offiicers and men were injured yesterday when thousands of refugees clashed with the police in Howrah Maidan in Calcutta.

The clash followed some differences over the distribution of rice to the refugees by a non-official agency.

The police used six rounds of teargas shells, and later fired two rounds, to bring the situation under control. Six persons have been taken into custody and Sec. 144 has been imposed in the area.

Meanwhile, the Refugee ActionCommittee has decided to defy Section 144 and launch a civil disobedience movement in protest against the Government's failure to deal with the problem of refugees living in Howrah, Dum Dum and Calcutta areas.

The Malayan Government is stated to be awaiting word from the Indian Government on the number of doctors they would permit to recruit for service in that country.

NEHRU CHIDES CONGRESSMEN

In his recent address to the P.C.C. Presidents and Secretaries' Conference, Prime Minister Nehru observed that it was a sorry state of affairs that Congressmen no longer had the same reputation for honesty and integrity today as in old times.

"The public has lost, by and large, its respect for the integrity of the average Congressman," he said.

In his post-election analysis of the waning influence of the Congress organisation, Pandit Nehru deplored that the Congress, as an organisation, had lost touch with the younger generation, fresh blood and fresh thinking.

The Prime Minister, therefore, called for "intellectual leadership and a crusading spirit" to sustain the organisation.

GRANARY LOOTED BY HUNGRY RYOTS

The granary of a well-to-do businessman of a village in Purnea district in Bihar was looted by some 30 unemployed agricultural labourers last week-end, it is reported.

Role Of Adult Edn. In Villages

Mysore, 4

Speaking at the State Adult Education Council here this morning, Education Minister Sri V. Venkatappa assured that the State Government would give all necessary assistance to the Council, if he was convinced that the work done by the Council was really benefiting the rural folk.

The Minister, who was on a visit to the Council, inspected the working of its various sections.

Explaining the working of the Council, Sri K. S. Suryanarayana, General Secretary, observed that there were two different views on whether the Council should be run by the Government or by a private agency. But, he was sure that in the present set-up, the running of the institution as a private body would yield much better results.

The Minister, in his brief address, said that most of the people in the villages were still uneducated and backward. If they were to improve the general conditions of the villager, it was of utmost importance that institutions like the Adult Education Council should strive hard and see that their work reached the common man and benefited him.

Later, the Minister visited the Vidyapeeth at Nanjangud.

Vol. VII. MYSORE MONDAY, MAY 6, 1957 No. 195

DEVELOPMENT OF HANDLOOM INDUSTRY

The Handloom industry in the coutry has made much progress since the past four years.

The Government of India appointed the All India Handloom Board in October 1952 to advise the Government on schemes for the development of the industry. The Board envisaged schemes under three broad lines: organisational, marketing and technical.

Out of the estimated 28,80,000 handlooms in the country, 6,82,083 were reported to be in co-operative field in 1953 and at present is now round about 11 lakhs. This was due to financial assistance given to the weavers. The Board also put up schemes for establishing emporia and sales depots. A net work of 1300 sales depots have been established with 33 mobile vans on the very doors of the consumers.

Of late much interest has been created in the American market.

The industry by 1958-59, is expected to increase its production by 700 million yards. In 1955 the production stood at 1473 million yards and at present at about 1800 million yards.

From September 1953 upto March 1957, the Government of India sanctioned Rs. 17.7 crores for the development of this industry.

The exports of handloom cloth in 1956 totalled 59,780,000 yards, valued at Rs. 8.66 crores.

The handloom industry provides employment to over 20 lakhs weavers and suports more than one crore of our population.

It is stated that when the Shiva Jayanthi procession was passing by a mosque in the city, there was a clash between Hindus and Muslims and twentytwo persons were injured, two of them seriously. Later some shops were looted. Twentyfive persons have been arrested in this connection.

SECRETARIAT DESTROYED BY FIRE

The five-storeyed Secretatiat building of the Himachal Paradesh Government in Simla was completely destroyed yesterday due to fire. All the records, furniture and other articles were completely burnt. This is said to be first incident of this magnitude in Simla. It took three hours for the fire brigade to bring the fire under control.

The State Government has ordered an official enquiry into this fire accident. The officials believe that it was the act of some mischief-makers.

At present the number of handloom co-operative societies in the country is over 7000 and the number of weavers brought in the co-operative field is 10,27,600.

Under the Second Plan a sum of Rs. 59.6 crores has been alloted for the development of these industry.

KANNADA MUST OCCUPY THE FIRST PLACE

-PUTTAPPA

Delivering the Presidential address at the 39th Kannada Sahitya Sammelan at Hubli yesterday, Dr. K. V. Puttappa, Vice-Chancellor of Mysore University, observed that Kannada language must occupy the first place in the State for educational and administrative purposes.

Referring to the question of medium of instruction Dr. Puttappa said that nothing was farther from truth than the argument of some that the English medium of instruction should be retained on the ground that the Kannada language had not become ripe and mature enough to be the media in higher education. On the contrary, he said, Kannada literature had made such an all-round progress during the past few decades that any literature of the world could be proud of such an achievement.

Deprecating the tendency of some educationists, who, he said, had given a sort of "artificial importance" to the English language, the Vice Chancellor said that unless this sophisticated outlook was cast away, they could not expect the country to march towards progress.

Adverting to the large scale failures in the present type of examinations and likening them to "lotteries," the speaker asserted that the burden of the foreign language on the young children had become so heavy that they were unable to cope with the situation, with the result, our examinations had become cheap "memory tests" and "games of chance."

Dr. Puttappa was sure that the introduction of Kannada medium would go a long way in treading the country on the path of progress and prosperity. He also said that children should not be made to bear the burden of learning a number of languages.

Inaugurating the Sammelan, Chief Minister Sri S. Nijalingappa said that a sense of unity among the people was essential for the all-round growth of literature. He assured that as in the past, financial aid would be forthcoming in an increased measure for literary and cultural activities in future also from the Government.

FOOD SCARCITY PSYCHOLOGY DEPRECATED

Bangalore, 7

Sri M. V. Krishnappa, Union DeputyMinister,said here yesterday that the Centre was prepared to meet all the food requirements of the scarcity areas of four districts in North Mysore. He added that none would be allowed to die of starvation.

Deprecating a kind of scarcity psychology among the people when there was in fact record production of foodgrains in the country, Mr. Krishnappa said that scarcity amidst plenty was only an attitude of mind; it would do no good to the country.

Regarding the food position in the State he said that there was an upward trend in the price levels during July last.

He further said that the Centre had supplied 46,000 tons of rice as against the State's demand for 12,000 tons.

NATIONALISATION OF EDUCATION WRONG

Speaking on the Kerala Government's move to nationalise text-books, Acharya Vinoba Bhave has said that nationalisation of education was wrong in principle.

Addressing his prayer audience, he said at Ernakulam that education should be left free from State control if there should be independent and intelligent thinking among the public in the country.

Any restrictive form of teaching in a particular line under the direction of a Government would stunt the growth of the individual on the one hand and reduce the status of the teacher to a mere paid worker instead of a moulder of public citizenship on the other, he said. In such a set up the teacher would also become a handle to create the minds of pupils according to the pattern of the Government of the day, he added.

SOCIAL SERVICE CAMP

Over 310 N.C.C. cadets from Belgaum, Mangalore, Coorg, Davanagere, Chitaldrug, Hassan and Shimoga and 30 girl cadets from Bangalore and Dharwar have assembled at Arsikere for their Annual Combined Cadre and Social Service Camp. The camp which is close to Kasturba Memorial Ashram is under the guidance and control of Captain K.S. Punjabi and will run till May 15.

The cadets are building up a bund near the Ashram while the girl cadets are doing social service work including soap making, delousing and bathing the children, teaching and conducting classes. They are also teaching villagers the decimal coinage system. These girl cadets are being assisted by Gram Sevikas of the Ashram.

KANKAR DEPOSITS

C. M. Greeted With Black Flags In Belgaum

Pro-Samyukta Maharashtra demonstrators, numbering over 6,000, standing on either side of the road, showed black flags to Chief Minister Sri S. Nijalingappa, while he was proceeding to inaugurate the 4th All-India Handloom Exhibition in Belgaum yesterday.

Later, addressing the Congress workers, the Chief Minister reiterated that Belgaum had become part of the reorganised Mysore State, as a result of Parliamentary enactments. He, therefore, wondered what reason was behind the present agitation for the merger of Belgaum in Maharashtra.

He warned the linguistic agitators that a time might come when the present division of the country into various States would be abolished and a strong Central Government would directly administer the country.

The Chief Minister announced that the State Government had sanctioned a sum of Rs. 80 lakhs for the Belgaum water supply scheme, the execution of which would begin within a week.

NECESSITY FOR ALL-INDIA BAR COUNCIL STRESSED

STATE LAWYERS' MEET INAUGURATED

Mysore, 10

Inaugurating the two-day State Lawyers' Conference at Crawford Hall here this morning,Justice Sri Nittoor Srinivasa Rao observed that an All-India Bar Council was a necessary complement to a federal judicial structure and only its establishment could achieve the total integration of the Bar of this country.

Sri Srinivasa Rao regretted that legislative implementation should not have been given to the recommendations of the All-India Bar Council Committee presided over by the present Chief Justice of India, though several years had elapsed since its report was published.

Adverting to the exchange of ideas between the lawyers of the various parts of the country, the speaker said that more than any other profession it was necessary that members of this profession should cultivate live contacts with fellow practitioners everywhere and keep their minds open to new ideas.

Stating that it was a matter of gratification to note that the Conference was the first of its kind where members of the profession from all over the new State of Mysore had assembled, he assured the delegates on behalf of himself and his colleagues in the High Court that the views of the Conference on all matters would have the most sympathetic and careful consideration.

Sri V. A. Mujumdar, prominent Advocate of Belgaum, in his Presidential address, said that lawyers represented the best talents of the land on account of their mental discipline, logical thinking, ability and experience. In spite of this, he said, it was a sad thing to find that they were the most maligned and were often stamped as " parasites." There was no element of truth in this accusation, he said, and added that it was one of the noblest professions and they, the practitioners, should do their best to practise it in a noble way without tarnishing its fair name.

Referring to the lots of a large number of new entrants in the legal profession, Sri Mujumdar said that unless the new entrant was equipped with versatile intellect and was capable of understanding human nature and easily judgement,hts condition would not improve.

The President wanted all Law Graduates to remember that this was a profession in which the new entrant would have to wait for some years before he could fell his ground and he invited the young juniors' attention to the fact that in foreign countries, hardly one-fourth of the Law Graduates of those called to the Bar, actually took to practice. The rest, he said, joined business, trade, commerce or some other jobs.

Concluding, Sri Mujumdar said that they, as lawyers, should be fearless in the honest expression of their opinions, if it served the interests of the public.

Earlier, Sri H. Subba Rao, Chairman of the Reception Committee, welcomed.

His Highness the Governor, Chief Justice Sri R. Venkataramiah and Madras Chief Justice Sri Rajamannar had sent messages wishing the Conference all success.

Over 800 delegates from all over the State are participating in the Conference.

PAK POLICE HARASS INDIAN OFFICERS

Two senior officers of the Indian Deputy High Commission in Lahore were arrested on Tuesday last and kept in police custody for over seven hours, it is stated. The two officers Messrs Govind H. Seth and M. B. C. Rajan had gone for some shopping with three Indian railway officers under training at the U.N. Railway centre at Lahore.

When the party were at a shop, a police constable asked them to leave their car at a distance. They replied that they would be leaving the shop in a few minutes. More constables arrived at the shop and took the officer into custody and marched them off to the police station after subjecting them to insulting behaviour despite the officers disclosing their identity. At the police station they were put under arrest and handcuffed on a charge of causing nuisance in a public place while in a drunken state. Later, they were taken to the hospital and it was found out that they were not under the influence of liquor.

After a lapse of four hours the other Indian Mission officers traced them and produced their identity documents but the police were quite. They were let off the next morning. India has lodged a strong protest with Pakistan against the action of the police in arresting and harassing the Indian officers. The protest has been handed over to the Foreign Office at Karachi.

NO HIGH INDUSTRIALISATION UNDER THE BANYAN TREE

Dr. C.P. Ramaswamy Aiyer

Mysore, 11

Presiding over the golden jubilee celebrations of the Mysore Bar Association at Crawford Hall here last evening, Dr. C. P. Ramaswami Aiyer observed: "No country, no civilisation has a right to make profit over the propagation of justice". He stressed that the administration of any country should be so conducted that justice was denied to nobody.

Referring to the cry for reversion to Panchayat Raj, he said that in his opinion they, in India, could not have that high industrial and economic development under the banyan tree.

Today, Dr. Ramaswamy Aiyer continued, the writ procedure had grown to such enormous proportions that judges complained that they had no time to dispose off ordinary cases. The writ was an agency to vindicate personal rights. But unfortunately now, writs were often results of hasty, incompetent legislation. He strongly pleaded for the drafting department being placed under the Central Ministry of Justice.

Adverting to the system of juniors, the speaker said that the institution of juniors was indispensable for the lawyer to work efficiently. This was an age of specialisation and there was a race among young men to be trained in new departments of legal activity, and for this specialisation, juniors were most fitted.

Dr. Ramaswamy Aiyer also stressed the importance of creating an All-India Bar Council for maintaining the highest standard of professional integrity and ethics.

Earlier, Sri H. Subba Rao, President of the Association, welcomed and Sri N. Nagarajappa, Secretary, presented a report touching the activities of the Association.

NCC SOCIAL SERVICE CAMP

Mysore, 11

Over four hundred N.C.C. cadets-all students of the Mysore University-are participating in the annual Social Service Camp to be held here in the University campus for 14 days from May 15.

During the period, the cadets will enclose the area in front of the Maharaja's College with wire fencing and level the entire ground, with a view to converting it into a terraced garden. Two tennis courts will also be laid out for the Yuvaraja's College in the sports field of the College.

BASAVA JAYANTI

Mysore, 11

Chief Minister Sri S. Nijalingappa will preside over the concluding function of Sri Basava Jayanti celebrations at Akkana Balaga in Tyagaraja Road at 6 p.m. tomorrow.

A dinner party was held at the Maharaja's College Hostel later in the evening, in connection with the golden jubilee celebrations. Dr. Ramaswamy Aiyer was among the distinguished guests who attended.

Dasara To Be Celebrated As Usual

Bangalore, 11

The Ramanathan Committee constituted by the State Government to suggest the method of celebrating the Dasara festivities in Mysore City vis-a-vis the changed set-up following the abolition of the office of Rajpramukh, is understood to have recommended that the traditional Dasara festivities should be treated a national festival, and celebrated with all traditional pomp and pageantry.

The committee presided over by Sri A. V. Ramanathan, former Minister of the old Mysore State submitted its 11-page report to the Government yesterday.

The committee is reported to have expressed the opinion that the Palace functions, which formed part of the festivities, should not be interfered with and that they should be allowed to be observed as usual.

Another recommendation of the committee is stated to be the continuance of the colourful Dasara procession on Vijayadasami Day and the Exhibition held as an adjunct to the festivities.

The committee is also understood to have suggested that arrangements be made during Dasara to further the cultural activities representing all the facets of Indian art and culture. The need to encourage sports had also been underlined by the committee.

MALNAD CONFERENCE

Bangalore, 11

The third all-India Malnad Conference will be held at Sirsi from May 18 for 3 days. Chief Minister Sri S. Nijalingappa will preside.

SHOP-LIFTER ARRESTED

Mysore, 11

Raju of Bangalore was taken into custody last evening while he was committing the theft of cloth worth about Rs. 40 in the City Co-operative Society, on the pretext of buying the same.

Narasimha, a previous offender, was caught red-handed in Mandi limits yesterday by Javaregowda, a police constable, while he was allegedly selling some household articles worth about Rs. 200 stolen from the house of the City Jail Warden.

1857 CENTENARY CELEBRATED

Mysore, 11

Under the auspices of the City Jan Sangh a public meeting was held at Madhava Rao Circle here yesterday to observe the centenary of the First War of Indian Independence (1857).

Sri Vinayak Shenoi of Mangalore addressed the gathering and Dr. Venkatachar presided.

The meeting adopted resolutions urging the Government to declare May 10 as the Martyrs' Day throughout the country and to name several streets, parks and public buildings in the City after martyrs and revolutionaries, by removing the names of several foreigners associated with them.

Sri H.L.Srikantamurthy proposed a vote of thanks.
